Keep This Bottle at Home

Then when accidents happen, you have the best first aid treatment that can be applied.

"ABSORBINE JR." is more than a liniment; it is a vegetable germicide; absolutely safe to use on bruises, cuts and open wounds, to prevent infection and heal the tissues.

Absorbine Jr.

soothes the pain--takes soreness out of sprains, strains and bruises--reduces inflammation--helps nature to heal its own work.

"ABSORBINE JR." is absolutely safe--no grease or stain--pleasant odor--should be in every home medicine chest.

\$1.25 a bottle--not sold by mail--order postpaid by H. F. VORHEES Inc., Lyons Building, Montreal.

NEW MOTOR BUS SOLVES PARIS TRANSPORTATION PROBLEM.
A new type of motor bus, much larger than the type formerly used, has been placed in operation by a Paris transportation company. A fleet of the machines, supported by six wheels, have been placed in commission. A special permit to use the six-wheel motor cars on the Paris streets had to be obtained from the Prefect of Police. The photograph shows several of the big machines at a depot.

His will. The colony was supposed to till the soil, which it was thought would provide sufficient food for its needs. The irrigation was poor and the colony failed.

The statement signed by Gudmundson and several followers said: "Ye know that as God's truth stands, we are not guilty of sin."

Cutting Off Officials.
*Renfrew council is paring its estimates. The town engineer John Stewart, assisted by time-keeper Felix Liky, are to be made assessors with no increase of salary, thus saving some \$300. In dealing with "salaries" and employees there was a disposition to investigate whether the town is not "overmanned" and where necessary to whittle salaries. The case of Mr. Strunk, bandmaster, was discussed. It appears that in order to secure him as bandmaster and pay a sufficient salary a position as collector was "created" for him, at the instigation of the band committee, at a salary of \$1,500, which includes a small grant to the band. Prior to his appointment, the usual machinery of the town was employed to collect back taxes, and in view of existing conditions and the absolute necessity for economy, councilors took the view that as the office was largely sinecure, his services under present agreement terminate on May 19th.

Don't throw away leaky Pots and Pans

A pot or kettle isn't done when it springs a leak. Right in your own kitchen, with no tools but your own fingers, you can remedy that leak and give a new lease of life to the utensil.

Less than a cent's worth of Vol-Peek is sufficient to make a thorough, lasting repair to any kitchen utensil--granite, enamel, tin, brass, copper, iron or aluminum ware.

The size of the hole makes no difference--Vol-Peek is soft and plastic as putty. Heated for two minutes, it becomes as hard as iron. Here a package always in the house in case of emergencies.

In packets at your dealer's for 25c, or direct from us.

A man usually waits until he has been burned to death in an hotel at Kingston, N.B. before he learns how to save it.

George M. James, B.A., LL.D., Belleville high school, has been elected president of the commercial section of the Ontario educational association.

After being in ill health for some time, Miss Grace Henrietta Sarah Cordes passed away in Belleville on Thursday, in her thirty-seventh year. It is all right for a girl to believe that the face should be left exposed. The trouble is that she imagines her face runs all the way down to the wishbone.

201 KING STREET EAST

THE MAN ON WATCH
When you see that glad triumphant look on a Princess street man's face, can you tell whether he has a new boy at his house or if he has had a nice little drink? Bet you can't.

With so many leading clergymen opposed to this latest prohibition stunt, would it not be well to ask parliament to reconsider the putting of the referendum on the 18th?

Writers will all agree with Professor Morison of Queen's University in his statement that the disse of the Bible is an educational disaster. All writers draw inspiration from Holy Writ, which supplies them with their loftiest phrases.

If a motor driven fire engine is cheaper and more efficient than a horse-drawn apparatus, what else is there to do but buy one?

The fire underwriters association holds no more terrors for Councilman Christy Graham, than old Nick does for a good Salvationist.

University venue people who stored potatoes at \$1.75 a bag and eggs at 50 cents a dozen are not in very good humor just now when they view their large high-priced surplus.

Chalmers church is becoming quite famous. Twins were born in two of its families within a week. Wolfe Island, it is announced, is to have a library. Apparently the island folk have taken to reading through the warm county hockey league controversies.

BREAK-UP OF WINTER IN NORTHERN ONTARIO
Power Plants and Gold Mines Soon Operating at Normal Rate.

Cobalt, April 1.--Along the southern slope of the height of land water is rising quite rapidly in the lakes and rivers. With occasional warm breezes from the south, and with intermittent showers of rain, the snow is gradually sagging and melting. The power plants in the Cobalt district will soon, it is expected, be up to normal rate of operation.

On the northern slope of the height of land, spring is not so far advanced, but here, too, the breakup is pending. Within the next two weeks it is believed the rivers will have swollen to such an extent as to completely relieve the situation on the northern slope, and thus permit the gold mines of the Porcupine field to operate at full blast.

DEFENDS WIFE-TRADING
Mormon Declares Dream Revealed God's Will.

Salt City, Utah, April 2. -- Moses S. Gudmundson, formerly a presiding elder in the Church of Jesus Christ of Latter Day Saints, and who with his followers was excommunicated for the alleged practice of "wife sacrifice," which provided for the men taking the wives of others, issued a statement to-day defending his actions.

Gudmundson, in the statement, said he and his followers founded a colony in Western Utah, as a result of dreams which he claimed formed God's way of telling man of

CHAMBERLAIN'S
Old Age and Happiness
Old age should mean experience, knowledge and wisdom. Not poor digestion, sluggish liver and a general feeling of ill-health, despondency and misery. One of Chamberlain's Tablets taken immediately after supper will improve the digestion, tone up the liver and regulate the bowels. That feeling of despondency will give way to one of hope and good cheer. Try Chamberlain's Tablets. You'll like them!

TABLETS 25¢

First, Doctors-- Then a Skin Specialist
Then a bottle of D.D.D.

We shall publish every week for the benefit of skin sufferers in this section, a few words written by Canadian people--some of them of prominence--all heartiest stories of relief from terrible sufferings.
