TO BE DYSPETIC IS TO BE MISERABLE.

The poor dyspeptic suffers untold
agony after every meal, and any one
who has dyspepsia knows what joy it
would give to eat three square meals a
day and not be punished for it after.
Nearly everything that enters the
weak stomach acts as an irritant, and
even the little that is eaten
causes such torture, and is digested so
imperfectly that it does little good.
Before you can eat heartily, and
not pick and choose your food, you
must put your stomach into such a
condition that it will manufacture its
own digestive ferment.
For over forty years Burdock
Blood Bitters has been toning up and
restoring weak stomachs to a normal
healthy condition, so that the food
no longer causes distress, but is thor-
oughly digested and assimilated, and
enables one to partake of all the
wholesome food required without
fear of any unpleasant after effects.
Mrs. Alice Beckwith, Fesserton,
Ont., writes:—"I have been a great
sufferer from indigestion and dyspepsia
for several years. I could not eat
anything without almost dying
from the pain in the pit of my stom-
ach. Seeing Burdock Blood Bitters
highly recommended I tried a bottle,
and can gladly say it relieved me.
I can eat anything now, and am in
perfect health."

Despite the strengthening of re-
strictions against fresh immigration
into this country, and the continua-
tion of the ruling that all new set-
tlers must show \$250 in cash and
their railway fare to their destina-
tion before being admitted into the
Dominion, there are new settlers con-
tinuing to arrive in large and increas-
ing numbers.
During the months of January,
February and March no less than
2,187 new colonists entered St. John
via the Canadian Pacific vessels
alone, being 1,450 in January, 2,045
in February and 5,692 in March.
These numbers would have been con-
siderably larger, so the shipping
men aver, if the \$250 requirement
had been dropped to the former \$50
rate, as it was recently thought
would be done. In fact, steamship
officials state that many hundreds
of intending immigrants cancelled their
bookings upon learning that the
high rate was to be maintained.

9,178 SETTLERS VIA C.P. FLEET

English Settlers Brought \$175,000 Here to Buy Land

In detail, the Canadian Pacific re-
cords for the three months are as
follows:
During January, five of the com-
pany's steamers arrived at St. John,
N.B., with a total passenger list of
3,856, of which 1,450 were new col-
onists for Canada and 1,807 for the
United States.
In February, six steamers arrived
with a total of 5,622 passengers, of
which 2,045 were new colonists for
Canada and 1,430 for the United
States.
Nine steamers arrived in March,
bringing 9,861 passengers; 5,962 be-
ing new colonists for this country
and 809 for the United States.
As to the type of colonists on
these incoming vessels, the case of
the "Minnesota"—the last to arrive
in March—might be cited as fairly
representative.
She brought sixty-five farmers
together with their wives, ninety
children and \$175,000 to invest in
Canadian lands. These new settlers
were personally conducted to their
western destination by A. M. E. Hill
of the C.P.E. Colonization and De-
velopment Department. Most of
these were for the district around
Lloydminster, a flourishing town on
the Alberta-Saskatchewan boundary.
There were also 40 domestics bound
for Regina and forty for Toronto.
From which it will be seen that
this country is procuring a goodly
share of the sort of new-comer it
most requires.
