DAINTY FROCKS FOR SUNNY DAYS

Organdie, Chiffon and Lace Return in Summer Dresses.

Fascinating are the summer frocks which are fashioned from the sheerest of materials. Organdie is shown in all the delicate shades desired and in plain or shadow effects. Fine laces are combined with the sheerest of chiffons and charming color schemes are accentuated by contrasting materials.

Pictured at the left is an unusually pretty frock of filet over a foundation of bright red chiffon.

The bodice is fashioned in simple manner, the square cut neckline being defined by a band of filet. The sleeves extend a little below the elbows and show the wide cuff, which is particularly liked for the summer dress. The girdele is of brown and red tulle.

The black milan hat is faced with cream georgette. The ribbon trimming repeats the brilliant red of the girdele.

Organdie in a delightfully pale shade of yellow is chosen for the development of the frock at the right. The overskirt is designed with a scalloped yoke which is outlined by pleated ribbon. Chartreuse is the color favored and it is used with good effect for the large rosettes which decorate the skirt.

The bodice is similarly trimmed while a cluster of colorful fruits bedeck the front of the sash.

The green lace hat is gayly adorned with flowers and fruits, showing infinite variety of color.

Good Night Stories

By Blanche Sizer

Peggy Meets Daddy and Mama Mole.

"Oh, dear!" exclaimed Peggy as she spied a ridge running under her favorite flower bed. "Another horrid old mole hill. If I had hold of that terrible creature I'd soon tell him what I thought of him," and she began poking the ridge with a stick.

A tiny voice at her elbow startled her, and turning around Peggy spied the very object of her wish standing beside her.

"Good morning, Peggy, I see you are destroying my hallway. What's the reason?" asked the funny, furry, little creature.

"My goodness!" exclaimed Peggy. "Are you Daddy Mole?"

The funny little fellow in the lovely, slick, grayish-brown coat bowed politely before Peggy.

"Daddy Mole is correct," he laughed. "What can I do for you?"

"Stop burrowing in my flower bed," cried Peggy. Then, seeing the hurt look on Daddy Mole's face, she felt sorry she had spoken so sharply.

A Cordial Invitation To Disease

This is an apt description of Constipation. It's an unnatural condition to begin with—but it's dangerous because it leads to indigestion, fills the system with poisons, brings on anaemia. You don't need a purgative, you don't want to weaken the system by a harsh gripping medicine—what you need is mild, natural stimulant to the bowels. You get just what you need in Dr. Hamilton's Pills, which tone up the liver, restore the bowels to perfect action and positively end constipation. You'll feel tip top after regulating your system with Dr. Hamilton's Pills. Good for young and old—a real family medicine. 25c. all dealers, or The Catarhosene Co., Montreal.

LINDSAY'S

121 Princess Street, Kingston

Don't Lose Heart.

A very stout lady called at the tailor's to be measured for a suit one day.

The tailor duly proceeded to take the measurements, and on arriving at the waist measurement he asked the lady to hold one end of the tape at a certain point on her waist line.

Taking a deep breath, as of a man

setting out on a big journey, he took the other end of the tape in his hands and remarked:

"I'll be back in a minute." And he disappeared behind the lady's back.

Embarrassing for Him. Mr. De Seine (on being introduced to Adored One's mother): "Pardon me, madam, but have we not met

before? Your face seems strangely familiar."

Adored One's Mother: "Yes, I am the woman who stood up before you for two whole miles in a street car the other day while you sat reading a paper."

The ability to cause people to respect you is worth having.
