

### Figure It Out For Yourself

Honestly now! Could you get for 50c. any other prescription which would give the same all-round service and satisfaction that a box of Zam-Buk does?

Zam-Buk is a combination of powerful, healing, herbal extracts, so refined and compounded that, wherever there is any kind of soreness of the flesh, or diseased tissue or abnormal condition (such as inflammation, festering or blood-poisoning) it almost immediately soothes and heals. It stops bleeding. It is highly antiseptic—kills disease germs. It is suitable alike for the hardened skin of the worker or the tender sensitive skin of a child.

Zam-Buk is 100% pure herbal medicine. It contains no animal fat nor mineral impurity. It cannot go rancid.

"For seven years we have used Zam-Buk in our home" writes L. B. Anderson, of 1407, E. 22nd. St., Minneapolis. "We simply could not get along without it. Whenever any of the children, my wife or I, happen an accident, we promptly apply Zam-Buk. It saves many a doctor's bill."

### ACIDS IN STOMACH CAUSE INDIGESTION

Create Gas, Sourness and Pain How to Treat.

Medical authorities state that nearly nine-tenths of the cases of stomach trouble, indigestion, sourness, burning, gas, bloating, nausea, etc., are due to an excess of hydrochloric acid in the stomach and not as some believe to a lack of digestive juices. The delicate stomach lining is irritated, digestion is delayed and food sours, causing the disagreeable symptoms which every stomach sufferer knows so well.

Artificial digestants are not needed in such cases and may do real harm. Try laying aside all digestive aids and instead get from any druggist a few ounces of Bisurated Magnesia and take a teaspoonful in a quarter glass of water right after eating. This sweetens the stomach, prevents the formation of excess acid and there is no sourness, gas or pain. Bisurated Magnesia (in powder or tablet form—never liquid or milk)—is harmless to the stomach, inexpensive to take and is the most efficient form of magnesia for stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion.

### BLAMES HIGH RENTS FOR SALE OF GIRLS

New Jersey Assemblyman Nelson Makes the Charge of Misconduct by Landlords.

New York, April 15.—Assemblyman Arthur Nelson, of Jersey City, refuses to give details to support his charge that some uneducated mothers virtually have sold their daughters to landlords and real estate men to escape eviction. He received a subpoena to appear before the Grand Jury in Jersey City and tell the story of his investigation into housing conditions, which resulted, he said, in the discovery of the ruin of girls with their mothers' connivance.

"In those cases which I found the parents were mostly of foreign birth," said Assemblyman Nelson. "They lived in the poorer districts of Jersey City. I know that thing was done. It does not show on the receipt for the rent, of course, but I know that after misconduct of landlords and real estate men with girls, reductions were made in the rent."

Those reductions enabled the family to escape eviction, according to Nelson.

"I will go before the Grand Jury and give information enough to justify an investigation. Any honest official who starts to investigate will find conditions as I have said. I found that \$20 and \$35 a month was now being paid for apartments that rented for \$8 a month five years ago. Two and three families are now living in only sufficient room for one family.

"They cannot live decently. Some of the people sleep in bathtubs and in hallways. I will not give the Grand Jury any names. I will not publish the misfortunes of these people."

### CARUSO STUDYING TO RESUME ROLES

Famous Tenor Enters Last Stage of Convalescence From Illness.

New York, April 15.—Caruso had another premiere yesterday. Jubilant at entering the last stages of convalescence from the critical illness that has kept him in his room at the hotel Vanderbilt for the last four months the famous tenor whistled and hummed the airs of some of his favorite roles while his accompanist played them on the piano. This is the nearest Caruso has come to singing since he was stricken with pleurisy last December. He also talked to friends in Havana over the new submarine telephone.

"I feel fine," declared the Metropolitan Opera star, and "You can tell everybody I feel fine. Today I began to study all over again—by singing and my music."

His associates in the Metropolitan Opera were overjoyed that the jubilation of Caruso had taken flight and that he was studying for the resumption of his roles in the opera for the next season. Despite many rumors that Caruso would never be able to sing again, all were convinced that the season of 1921-22 would see him back in his old roles and doubtless some new ones with all the brilliant and lustrous singing that has made the name of Caruso a synonym for the present epoch in the history of opera.

### WILLIAM SMITH MADE A PRIVY COUNCILLOR

Government Bestows Honor on Well-Known Member of Parliament.

Ottawa, April 15.—William Smith M.P., of South Ontario, a veteran member of the House of Commons, has been elevated by the government to the rank of a privy councillor. Hereafter he will be known as the Hon. William Smith, although he is less formally and more affectionately addressed by his many friends in parliament and out of it.

Hon. William Smith has been active in public life for forty years. He was the unsuccessful Conservative candidate for the House of Commons in South Ontario in 1882. He was elevated, however, in 1887 and in 1892. He was defeated in 1898 when Sir Wilfrid Laurier and the Liberal party attained power, and again in 1900. In 1911, when the Conservatives under Sir Robert Borden carried the country, Mr. Smith returned to the House of Commons, of which he has since been a member. He is an experienced member of the representative chamber, but he never sat in opposition. Mr. Smith is well known throughout Canada as a breeder and importer of pure-bred horses and cattle and has done much to improve the standard of Canadian live stock. The honor conferred upon him by the government is regarded by those who know him as a well-merited testimonial to his worth.

### Should Make Up His Mind.

The newly arrived visitor from the "sticks" stood at the curbstone watching the traffic cop and semaphore in some bewilderment. "Say, mister," he asked a passerby, "can't that officer make up his mind? First he says 'stop' and then he says 'go' on that there contraption of his'n. Can't he decide once and for all?"

As a rule worthless people have the best dispositions.

#### Mill-to-man Tailoring

The question as to how the Scotland Woolen Mills Company can sell "Better Clothes" at a "Possible Price" of \$30 is answered simply by the words "Mill to Man"—it's the cutting out of the middleman's profit—it's getting the first choice of the finest woolsens weaved at the Mills—it's selling thousands of suits where other concerns are selling hundreds.

It would be possible to sell at a lower price, but it would mean that Scotland Woolen Mills Company would have to use inferior materials and inferior linings and trimmings. This they won't do because REPUTATION has built up their business and they are determined to maintain that reputation.

#### INTRODUCING OLD FRIENDS

The Scotland Woolen Mills Company, Limited, are really too well-known in Kingston to need an introduction. I am glad, however, to see them back with us, and after a visit to their immense tailoring shops in Toronto, examining their materials and the tailoring of their garments, I have accepted their Agency feeling assured that in doing so I am doing the men of Kingston a good turn.

I simply ask you to come in and see me, look over the fabrics that I am showing and the Model Suits that are on exhibition and convince yourselves that "SWM Better Clothes" at a "Possible Price" are the best made-to-measure garments being offered to-day by anyone, anywhere.
