YEAR 88: NO. 55.

As Germany Has Not Agreed to Meet the Reparation Requirements---Lloyd George Reports the Conference a Failure.

London, March 7.—Allied troops will march into Germany to-morrow, in accordance with the decision of the Allies to inflict on Germany the penalties provided for because of the non-fulfilment of her reparations obligations, it was announced officially this evening.

London, March 7 .- Application of penalties upon Germany for the non-fulfillment of her reparations requirements was decided upon by the Allies here this afternoon.

Lloyd George informed Germans that not only were the proposals made by Foreign Minister Simons this morning unacceptable to the Allies but that despite the interval since last week's conference the Germans had not made such an advance in their propositions as would justify the postponement of imposition of penalties. The penalties in question were announced to the Germans last Thursday. They are the occupation of the cities of Duisberg, Dusseldorf and Ruhrort, in the German industrial area beyond the Rhine by troops of the Allies; the imposition by each Allied country of such tax upon German imports as it is deemed fitting; the establishment of a customs boundary under Allied control along the Rhine.

The British premier said he must announce on behalf of the Allies a failure to come to even an approximate understanding with the Germans. "Until we get proposals from Germany which mean a permanent settlement, there can be no peace," he declared,

Dublin, March 7 .- Brig.-Genera R. Cumming, D.S.O., was killed in an ambush in West Cork Saturday afternoon. He was in control of the Kerry Brigade. Returning, heavily escorted, from Killarney to his headquarters at Buttevant, Cummung had just crossed the border from Kerry into Cork when the attack developed. The touring car in which he travelled with his aide was preceded by three tenders filled with troops of the East Lancashire Regiment and an armored car protected the rear.

The driver of the leading tender was immediately hit and the tender ran into a ditch whither the armored

WORLDWIDE DROP

London Leads Way to New Levels-Mining is Unprofitable.

New York, March 7 .-- Quotations for foreign silver in the local market fell to 52% cents an ounce, the lowest price in almost six years. The decline here was precipitated by another drop in the price of the metal abroad.

London, which controls the world's silver market, reported a further reaction of 1/2 pense to 30 % pense, the minimum figure quoted there since August, 1916.

Depression extended to remote foreign centres, including China Shanghai, showing a loss of 4 1/2 cents since the first of the week. Sliver mining in the entire western hemisphere is said to be at lowest

ebb in its recent history, because of the drop in prices. In the far east the depreciation is partly attributed to the financial embarrassment of the Shanghai bank whose affairs are now said to be in

Freight Wreck on G.T.R. At Reports Say Revolutionists Collins' Bay At Midnight Saturday.

A Grand Trunk railway east bound freight train was wrecked at Collins' Bay at midnight Saturday. Twentytwo cars ran off the track between the two crossings, and toppled over into the water at the lake shore, and some of them were partly submerged. No person was injured. Many of the cars were built of steel, and some contained grain, but most of them were loaded with soft coal. All day Sunday wrecking crews were busily engaged in clearing the east-bound

track, which was blocked. The point where the wreck occurred is on the embankment just east beria. of the bridge and close to the bell crossing. Had it happened on the bridge, the results would have been

It is definitely stated by officials that the cause of the wreck was a broken wheel on one of the cars. The damage is estimated at between \$50, 000 and \$100,000.
