### STEAMSHIP LINES

#### ANNUAL REPORT

##### Shows Earnings of About Nine Per Cent. on Common Stock.

Montreal, April 9.—Preliminary figures of the annual statement of the Canada Steamship Lines, Limited, for the past year show that the company's net was lower, but that earnings equal to nearly 9 per cent. on the common stock were shown. The earnings reached a figure slightly above \$4,028,000, which compared with \$4,580,272 in 1919, a decrease of \$552,000, and with \$4,333,079 in 1918, a falling off of approximately \$310,000. After deducting fixed charges, etc., net profit amounted to in excess of \$1,900,000, compared with \$2,336,679 in 1919 and \$2,333,740 at the end of the preceding 12 months.

#### Mural Painting in City Hall.

A mural painting in relief, occupying the panel of the wall over the entrance to the city memorial hall, now in progress of decoration, was completed on Friday by P. C. Brown, decorating artist, Toronto. Mr. Brown was the designer of the interior scheme of decoration now being carried out. This painting is called "Peace" and consists of three figures. The centre one is a standing female figure representing "Peace" with a dove over her head. On the right is another female figure of a mourner who has just emptied the cup of bitter suffering, while on the left is that of a warrior in the act of sheathing his sword.

Both the tongue and temper at times need more than ordinary attention.

One cannot rave in stock the much of what we term common sense.
