

# Kingston and Vicinity

**Returned to New York.**  
Dr. James Dwyer, eye and ear specialist, who came here over two weeks ago for the burial of his sister, returned to New York on Monday.

**Died in Winnipeg.**  
The death took place in Winnipeg, on March 30th, of Clara Brown, aged seventy-two years. The deceased was a daughter of the late Mr. and Mrs. John Brown, Newburgh.

**Has Returned Home.**  
Howard Leaden, 14 Dufferin street, has returned from Detroit, Mich., where he visited his uncle, William Leaden, Woodward avenue, and his aunt, Mrs. Clifford Ralph, Roxborough street west, Toronto.

**Mothers Read This.**  
Spring is here and now is the time to clothe your boys with a new suit. See our range at \$8.50, \$10 and \$12.50, all new goods and latest styles. Prevost Clothing House, Brock street.

**Temperance Rally.**  
The prohibitionists will call their friends to know that they are having a workers' meeting to-night in the Y. M. C. A., to be addressed by A. B. Cunningham, after which they will hold ward conferences.

**Married at Belleville.**  
Gilbert Stewart Yorke, Tamworth, and Miss Miss Mary Lavonia Schoolcraft, of Point Anne, were quietly wedded on Wednesday at St. Thomas' rectory, Belleville, by Archdeacon Beamish. They will reside at Tamworth, where Mr. Yorke is a well-known farmer.

**Visiting His Family.**  
J. J. Graham, late provost marshal for Kingston during the war, now special agent for the Canadian National Railway investigation department, Port Arthur, arrived in the city on Saturday on a brief visit to his family. He returns west on Tuesday.

**No Need For Women's Party.**  
Mrs. Adam Shortt, addressing the Business Women's Club, Toronto, says that there is no place for a women's party. There are many men, she declares, whose ideals are as high as the ideals of any woman, and she believes that men and women should work together for the solution of national problems.

**Asks Franchise Continued.**  
The Sun Life Assurance Co., which controls the public utilities of Cornwall, is offering to spend \$100,000 in improving the street railway tracks on Pitt street and in renewing its electric light plant, etc., provided

**Indian Psychology.**  
Indian psychology is to take its place in sport. Just what Indian psychology amounts to is a definite sense is more or less a mystery to everyone but an Indian. But, whatever it is, it is going to be introduced into football.

William H. Dietz, who several years ago made quite a reputation as a football player and strategist at Carlisle, is now coaching Purdue University, and he has declared that "I am going to use Indian psychology in coaching the team this year, giving attention to the individual rather than the mass. If this plan fails, of course, I will be compelled to change my tactics. But I do not think it will fail."

**Hardening of Arteries**  
A serious condition which is relieved when you arouse the liver, kidneys and bowels to action by using Dr. Chase's Kidney-Liver Pills. One pill a dose. 25c. box, all dealers.

**Dr. Chase's K & L Pills**  
Mrs. Hannah Jane Sedore, Tweed, passed away April 7th, aged eighty-four years, after a few days' illness, death resulting from brain hemorrhage and paralysis.

**YOUR OWN EIGHT HOURS**  
By CHARLES GRANT MILLER.  
(Copyright, 1921. All Rights Reserved by United Feature Syndicate.)

You work faithfully in the hours sold to an employer. What do you do in the hours belonging to you? Eight hours a day or more are sold to employers. And, be it said to the glory of humanity, not many men shirk or slight their tasks. They do the best they can—for the other man. Every man has approximately eight hours a day in which to work for himself. Of this time how prodigious is the waste? Most careers are made or marred in the hours after supper. Among the burners of oil at the shrine of knowledge you will find about every man whose life has been rich in the joy of achievement. Probably success has been the theme for more discourses, written and spoken, than any other subject, unless it be failure. To judge by the hullabaloo, one would think success and failure fearfully mysterious things. The simple matter of fact is that they are plain and palpable effects of plain and palpable causes. We have seen lists of reasons for failure running all the way from seven to seventy times seven. Most of the lists ignore entirely the one reason that stands out like a mountain above ant-hills. People fail because they are not in earnest about wanting to succeed. A determined spirit overcomes all the difficulties that may confront it. Among a hundred or a thousand young men there are a few who study the game. They decide upon a line of action. They hew to the line. They miss a lot of "good times," but joy is evenly distributed throughout their lives. With minds set upon success, they study for it, plan for it, work for it, fight for it, live for it, and get it. They get it—not sometimes, but nearly always. Earnestness means success; indifference, failure. Earnestness studies the game, and wins. Indifference lags, and loses. The eight hours a day which are a man's own time offer him his best opportunity for good fortune.

The town will renew its electric lighting contract for ten years under the franchise submitted in 1911.

**Remembered by Friends**  
Friends and neighbours gathered at the home of Mr. and Mrs. McCullough, Lonsdale, to spend a social evening before their departure for their new home in Regina, Saskatchewan. An address was given by Mrs. W. Waddingham and Mrs. R. Sampson, and a purse of money presented.

**Death of Miss Helen Ready.**  
The death took place this week of Miss Helen Ready, second eldest daughter of Mr. and Mrs. Joseph Ready, Deseronto. Miss Ready, who had been in charge of Bell Telephone central for some time, contracted a cold which developed into pneumonia. During the week Miss Ready's condition grew worse and despite all that loving care could do for her, she passed away.

**A Gift From His Sons**  
Rev. M. Howard, retired Methodist minister, Wellington, has received the gift of a house from his son, Hon. Justice Howard, Montreal. This gentleman and his brother, Daniel Hersey Howard, also of Montreal, visited his parents, and purchased the property owned and occupied by Mark Pettit, for his father. Mr. Howard is to be congratulated on the receipt of such a gift and on having such splendid sons.

**Died of Complications**  
In the death of Melville S. Whyte at the Smith's Falls hospital, Perth lost a young boy verging into manhood with a very bright future. Melville was taken ill and his appendix was successfully removed in an operation. Complications developed and he passed away. He was a twin son of Mr. and Mrs. Thos. K. Whyte, of Perth, formerly of Baljersson. Aged seventeen years.

**Shipped to Peace River**  
Two motor boats, purchased at Brockville by the Natural Resources branch of the Department of Interior, were shipped to Peace River, Alberta. The larger of the two crafts is the Rambler III, owned by E. A. MacKenzie, having a speed of 23 miles an hour. The other boat is that formerly owned by the late Lt. Col. R. A. Bowie, M. D., C. M. Both will be used in connection with government survey parties in the far north.

**Aged Lady Badly Hurt**  
Mrs. Sandford Reddick, 4th concession of Sidney, who had a collar

**How They Saw Teacher**  
"What is an orphan?" asked the teacher. None of the children seemed to know. "Well, I'm an orphan," said the teacher. Then the hall popped up and the small boy remarked, "An orphan is a woman who would like to be married, but nobody'll have her."

**The Beads of Borneo.**  
Probably the choicest and most valuable beads in the world are those possessed by the natives of Borneo. In many cases they are very old and have been kept for centuries in one family. A rich chief may possess a collection of old beads worth many thousands of dollars.

**Collapsible Drum**  
For travelling musicians a Pennsylvania has invented a full sized bass drum that can be folded and carried in two cases, one an ordinary suit-case, the other about the same size but of different shape.

**Smoke T&B**  
Smoke a pipe and enjoy T & B

**New Method**  
Nujol is a lubricant, not a laxative. Without forcing or irritating, Nujol softens the food waste. The many tiny muscles in the intestines can then remove it regularly. Absolutely harmless—try it.

bone broken and was otherwise injured is still in considerable pain. Mrs. Reddick, nearly seventy years of age, was thrown to the ground from a buggy, her horse having moved out to turn just as she was getting out. She fell heavily and was stunned. She was at the home of her son, Mr. F. Phillips, 4th line of Sidney at the time. There she was given medical attention.

**Dr. Mahood Suffers Broken Arm.**  
Dr. A. E. Mahood, Ottawa, brother of the Mahoods, of Kingston, suffered a broken arm Sunday when the automobile in which he was driving overturned. Dr. Mahood noticed a child run out on to the driveway almost directly in front of his car. Quick to realize the impending collision he swerved the car and avoided striking down the child. In doing so his car turned turtle. Dr. Mahood was taken to the office of Dr. J. G. Scott, where the extent of his injuries was ascertained, and later he was removed to Rideau street hospital. His condition is not serious.

**The Injured Ones.**  
The Toronto Mail and Empire speaking of the disturbances at the "Pussyfoot Johnston meeting in Kingston" says: "The injured ones are those prohibitionists and others who attended the Kingston rally for the purpose of gathering inspiration or information from Mr. Johnston. They had a right to be protected from the organized body of disturbers. The latter, only injured their own cause and probably enhanced the prestige of Mr. Johnston. They are giving him advertising that will prove valuable to the prohibitionist forces."

**A Dairy Resolution.**  
At the annual meeting of the patrons of the Bath cheese factory, after discussion about matters of general interest and especially concerning the payment of milk received at the factory according to its test for butter fat, a resolution was introduced strongly denouncing the practical application here of the Provincial Dairy Act, for the payment of milk at the cheese factory according to its test for butter fat, because of its being impractical to get a true and exact test for butter fat from milk that is taken just once a day to the cheese factory; because of the largely added expense it would entail, of the greatly increased work it would bring to the cheesemaker and the secretary, and because it would not be of any benefit to any one individual among the patrons, and because the cheese industry was now in a condition in which it could not bear any deduction from its profits. This resolution was carried unanimously.

**Almost an Invitation**  
"Well, that's enough to try the patience of Job!" exclaimed the vicar of a little village, as he threw aside the local paper. "Why! What's the matter, dear?" asked his wife. "Last Sunday I preached from the text: 'Be thee, therefore, steadfast,' answered the good man, 'but the printers make it read: 'Be thee there for breakfast.'—Answers.
