

Our aim is to give you the best prices we can on the finest merchandise we can procure for you always, but we tell you frankly, that right now, we're exceeding our most ambitious aims from a value-giving angle at this Gigantic Opening Sale.

WHEN YOU GET LOWER PRICES, GET QUALITY, TOO OR DON'T YOU PLAY

When you're over anxious to get one you are inclined to overlook the others. DON'T. A low price on trash ceases to be a low price and whatever you pay for absolute nothing is too much when you can get good clothes at good prices. Why not avail yourself of them? Everybody's on the rampage for lower prices and in the thrill of the hunt are apt to be swayed by price tags rather than sound goodness you're entitled to quality now just as much as you ever were. Your problem isn't HOW LITTLE CAN I SQUEEZE BY ON, but how much can I GET FOR WHAT I HAVE TO SQUEEZE BY ON. How much can you get—that's your thought and ours. How much can we give you? and we can show you better than we can tell you, in other words, you'll OPEN YOUR EYES WHEN YOU SEE. You'll always get Quality at a reliable store—that's why folks say it's a RELIABLE STORE. A SINCERE MERCHANT COULDN'T SELL YOU RUBBISH, because he hasn't any. A store that considers its reputation an asset rather than a liability, builds its products up to a standard rather than down to a price and we recognize the quality dead-line here. The Clothes we give you are the best. We bought them right on the new low level and can naturally give you better value than any other store in KINGSTON. The values in Lion Clothes right now are COMMON GOSSIP about town, and on top of that you might do well to remember this: that High Prices or Low Prices, you'll never get anything at ARTHUR'S that isn't certified.

LOYAL TRUE BLUE AND ORANGE ORPHANAGE.

Above is shown a view of the Orphanage building which will be erected by the Orange Order just north of the village of Richmond Hill, Ont., on a site 387 feet by 2,700 feet. The four-storey building combines a home, school, and hospital. Its splendid equipment will include boys' and girls' gymnasiums and a swimming tank.

NINE SURVIVING HUNGER STRIKERS ARE REMOVED

To Cork Military Barracks in View of Attempt to Rescue Them.

Cork, April 7.—Nine survivors of hunger strike, conducted for time in Cork jail by Sinn Fein prisoners last autumn, but which was abandoned when the prisoners realized its futility, have been removed from jail to the detention barracks connected with military headquarters. This step was taken by the authorities because of the sensational attempt about two weeks ago to rescue some of the men. At the time of the attempted jail delivery, all the prisoners were in the jail hospital, where they had been undergoing treatment since declaring off their hunger strike. They were immediately taken to their cells and confined as ordinary prisoners.

Not Given Credit Due For Mesopotamian Policy

London, April 7.—Apprehension that the position of Great Britain relative to the oil fields in Mesopotamia is not understood in the United States is expressed by the Daily Telegraph, which says that, as the result of the present situation, the British Government has not received due credit for the policy it has pursued. This newspaper asks the people of the United States if they are "convinced they would have observed similar self-denial in like circumstances."

THE REFINERY TAXES CUT BY COMING LAW

Corbyville Plant Would Be Assessed at 60 Instead of 150 Per Cent.

Belleville, April 7.—The refinery of the Canadian Industrial Alcohol Co., Corbyville, will be very favorably affected by the proposed amendment to the Assessment Act. If the legislature approves of the committee's action yesterday, distillers manufacturing alcohol for industrial purposes are to be assessed in future as manufacturers, which means a business assessment of sixty per cent. Instead of the 150 per cent. imposed on distillers and brewers producing alcoholic beverages. The bill will be re-drafted so that only the premises actually used for producing alcohol

for industrial use will get the benefit of the lower assessment.

Norway's Ship Claims May Go to The Hague

Washington, April 7.—Suggestion that Norway's claims against the United States for ships requisitioned during the war be adjusted by arbitration before the permanent court at The Hague was made by Secretary Hughes, in a note to Minister Bryn of Norway, here. As president of a special Norwegian commission is on its way here for the purpose of reaching a settlement of the claims.

Chairman Benson, of the shipping board, explained that an allowance of \$14,157,000 was made by the board for a number of contracts for ships under construction in this country for Norwegians, which were taken over by this government during the war and completed. Norway, however, it was said, expressed dissatisfaction with the amount.

MILKMAID'S AMBITION.

Added Water to Outdo Measure of Cowman.

London, April 7.—When a farmer was summoned at Croydon for consigning to Croydon milk containing in one case 56 per cent and in another 25 per cent of added water, the town clerk informed the court that these percentages were so ridiculous that intentional fraud could hardly be conceived. Inquiry had showed that a girl of 13, employed at the farm from which the milk came, was morally guilty. To gratify her ambition to be recognized as a better milker than the cowman, she had
