Henry had been missing since the night of Dec. 23rd last, when he and Lorne McMillan, of Millie Roches, left the latter place to row across the Little River to Barilant's Island. THE Y. M. C. A. CANVASS

To Be Continued For Another Week Or Ten Days. A meeting of all the canvassers in connection with the Y.M.C.A. subscription campaign was held around the supper table in the Association rooms, Monday night and reports on the progress of the campaign were called for by R. H. Ward, chairman of the finance committee. These reports were of a very encouraging nature, and betokened a good reception on the part of the public. The fact that the campaign is not nearer to its objective is due to the fact that a comparatively small number of canvassers are at work, and have made any report on the names allotted to them. It was decided to carry on another week or ten days if necessary, in order to enable the canvassers to cover their assignment and to give an opportunity to all the citizens to send their contribution to this worthwhile organization. It is believed that when the campaign is over, the Kingston Y.M.C.A. will have a larger circle of friends and supporters than at any other time in its existence. A pleasing feature of the campaign is that a number have given subscriptions on behalf of worthy boys.

Miss Christine Irwin also played a piano number and Miss Ruth Reid gave a fine recitation, "The Voices of the Women," living pictures telling graphically the story of the lives of women in Syria, China, Palestine, Greece, Japan, Korea, the Equinox of the far north, and the veiled women of the far east, were capably put on.
