## PENNANT TWINKLES IN MCGRAW'S EYE

### Giants Think Jennings Will Show Them Way to the Championship.

Status of Hughes Jennings—new-comer to the Giants' staff of professional—settled, apparently. Jennings will earn his salt by manufacturing Giant PEP. The McGraw regime is not to end this year.

In fact, McGraw is slated to use a heavier hand in stirring the pennant pudding than he did in 1920. The grizzled leader of the Gothamites wants to win another pennant before he begins hiring men to run his Giants.

McGraw—always a hard worker in his own training camps—is showing more enthusiasm than ever. Jennings' job for the present, at least, is to coach, sing out his colorful E-Yahs, pick grass and lavishly spill the Jennings brand of pep.

McGraw is in uniform every day. He sits in the dugout and continues his little Napoleon strategy of winning ball games. When Jennings gets the hang of things in the National League then his chance may come.

It is just as much of a step—even more so perhaps—for a manager to change leagues as it is for players. Styles of doing things in Johnson's circuits differ from those practiced in Heydler's.

Also Jennings must learn his new players—their weaknesses and strong points—as well as those of the men on the other seven clubs. Neither McGraw nor Jennings will discuss their present relations.

McGraw does say that the running of the team after the season starts will be the same as it is now. So that's the dope on these two at this stage.

McGraw and Jennings enjoy each other a lot. Both like their little jokes. Occasionally they play third and short during the warm-ups.

Peterboro to Form Rowing Club. A meeting will be held early in the week for the purpose of forming a rowing club in Peterboro. The promoters' plans are vague as yet, but they include the organization of several fours and possibly a number of pairs.

It is hoped by the backers of the movement that Peterboro colors may be seen in some of the big sculling events soon.

Why He Was Sad. Apropos of the discussion going on in the press these days as to the use of dogs in hunting a good story is told respecting a well known sportsman who went up north ahead of his party last fall to enjoy a few days' shooting "on his own." On the third day he returned.

"Haven't you brought no deer or partridge back with you?" asked his wife. "No," he replied. "Why?" she pursued. "Are there none up there?" "Plenty."

"Well, then, what have you come back for so soon?" "Well, to tell you the truth, Martha," he replied, sadly, "I've run out of dogs!"

## Every Woman in Poor Health

Has an awful struggle. Lots to do, all kinds of worry, poor appetite, headache, weakness. Her one desire is for more strength and better health. What sickly worn out women need is a cleansing, blood purifying remedy like Dr. Hamilton's Pills. This wonderful medicine clears out the wastes from the system, regulates the bowels, helps the blood. To look your best, to feel fit and fine all day, to be free from lassitude and headache, use Dr. Hamilton's Pills regularly. 25c. at all dealers or The Catarrhose Co., Montreal.

## TO SAIL ON MAY 4.

### Carpenter Will Leave for United States to Fight Dempsey.

George Carpenter, who is to box Jack Dempsey for the world's heavyweight title July 2nd, will sail for New York May 4th. This information was received by Promoter Tex Rickard in a cablegram from Carpenter's manager, Descamps.

Descamps stated that Carpenter and his party of trainers, sparring partners and others interested in the French pugilist's coming battle would sail on the Savole and that he already was in good physical condition. Six weeks of training will be all that is necessary to send him into the ring in perfect shape for the most important contest of his ring career, according to his manager.

## A LEAGUE PROPOSED FOR BRITISH RUGBY

The British Rugby Union of Toronto is negotiating with the Montreal Union for arrangements for an inter-city game, to be played in Toronto this spring, the match to be played by teams selected from the different teams to represent the cities. Much interest is being taken in the project by rugby men, and it is hoped that the match will be arranged, as it will give an impetus to the sport in this district. It is understood that Hamilton is also interested in rugby, and Ottawa is forming a union.

The sport is now recognized by the authorities of the University of Toronto, and a team representing the University of Toronto will compete in the league next fall. Last fall the Varsity boys showed great promise and next season should take some beating.

In Montreal a six-team circuit has been formed, McGill University entering three teams, one recruited from Western Canada players, another representing the Maritime Provinces, and the third composed entirely of Old Country players. It is hoped that next fall the first inter-collegiate English Rugby games between McGill and University of Toronto will be played.

## PUT YACHT RACING ON STANDARDIZED BASIS

The Inter-Lake Yachting Association at its annual spring meeting in Cleveland, Ohio, acted to standardize the rig of boats in races. It was voted to adopt rules of the Yacht Racing Union in governing the use of Marconi rigging applied to Class R in star, cruiser and catboat class boats. This means that bows will be universally rigged and piece competitors on equal footing.

It was also decided to put yacht racing on a standardized basis, so boats can compete in inter-city races on an equal footing. Star boats will race this season under the rules of the Long Island Star Class Association.

## Golf Healthful

The medical profession is a unit in prescribing the game of golf as one of the most health giving exercises that a mortal can indulge in. That the disciples of Aesculapius believe in taking the "medicine" they so freely prescribe for their patients is amply demonstrated by a perusal of the annual reports of golf clubs which have been coming in by the score the past few weeks from every city and town in the Dominion. There is hardly a club that does not boast the name of a doctor, sometimes several, on its board of directors. The medicos, in increasing numbers, are taking up the game enthusiastically from coast to coast. It would not be a bad idea, perhaps, if they formed an association in every province and arranged for an annual tournament. From a numerical standpoint, at any rate, there would not be the slightest difficulty in arranging such events. Doctors literally by the hundreds are now "playing the game" in the Dominion.

## Should Engage Shrub.

Toronto Star: Alf Shrub, the famous English long distance runner, who returned to England last summer to coach Oxford track and field athletes, writes that he wound up his season with Oxford by tying Cambridge in the annual college championship. He is free until October 1 and may return to Canada. Shrub would be a valuable man for the Ontario Boxing Commission to utilize in coaching and organizing public school athletics. He has had the experience and has a personality which would suit the task.

## Twin City Ball Officers

The Twin City Baseball League will be composed of four teams this year, including the Dominion Rubber System, the Moose, the Monarchs, all of Kitchener, and a team to be organized in Waterloo. The following officers have been elected: President, Willard Box; secretary, F. J. McKellar; treasurer, J. M. Millman.

The coming track and field championships of the Intercollegiate Association of Amateur Athletes of America at the Harvard Stadium, will be the 45th annual meet of the association.

Victoria at Vancouver, and Yakima at Tacoma, is the way the four clubs of the new Pacific International League will line up for the season's opening games on May 3rd.

The Anglo-American sport competitions scheduled for the coming summer will include about everything from golf to rifle shooting. John C. Welby, president of the National Trotting Association, is breeding three mares to Dillon Axworthy, 2.10 1/4.

When they are engaged, he promises her that she will wear a diamond on each finger. And when they are married she wears the diamonds in the corner of her eye.

## PLEASED WITH OUR HARDWOOD FLOORING

The following letter was received by us from a satisfied customer: "Gentlemen:—In these days, when it is so easy and human to find fault if things one buys are not just right, it gives me great pleasure to tell you that my family is delighted with the beech hardwood flooring secured from you a few weeks ago. It cost us \$23 to cover a room about 15' x 9' 6", and had some to spare. It would be very hard to get any other covering of near the value for the same money. You may give my name to any enquirers, to whom we will be pleased to show the floor, which we laid ourselves."

## Do Your Ears Buzz? Have You Headaches?

When your ears ring, your head aches, and you seem slightly hard of hearing, beware of Catarrh. Mr. J. A. Hammil writing from Greenmount, P. I., was similarly troubled, and writes: "No one could have worse Catarrh than I had for years. It caused partial deafness, bad taste, upset my stomach, made me sick all over. "Catarrhose" cleared my nostrils, stopped the cough and gave me a clear feeling in my breathing organs. I am now absolutely well, thanks to "Catarrhose." Nothing so certain as a Catarrhose Inhaler to strengthen a weak throat, to rid you of Bronchitis, to drive out Catarrh, coughs and colds. Sold everywhere, 25c., 50c., and one dollar for complete two months' treatment. Dealers: The Catarrhose Co., of Montreal.
