What is a "Station-to-Station" Long Distance Call?

When you ask the Long Distance operator to get a certain telephone number in a distant city and, when connected, you speak to anyone at that number, you have made what is described as a Station-to-Station call.

That is, on a Station-to-Station call you do not specify a particular person to be reached, but give only the number of the telephone or the name or address under which that telephone is listed.

A Station-to-Station call costs less than a call for a particular person because less operating labor and less circuit time are required than if a particular person has to be located and brought to the telephone.

The evening rate on Station-to-Station calls made between 8.30 and 12.00 midnight is approximately one-half the day rate. Between 12.00 midnight and 4.30 a.m. the rate on Station-to-Station calls is approximately one-fourth the day rate.

If there is anything about our rates and practices you do not understand, please call our Manager and he will be glad

Every Bell Telephone is a Long Distance Station.

This is Battery Inspection Week

your time go farther. Use

"Long Distance."

Free examination and unbiased advice at Prest-O-Lite Service Stations

RIVE around to the Prest-U-Line - ice Station this week and let experts give your battery the

once-over. Get ready for the motoring season just ahead. No matter what make your battery is, the service station's job is to examine it and advise you intelligently and honestly. Maybe it doesn't need so much as a drink of distilled water.

Anyhow, it won't cost you a nickel to find out. And now's the time to do that. Some little five-minute adjustment NOW may save you the price of a new battery

You are careful to see that your car has gas, oil and water. Don't overlook that equally important element -battery-juice. Every Prest-O-Lite Service Station is a life-extension dispensary for batteries.

When you do need a new battery, you'll be glad to know that Prest-O-Lite is back to pre-war prices and that an allowance will be made on your old battery. Get 'that examination now.
