**Theatrical**

At Griffin's,  
 "Virtuous Sinners," which was presented at Griffin's last evening, is a story that appealed to each and every one of the large audience which witnessed the initial showing in Kingston. The absorbing story told in this film drama is one of universal appeal, for it carries one from the homes of the very rich to the hovels of the poor. It pictures in detail the peculiar romance of a girl rescued from the streets and a man, respected by his society friends, who stole from the very homes where he was an invited guest. There are many thrilling situations seen throughout the picture and it is a story that will linger long in the minds of those who saw it.  
 The theatre will be closed for the first half of the week, as there is going to be a most wonderful transformation of this popular playhouse. Already a very noticeable change can be seen in the lobby and many pleasing remarks have been heard regarding the appearance of the lobby. The decorators, electricians and a large staff will be engaged during the first three days of the week, in order to have the theatre ready for the grand re-opening on Thursday, March 24th. A new feature will be the installing of a new orchestra, which will equal, if not surpass, any already playing in Kingston. There will be a few reserved seats set aside and those wishing for these, can telephone 942 and secure a good seat for the grand re-opening. Watch the papers for the new big policy programme—Advt.

At The Allen,  
 "Hold Your Horses," the feature attraction at Kingston's leading photoplay house, will be shown for the last time to-day. Tom Moore is the star and that is sufficient assurance of a jewel of a picture. As "Cavanaugh," the amazing Irishman, Tom Moore renders the finest performance of his screen career. He started as a street cleaner, he ended as the political boss of New York and the husband of the haughtiest beauty in society. He used to be as meek as a near-beer, and the most hen-pecked man in the ninth ward—but he ended up as the toughest scrapper that ever cleaned up a bar-room or pulled a cop's nose. Laughter, fast and furious, is the keynote of this delicious comedy. A Bray photograph, "Outing Chester Scenic," The Tooner-ville Trolley, A Fontaine Fox Comedy, and episode one of "The Son of Tarzan," a thrilling super-serial, complete the film bill. The overture, "Emerald Isle," will be rendered by the "Incomparable Allen Concert Orchestra," under the direction of Kingston's most highly talented violinist and director, Mr. Sid Hoffman. This excellent programme was enjoyed by the large audience, which crowded the auditorium almost to capacity last evening.  
 On Monday, Tuesday and Wednesday, Louis B. Mayer's big super-special production, "The Woman in His House," will be the feature attraction.—A wife to be loved, or just a woman in her husband's house? Mother-love finds wonderful expression in this superb drama, because no more sweeping or powerful exemplification of the divine force of mother-love has ever been screened. Witness how a materialistic physician who scales the guarded heights of fame, is powerless to save his own child and the extraordinary means he takes to hide the news from the mother and how, when she discovers the truth, her faith and mother-love

**GROWING DEAF WITH HEAD NOISES? TRY THIS**  
 If you are growing hard of hearing and fear Catarrhal Deafness or if you have roaring, rumbling, hissing noises in your ears go to your drugist and get 1 ounce of Farmint (double strength), and add to it 1/2 pint of hot water and a little granulated sugar. Take 1 tablespoonful four times a day.  
 This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy and the mucous stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Anyone who is threatened with Catarrhal Deafness or who has head noises should give this prescription a trial.—advt.

make her offspring whole again. A masterpiece that hits near home, "The Woman in His House," is more convincing and moving than "The Miracle Man." It ranks with the few great pictures of the film world.  
 "A Homespun Hero," a special Christie comedy, and a beautiful Bruce Seaton completes the film bill for the first half of the week. The overture specially selected will be "Light Cavalry," rendered by the Allen Premier Orchestra.—Advt.

**AT THE STRAND.**  
 "Best of Love" On Monday, Tuesday and Wednesday.  
 "The Best of Luck," a picture-ization of the celebrated Drury Lane melodrama by Cecil Raleigh and Henry Hamilton, presented by an all-star cast, is announced as the next photoplay feature at the Strand theatre for a run of three days beginning Monday. "The Best of Luck" was converted to the silver sheet by Screen Classics, Inc., and is released by Metro. Upon its stage presentation at the Theatre Royal, Drury Lane, London, in 1917, the play was described by British critics as containing more realistic effects and more thrills than any melodrama that had ever been produced before in that theatre, which is historic as the home of vivid action plays. An outline of the plot of "The Best of Luck" gives an idea of the highly exciting nature of the story. The action revolves about a chest of jewels, once the property of a Spanish queen, which lies at the bottom of the sea in a wrecked galleon. Leslie Macleod, a beautiful and daring Scotch girl, is pitted against General Lanzana, a rich and unscrupulous Spaniard, who seeks to possess not only the lost treasure but Leslie herself. Lanzana lures Leslie to his apartments and attempts to overcome her; but she escapes with a chart of the ocean bed where the "Spanish wreck," the "Santa Ginevra," lies five fathoms deep. With her sweetheart, Lord Glenary, Leslie goes in quest of the treasure aboard a submarine. They find Lanzana in a diver's suit ahead of them and a thrilling conflict in the deep leads to a surprising climax. In the all-star cast are Kathryn Adams as Leslie; Jack Holt as Lord Glenary; Fred Malatesta as Lanzana; Lillie Leslie as Lady Westmore, the adventuresome, and other distinguished supporting players as follows: Frances Raymond, Emmett King, Robert Dunbar, Jack Underhill and Effie Conley.

"The Best of Luck" was adapted from its original stage form by A. S. LeVino. Ray C. Smallwood directed the production and Harold Weststrom is responsible for the clever and unusual camera effects obtained. The picture was personally supervised by Maxwell Karger, director-general. The management of the Strand theatre describes the forthcoming feature attraction as one of the best booked in months and as a "thriller" that will make even the most biased picture-goer gasp with excitement and delighted surprise.  
 The special added attraction will be that funny Mack Sennett comedy, "My Goodness," and the usual short subjects complete the picture part of the programme.  
 The musical programme will include Phyllis Devlin in a special arranged novelty and the famous Strand orchestra under the direction of Mignon Teilmann will render an appropriate concert. There will be no advance in prices for this tremendous attraction.—Advt.

**IN "SWEET LAVENDER."**  
 At The Strand Thursday, Friday and Saturday.  
 With Mary Miles Minter as the star, supported by a really exceptional cast, Realart will present a film version of "Sweet Lavender," by Sir Arthur Wing Pinero for three days beginning Thursday. Beyond all doubt the best work of the famous English writer, "Sweet Lavender" scored a greater financial success than any other play of its period. It has played in every country in the civilized world and millions of dollars have been paid in at the box offices because of the sweet and gentle humanity of this play. A really remarkable act has been chosen to introduce the piece. Miss Minter plays Lavender, Theodore Roberts, Phenyl; Harold Goodwin, Clem Hale, and Milton Silla, Horace Weatherburn. Other well-known players are Sylvia Ashton, J. M. Dumont, Starke Hollister, Jane Keckley and Flora Patterson. Realart has spared no pains to make "Sweet Lavender," a worthwhile offering. Direct from "Polyanna" with Mary Pickford, Paul Powell was chosen to stage the piece. His nine years of experience have brought him to high places in the art of the cinema. Benita Marie Dix, author of plays and novels by the score, wrote the scenario.—Advt.

**QUEEN'S WINS; TIE ON ROUND**

**Queen's 7, Varsity 3—Play Off For Championship At Trenton.**

At the covered rink on Friday evening, Queen's Juniors did what many thought was impossible, when they defeated Varsity by a score of 7 to 3, which ties the teams for the junior intercollegiate championship. When the first game was played in Toronto two weeks ago, Queen's were beaten by a score of 5 to 1. It was in the last few minutes of the game that Queen's staged one of the greatest come-backs ever seen on Kingston ice. With only a minute to tie the round, and they bombarded the Varsity net in great style. Then Johnston took a slam at the puck from the right wing, and it passed into the net. There was less than a minute to go when the puck was scratched at centre ice. McDonald, the Queen's centre man, carried it a short distance, then passed it to Nickle who returned it to centre ice and the Queen's centre man made the tally, which tied up the round.

After consulting the secretary of the intercollegiate Hockey Union, the referee, "Jack" Powell, ordered the teams to go on the ice so as to decide the winner. The management of Varsity refused to comply with his request, and Queen's could have gone on the ice, lined up, scored a goal, and the championship was theirs; but the players decided that they would not show such a poor sporting spirit, as the Varsity Juniors had played so square with them this year and a "sudden death" game will be played at Toronto Saturday night.

"Jack" Emery, the crack defence man of the Queen's team, was injured during the second period, and had to be taken to the General Hospital. In a collision with a Varsity player, he was kicked with a skate, which went through his stocking and cut one of the arteries in his leg. It is not feared that the injury will have any serious results.  
 At this period of the game, Varsity showed a very good sporting spirit, when they allowed Queen's to bring another substitute into the game in place of Emery.

The game was very fast considering the ice, the only bad place at the rink being at the south end of the ice surface.  
 In the third period, with the score standing five to three in favour of Queen's, the whole Queen's team with the exception of the goal tender was ordered on the forward line, and this change certainly bewildered Varsity, who were never able to get out of their own territory. Munroe of Varsity deliberately dropped down on the ice in front of his net, thinking that he could stop the Queen's forwards but Jack Powell saw him and sent him to rest for one minute. McDonald scored a goal but it was called back on account of offside.

The scores were made as follows:  
 First Period:  
 Varsity, Munroe, 18 minutes.  
 Second Period:  
 Queen's, Johnston, 4 minutes.  
 Queen's, McDonald, 3.30 minutes.  
 Queen's, Nickle, 7.30 minutes.  
 Varsity, Plaxton, 3.00 minutes.  
 Third Period:  
 Queen's, Johnston, 3.00 minutes.  
 Varsity, Walters, 8.00 minutes.  
 Queen's, Nickle, 4.00 minutes.  
 Queen's, Johnston, 4.00 minutes.  
 Queen's, McDonald, 15 seconds.  
 The teams were as follows:  
 Queen's: Quin, goal; Varsity: James, defence; Munroe, defence; Reynolds, defence; McDonald, centre; Smith, wing; Nickle, wing; Fisher, wing; Johnston, wing; Plaxton, Moore, spare; Taylor, Yeoger, spare; Bonnicassels, Whytock, spare.

Referer—Jack Powell.  
 To Play At Trenton.  
 It was announced on Saturday morning that Queen's and Varsity Juniors had decided to play a sudden death game in Trenton this evening to declare the winner of the junior intercollegiate series. Varsity had suggested that the game be played in Hamilton, but Queen's insisted on Trenton as it is half way between both places. The management of the Trenton rink reports that the ice is in first class condition.

**BABY CARRIAGES SHOWED INCREASE**  
 C.P.R. Handled Ten Million Individual Pieces of Baggage During 1920.  
 Montreal, March 19.—Nearly ten million individual pieces of baggage were handled by the C.P.R. during 1920, according to a statement issued by J. O. Apps, general agent, mail, baggage and milk traffic department. Of these 27,940 were baby carriages, compared to 26,540 for the previous year. Bicycles, however, are almost stationary, numbering 13,339 as compared to 13,303 for 1919. The dogs that travelled in the baggage cars numbered 21,530 as compared with 20,627 for the previous year. Total revenue received was \$1,056,387.61, and indicative of the care with which these ten million articles were handled is the fact that total payments in connection with claims for ordinary loss, damage, pilferage and delay, amounted to only \$14,075. In addition, the losses due to wrecks and fires amounted to \$17,630. The milk traffic showed a considerable increase, the number of cans forwarded numbering 1,574,058 as compared to 1,417,968, or an increase of about 10 per cent, while the parcels checked at stations increased from 1,049,352 to 1,188,946, an increase of 13 per cent.

**ITALY IS EXPECTING GENERAL ELECTION**

**Premier Giolitti Hopes to Secure Majority by an Early Appeal.**

Rome, March 19.—Continued reports that Giolitti, intends to dissolve the chamber and have a general election are causing great excitement throughout the country. This eventually is absorbing public opinion to such an extent that even the serious incident of the German refusal to accept the Allied reparations terms has passed almost unobserved. The premier continues to affirm that the chamber, composed as it is at present, cannot offer the cabinet a majority nor does it represent the will of the country.  
 The socialists are those who view the coming elections with the greatest concern and uneasiness, as they realize that the whole nation is up in arms against the terms, while the Fascists have organized bands of volunteers in every town. The socialists also fear the enemy of the communists, as well as Giolitti's ability to insure public order in such guise as to enable the bourgeoisie to go to the polling booths, which they were not able to do in the last elections, and thus impose on the socialists a serious reverse. The socialists, therefore, are against general elections and view with terror the approach of March 19th, when the chamber will take the Easter vacation and the government acquire greater liberty of action.  
 The Tribuna, speaking of the present chamber, says:  
 "Never more than in this moment, during the period of the war or in the tragic, grave moments of national life, has the chamber appeared more superfluous and cumbersome. The war has been waged without it, peace has not been had from it, nor counsel, direction, encouragement or programme. It is during the grave crisis that the power of impotence, the utility or uselessness of individuals and political institutions is demonstrated. It is precisely during the great Italian crisis, namely during the war and post-war, that parliament has shown itself not only impotent and useless, but always dangerous and always injurious to the interests of the country."

**PAINTERS IMPRISONED IN BANK FIVE HOURS**  
 Allowed to Go When Convinced Police That They Were Not Burglars.  
 New York, March 19.—Two painters, Joseph Byers, of 162 West Ninety-first street, and Herbert Burnation, of 186 West 101st street, were imprisoned for several hours last night in the Dollar Savings Bank at 147th street and Third and Willis avenues, the Bronx.  
 The men, who are employed by the Keystone Painting Company of 130 West Twenty-third street, were painting in the basement when the bank was closed for the day at 4 o'clock. When they finished their day's work and went to the first floor at 6 o'clock, they found the doors locked and all officers and employees of the bank gone.  
 Going to a darkened door vestibule on the 14th street side of the building, they stood for more than five hours trying to attract attention from the outside. No one paid any attention to them until Patrolman Mulcahey of the Alexander avenue station, happened along.  
 He was attracted by their knocking on the glass door of the bank. The policeman called Barnett Dun, of 1583 Appleton avenue, the Bronx, the bank's special officer, on the telephone, and he left his home and went to the bank. The door was unlocked and the painters were allowed to go after they had convinced the special officer and the policeman that they were not burglars.
