

PLEASED WITH OUR HARDWOOD FLOORING

The following letter was received by us from a satisfied customer:—

"Gentlemen:—In these days, when it is so easy and human to find fault if things one buys are not just right, it gives me great pleasure to tell you that my family is delighted with the beech hardwood flooring secured from you a few weeks ago. It cost us \$28 to cover a room about 15' x 9' 9", and had some to spare. It would be very hard to get any other covering of near the value for the same money. You may give my name to any enquirers, to whom we will be pleased to show the floor, which we laid ourselves."

WOLFE ISLAND TIDINGS

Rev. Mr. Workman Departs Ferry Steamer Goes on Dry Dock.

Wolfe Island, April 18.—The sleep storm has completely tied up telephone communication. It is feared that the buds and bloom, which were rapidly coming forth, will be injured. Farmers state that there is no cause for anxiety over the grain that was sown during the past week, as it has not sprouted. Work on the land was rushed, due to the fine weather.

Rev. Mr. Workman preached his farewell sermon last Sunday. His departure is to be regretted. During his ministry here of the past five years, he made a host of friends for himself among all classes, whose best wishes will follow himself and Mrs. Workman to their new field of labor.

Some of the cheese factories opened to-day. Joseph and Tommy Greenwood, Jr., paid a short visit to Kitchener last week. Miss Susie Ryan is visiting her sister, Mrs. Monahan, Deferret, N.Y.

Another amateur troupe put on Uncle Tom's Cabin, in the township hall last week. A special session of the township council was held on Saturday, the purpose being the opening of tenders for the crushing of stone for roads. As there were no tenders offered, the council then engaged George McDonald to crush and deliver where needed, at 14 a ton.

The steamer Wolfe Islander will enter the dry dock to-morrow for examination.

Dr. and Mrs. Suriel have returned home, after a visit trip in Cornwall and Montreal. Misses Florence and Evelyn Finn, Enterprise, are holidaying with their sisters on the island. Mr. and Mrs. F. Fawcett have returned home after their honeymoon. Cornelius Pyke's many friends are pleased to learn that he is recovering from his recent illness. James Moran has returned home after three weeks' illness in the Hotel Dieu hospital. His condition is much improved. Miss Lucy Kearney attended the graduation of her sister, Miss Irene, in the Hotel Dieu hospital last week.

Thomas Gettis has returned to Brooklyn, N.Y., where he will reside for the future. While here he disposed of his cottage, situated on the turnpike road, to Richard Dawson, who will reside there during the summer months with his family.

News of Colebrook.

Colebrook, April 15.—The Ladies' Aid held their regular meeting on Friday night at Mrs. George Riddle's. Mrs. C. N. Garrison, Mrs. T. A. Keyes and Mrs. A. Kitchener are on the sick list. The telephone men are digging the holes for the poles between Kinkley's Corner and Yarker. It is to be hoped they will not destroy the beautiful trees, along the village streets. Rumor says that we are to have a change in the ownership of the grist and sawmills. Hicks Ball had the misfortune to lose a valuable cow on Sunday last. W. Dawson, Tamworth, is assisting Fred Garrison overhauling his truck. Ray Gowdy is adding a new kitchen to his residence. He R. Purcell is around the village after his illness. Mrs. E. Eckhardt has returned from visiting friends at Switzerville. Mrs. Ira Salisbury is in Kingston with Mrs. A. Alombach, whose little girl is ill in the General Hospital.

At Stella, Amherst, Island Stella, April 18.—Farmers are seeding and report the land to be in good condition. The Stella cheese factory is in operation with quite a good supply of milk. The steamer Brockville is making weekly trips between Emerald, Bath, Stella, and Kingston.

J. E. McFarn, carpenter and contractor, is rebuilding the house which he purchased in the village from W. Hamilton. Mrs. Hugh Glenn, who recently underwent an operation in the Kingston General Hospital for appendicitis, has been enabled to return home. H. S. Patterson lost a valuable Holstein cow last week. He had just purchased her two weeks before for a good figure at the Belleville District Holstein Breeders' sale. S. Fleming, assessor, has been making his rounds. W. E. Exley, county license inspector, paid a visit here recently.

Thieves Sent To Penitentiary. Sudbury, April 19.—After pleading guilty to the five indictments charging him with theft, David Presse, twenty-five years of age, was sentenced to five years in penitentiary by Judge Kehoe. Louis Proulx pleaded guilty to three of four charges against him as the accomplice of Presse, and was sentenced to three years. The two men terrorized residents of Balfour township for the greater part of March by a reckless campaign of robberies, stealing provisions, chickens and miscellaneous articles from three farmhouses.

Fined For Theft. Peterboro, Ont., April 19.—William Defoe, of Tweed, removed a case of liquor from a Dominion Express Company's wagon. In the police court the accused pleaded guilty and was fined forty dollars and costs, with the option of one month in jail. While the driver was delivering goods in a nearby store, Defoe walked out and helped himself to a case of whiskey which he cached in the building he was employed in.

A HURDLING AUTOMOBILE.

A new invention by M. Gauthier, a well-known French automobile engineer, makes it possible for any light car to leap through the air over obstructions. The device in the rear of the machine does the trick. The photo shows a test car, equipped with the Gauthier device, making a high leap in Paris recently. The device is controlled from the chauffeur's seat.
