S. S. A. A. Baseball Meeting.
It is almost certain that a baseball league will be run in connection with the S. S. A. A. At a recent meeting the matter was considered, and it was decided to call a meeting in the very near future when the matter would be definitely decided. Since the first meeting, the boys representing the different Sunday schools have had a number of practices. It is expected that most of the schools in the baseball league will enter baseball teams. The members of the executive are anxious that some of the other schools of the city enter teams.
