## New Jersey Chosen For the Big Fight

Jack Dempsey and Georges Carpentier will battle for the world's heavyweight pugilistic championship within the state limits of New Jersey, July 2nd.

The exact location of a specially constructed arena will not be announced until later, but selection of the site will be confined to Atlantic City, Newark or Jersey City.

This was officially announced in New York Saturday afternoon by Tex Rickard, who will have sole control of the arrangements and presentation of the match.

Wherever located, the arena, which will seat at least 50,000 spectators, will be within a short distance of New York and accessible by all means of transportation.

Dempsey, as heavyweight champion of the world, and Carpentier, in the role of challenger and European title-holder, will compete for sixty per cent. of the gross gate receipts, which will be divided on a basis of sixty per cent. to Dempsey and forty per cent. to Carpentier.

Under the New Jersey boxing law the boat cannot exceed twelve three-minute rounds, and should both boxers be on their feet at the termination of the match, no official decision can be rendered. A referee, yet to be selected, will be in the ring with the principals, but his sole duty will be to see that the rules governing such glove contests are strictly observed. He will have no authority to indicate the winner, except in case of a foul or a knockout.

The arena, which will cost approximately \$100,000, will be constructed of lumber and will be octagonal. The eight sides will rise to a height of about fifty feet and the completed amphitheatre will seat at least 50,000 spectators. The angle of elevation will be sufficient to bring the head and shoulders of each spectator above those of the person seated in the row in front, providing an unobstructed view of the ring from every section of the arena.

Prices of seats will range from fifty dollars for a ringside chair, to five dollars for a bleacher coupé along the extreme edges of the structure. Intermediate sections will sell from ten to forty dollars per seat, according to location.

These seats will be placed upon sale about May 1st in every city in the eastern, southern and central sections of the continent. Where special train parties are formed at distant points to come to the scene of the contest, it will be possible to purchase transportation, accommodations and seats under one payment, with special rates for large parties.

The amphitheatre will be one of the largest ever built for open air boxing exhibitions. It will be three times the size of the arena constructed for Rickard at Reno, where he staged the Johnston-Jeffries bout on July 4th, 1910, but not quite as large as that built at Toledo for the Dempsey-Willard match.

Both pugilists have been instructed to conform their training plans to the announcement made. Dempsey left Seattle for New York on Sunday night and after attending to some

## Liniments Won't Relieve Pain Between the Eyes

That pain is not rheumatism or neuralgia. Many folks think so—it is due to Catarrh, plain ordinary Catarrh and needs attention right now. Catarrh is the name of a wonderful invention that is daily fixing up chronic cases of weak throat, bronchitis and catarrh. Every breath through the Inhaler is laden with soothing, healing substances that destroy all diseased conditions in the breathing organs. It can't fail to help, because it goes where the trouble really exists, and doesn't attempt to cure an illness in the head or throat by means of medicine taken into the stomach. There is no sufferer from a grippy cold or any winter ill that won't find benefit in Catarrh, which is employed by physicians, ministers, lawyers and public men throughout many foreign lands. Large size lasts two months, and costs \$1.00. Small size 50c. Sample size 25c.; all storekeepers or the Catarrh Co., Montreal.

personal business, will settle down to serious conditioning for the most important bout of his long career. Carpentier will sail early next month and will devote at least six weeks to hard training.

## ENGLAND DEFEATED BY SCOTCH ELEVEN

### Hundred Thousand Turn Out at Glasgow For International—Soccer Scores.

Scotland won the international soccer match from England Saturday by three goals to nothing. The game was played at Hampden, near Glasgow, in splendid weather and before a crowd numbering 100,000.

Wilson scores the first goal for Scotland when play had been in progress for twenty minutes. He netted the ball with a fast drive. The English forwards lost a number of good chances in the first half, while weakness was displayed in the visitors' goal.

Morton scored the second goal for Scotland, soon after restarting, with an easy shot. Cunningham headed the third tally into the net.

The Scottish forward played magnificently, while Ewart was brilliant in goal. England's defeat was due to the forwards, principally the centres, good openings being lost through weak finishing.

Marshall was Scotland's best back, and McMullen their best half. Bliss and Kelly were the stars on the English forward line.

### The Boston Braves.

Prospects of the Boston Braves in the 1921 pennant drive are far from bright enough to revive hopes of another 1914, but the Hub fans are unwilling to accept the flat assignment of last or next to last being made by the experts.

Without a first-class southpaw and with a weak infield, the Braves, however, can hardly aspire to a position better than fifth.

George L. Combs has been appointed secretary-treasurer of the Almonte board of education in succession to James McLeod, who resigned.

## BRITISH GOLF RULES

### BAR USE OF EVAN'S PUTTER

The trip to England with the American golf team will cause Charles "Chick" Evans to discard the putter which he has used with such great success in the amateur tournament at Roslyn in which he won the American title, it was learned to-day. His putter is termed, for lack of a generally accepted term, a "crutch," the head being fastened to the shaft by two prongs, which bring the shaft in line with the centre of the face of the club. This type and the Schenectady putter are barred under golf rules of the Royal and Ancient Club of St. Andrew's, governing British courses. "Chick" plans to have a new putter built as nearly as possible like the old one, but conforming to British rules.

### Three Black Sox Forming Team

Three ousted members of the Chicago Cubs, who were released because of indictments in connection with the 1919 White Sox-Cincinnati world series scandal, are organizing a team of their own, with the object of playing clubs not in the major leagues, with George K. Miller, an investment broker, associated with other brokers in backing the scheme, it is learned. The three players are Joe Jackson, former outfielder; Charles Risberg, shortstop, and Claude Williams, pitcher. It is stated that two other former members of the White Sox, Fred McMullin, third baseman, and Oscar Felsch, outfielder, will also be included in the line-up. The remainder of the line-up will be former big league men, it is said.

## BRINGING UP FATHER

BY GEORGE McMANUS

1. I'll put this plank across the court to another apartment. Then I'll crawl over and ask him if hell let me out through his flat.

2. I hope he is a congenial neighbor. As I must get out tonight—now to get me hat an' coat.

3. THIS CERTAINLY IS A BIT OF LUCK.

4. SAY, FRIEND—WILL YOU LET ME OUT BY YOUR FRONT DOOR? I WANT TO SNEAK OUT TONIGHT.
