

If You Doubt Our Word, Read This--

A truly unsolicited testimonial for the MASSEY'S well known qualities of endurance.

MR. H. E. J. GROOM, 13 Upper York Street, of Kingston, who purchased a Massey, model 356, from us on March 31st 1920:

Since that date Mr. Groom has used this Bicycle all the time—riding all last summer all last winter, and to date has not had one single fault with his Massey. He has travelled over 1,800 miles—1,080 miles since July 17th last. This is a record any person will envy, but the Massey owners are sure of their mount. This record can be duplicated any time on any Massey. They are guaranteed!

Let us fit you up with a new Massey. We'll take in your present Bicycle as part payment and give you easy terms on the balance.

Come in and let's talk it over with you.

The Best Bicycle for your money is the MASSEY.

FRANCE EAGER TO STAGE OLYMPIC GAMES IN 1924

Premier Briand says it is his earnest desire that Paris secure the Olympic games in 1924, and promised the moral and financial support of the government to that end. The announcement was made to the French Olympic Games Committee, the members of which were introduced to the Premier by Deputy Henry Nate, as honorary president of the committee in the absence of Gaston Vidai, under-secretary of state for sports.

Premier Briand offered government support to the building of the stadium necessary in case the games are held in Paris, plans for which will be submitted to the International Olympic committee at its coming conference at Lucerne, Switzerland, on June 2nd. The final and official allotment of the 1924 international meet will be made at that meeting.

TRIBUTE TO CARPENTIER.

"Bat" Masterton Points to European Champion as Example. W. B. "Bat" Masterton, writing in the New York Morning Telegraph, says:

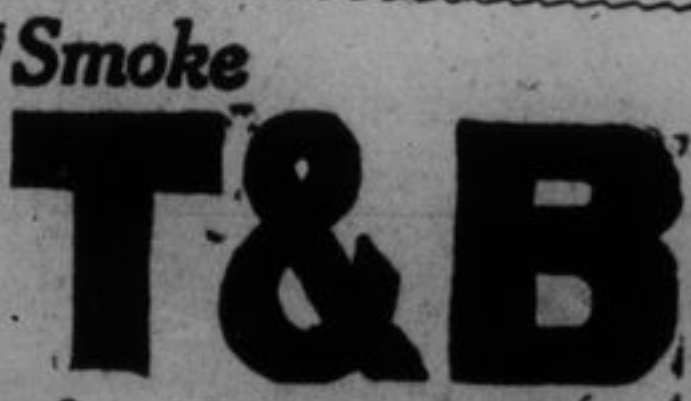

Old "Campaigner," who contributes a column or two to the Winning Post, one of London's leading sporting publications, pays Georges Carpentier a glowing tribute in one of his recent articles in the Winning Post. Old "Campaigner" avows that he'll have a much as a "Poney" (\$25) on the European champion if he ever fights Dempsey for the world's heavyweight championship. In his appreciation to the French champion old "Campaigner" says: "I have thought fit to write about Carpentier because during the past few days I have seen much of him. I am not sufficient of a rubbish merchant to ask you to believe that he is near to being invincible; were I disposed I could trot out the names of many of our fellows of another day who would probably have beaten him in quick sticks, but I have never happened across a pugilist during the all too many years I have been associated with the game, who lives by fighting, with a personality so rare.

"At Aintree, last Friday, I could not help remarking, as I saw Carpentier in Lord Derby's box, how mighty different these days, be from those which have gone. If anybody had come along, and said that a pugilist would be invited to be of such a party as that, which included the king and queen, you would have recommended to him a course of brain scraping. "Yet, Carpentier, professional fighting man though he be, was not out of place at the National and such is his personality and great good sense, that it came to be accepted as a matter of course that he would be asked to spar at Knowsley, before their majesties, and all the distinguished guests of Lord Derby. "There is no denying it, that possible world's champion, or just a good average scrapper—I personally think he is ever so much more—Carpentier has done more for boxing than any other man in history. He has never missed a single opportunity to prove that a pugilist is a human

Is Your Nose Plugged? Have You Catarrh?

If Subject To Colds, Here is Real Good Advice

Don't load your stomach with cough syrups. Send healing medication through the nostrils—send it into the passages that are subject to colds and Catarrh. Easy to do this with Catarrhoxone, which helps a cold in ten minutes. Even to the lungs goes the healing vapor of Catarrhoxone—all through the bronchial tubes, nostrils, and air passages—everywhere a trace of disease remains will Catarrhoxone follow. You'll not have colds, nor will you suffer from sniffles, bronchitis, or throat trouble if Catarrhoxone is used. Get it to-day, but beware of dangerous substitutes meant to deceive you for genuine Catarrhoxone. Large size, two months' treatment, Costs \$1.00; small size 50c. sample size, 25c. All dealers or the Catarrhoxone Co., Montreal.

being. When one comes to remember his early youth (he was at work before he was in his teens pleased to earn five francs a month), it is really wonderful how he has acquired the polish, the tact and the learning he has.

"Be his boxing and fighting ability what it might I shall always say of the Frenchman that he is a living example of what even a pugilist can be—a man in the best and highest sense. As did the king at Knowsley, I wish him luck in all that he does and attempts to do."

JAVATO HAS BEEN MATED.

King's Plate Winner Bred to Marathon.

The mare, Javato, owned by John Whyte, the Montreal horseman, winner of the King's Plate at Blue Bonnets, has been bred to the stallion, Marathon. The mating should be productive of a likely eligible for the King's Plate. Javato will now be put in training and will be raced during this summer.

There are several two-year-olds by Marathon now racing under the colors of J. K. L. Ross and each one has shown creditable time in trials. Javato was one of the best Quebec-bred horses to win the plate.

Training on Wine.

The New York Morning Telegraph says:

The jazzy inspiration that comes of intimacy with good, red wine has worn off since the French track team, representing France in the Pennsylvania Relay Carnival on April 29th and 30th, arrived Saturday. Unless the French runners can obtain wine with their meals in training they stand an excellent chance of running the wrong way or sobbing up to the finish lines, winded and weary, far in the rear of their American competitors, according to Rene De Leliva, manager of the team.

Therefore Leliva is going to Washington to see if Ambassador Jusserand can't obtain permission for the runners to buy just enough of the grape to top off their training. "This water!" he exclaimed, with disgust. "My men do not drink water with their meals. They drink wine—it is milk to them. We do not want spirits or even strong wine. Thin water wine will do, but wine."

Trent Valley in Lacrosse.

The Trent Valley is jumping right into the lacrosse game. Marmora, Tweed, Madoc, Campbellford, Hastings, Peterboro and Havelock all will be represented. Havelock, under the stimulus of W. H. Rose, are the boosters, and expect great things this season.

Baseball Briefs.

Pitcher Peterson has been sold to Norfolk by the Toronto Leafs. The owners of the Hamilton team will not raise any objection.

Mark Purtell, shortstop with the Toronto Leafs in Mooney Gibson's regime, will play with Vancouver again this season. His brother manages the Millionaires.

Riggs Stephenson, star second baseman with Cleveland, is leading the regulars at bat with 14 hits out of 24 times up, and his fielding has been sensational. Stephenson got his chance when Lunte was injured, and if he continues his all-around good work he will probably secure a regular place.

Stuffy McInnis, of the Boston Red Sox, and President Frazee have yet to agree finally to the tentative terms that brought McInnis into play after several weeks as a holdout, and the first baseman had announced that unless the club owner gives him the agreement in writing he will return to his home.

Tom Griffith, outfielder of the Brooklyn Dodgers, is probably the most versatile person in the major leagues. He is one of the best outfielders in the business, and a hard hitter. He is also a song writer and a singer. To this list of accomplishments he had added one more role, that of an inventor. He has invented a portable knockdown baby carriage.

Hamilton Herald—The Canadian teams of the Michigan-Ontario League—Branford, Kitchener, London and Hamilton—do not meet during the first month of the league season. For that reason, the directors of the Hamilton club are trying to arrange a series of home and home games with each club so that the fans in the different towns can get an idea of the strength of each team.

SUNDAY BASEBALL BILL FOR CONNECTICUT STATE

The State Senate of Connecticut passed a Sunday observance bill which previously had passed the house and which permits baseball and football games and classical concerts on Sunday afternoon under local option. It now goes to Governor Lake and becomes effective when signed by the executive.

The senate rejected an amendment which would have required a license to play golf, row a boat, ride a horse, paddle a canoe or drive an automobile on Sunday.

Another amendment rejected by the senate provided that games mentioned in the bill should not be played if they "interfered with public worship or the comfort, peace or quiet of any persons."

The bill was adopted on a voice vote with apparently only a few against it.

Winnipeg in Baseball League.

According to an announcement made by Andy Lawson, Boston, president and promoter of the Continental Baseball League, Winnipeg, Man., is to be added to the circuit. Other cities which have been announced by Lawson as in the league include Chicago, Philadelphia, New York, Boston, Buffalo, Cleveland and Providence. No explanation was offered by Lawson as to how transportation difficulties are likely to be met. A schedule is to be drawn up, he said, at a meeting to be held in New York, April 29th.

Says Carpenter Will Win.

William A. Brady, former boxing manager, theatrical producer and erstwhile partner of Tex Rickard, says:

Carpenter will win in three or four rounds. Dempsey was slow against Bill Brennan and isn't the fighter he used to be. Carpenter is the greatest boxer since Jim Corbett, a powerful hitter and the quickest thinker in the ring today. Dempsey has never defeated a first-class man and he'll find Carpenter the best.
