

Stop That Tickling IN THE THROAT

By Using Dr. Wood's Norway Pine Syrup.

That tickling in the throat sensation is most distressing and causes a nasty, irritating, dry-cough-what-not only keeps you in misery all day long but also prevents you enjoying a good night's rest.

Dr. Wood's Norway Pine Syrup, which is composed of the most soothing and healing expectorant herbs and barks combined with the lung-healing virtues of the world-famous Norway pine tree, will give almost instant relief in all cases of this nature.

Mr. E. A. Price, Port Carling, Ont., writes: "For about a month last fall, I had a bad cold and cough and a tickling in my throat. I coughed nearly all the time. I tried different remedies and cough syrups, but could get no relief. A friend advised me to use Dr. Wood's Norway Pine Syrup, and before I had used two bottles, my cough was all gone, and gone for good. I have not coughed since."

Dr. Wood's Norway Pine Syrup is put up in a yellow wrapper; three pine trees the trade mark; price 35c and 60c, a bottle at all dealers; manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

WE GUARANTEE	A Price You Can Tackle Is Worth Two You Can't Touch	IF YOU ARE NOT
OUR PRICES		SATISFIED
ARE LESS THAN ELSEWHERE		NEITHER IS ARTHUR

That's the theme of our thought, and we set our scenes accordingly. Suits that were \$50.00 last year are \$35.00. No where else are offerings like these on imported Worsteds direct from England. A Rolls-Royce at

\$50.00 isn't any good to you if you can't raise the \$50.00. A suit of clothes just a little bit higher than you can pay might as well be a mile—it's over your head a lot if it's over your head at all. The biggest advantage we have is in the fact that we bought our clothes direct on a declining market and are passing these great savings on to you. If we didn't somebody else would make our prices, and if that were the case you wouldn't be getting the prices you are getting now. There's no way station this time between you and our store, as we bought our clothes direct. The first price they're marked is the price they're marketed at, for whatever they are when they're born, the privilege of raising them is all yours.
