Baby's Advice

Don't use medicated soaps unless your skin is sick—

and don't make it sick by using strong soaps, pigments, or by neglect.

Use Baby's Own Soap freely with warm water, rinse well and dry carefully, and the most delicate skin will be kept soft and white—will not harden or become coarse. Its constant careful use will make HARD SKINS softer and whiter. Its gentle lingering aroma is a lasting pleasure enhanced by the knowledge that it is due exclusively to flower extracts—No artificial chemical perfumes are used in it.

Easy Washing

You'll hardly believe it—until you try it. Just soak the clothes in the rich, pure, cleansing Rinso suds overnight (or for three hours) and then rinse them thoroughly either in warm or cold water. They will be as clean as though they had been boiled and rubbed.

RINSO—

Not a cake soap, or a chip soap, but new and better—fine granules so rich in soap that they loosen the dirt as the clothes soak.

If you have a washing machine—

Soak the clothes overnight in the usual Rinso way. The cleansing suds loosen every bit of dirt. In the morning operate the machine for a few minutes and the clothes are perfectly clean—even the most soiled spots.

Mrs. G. Harold Ettinger, received for the first time since her marriage, on Thursday, at the home of Mrs. J. G. Ettinger, King street west, when crowds of visitors wended their way to this charming house, overlooking the blue waters of the lake, with its gardens full of the blossoms of early spring. Mrs. Harold Ettinger received in the drawing room, where sweet-peas in big bowls scented the air, and ferns and a huge hydrangea were about the room. She wore her pretty wedding gown of whiteorgette over white satin, made with many tiny ruffles of the crepe, and her corsage

bouquet was of ophelia roses. Mrs. J. G. Ettinger and Mrs. Blyth received with the bride, and had a kindly word of welcome for the visitors, who filled the drawing-room and library, and overflowed into the tea room, where pink sweet peas in a silver basket nodded their pretty heads at their own reflection in the mantle mirror, were in silver vases on the buffet, and made lovely the polished table with its cluny lace centre, in the big vase on the silver mounted mirror and in smaller silver vases. Mrs. F. B. Pense, Mrs. H. W. Elliott, Mrs. C. F. Anglin and Mrs. G. Spencer Meivin took charge of the silver tea and coffee equipage in turn and were assisted by Mrs. C. W. Jenkins, Miss Olive and Miss Helen Chown, Miss Ida Smith, Miss Melba Hoag, Miss Vera Searle, Miss Elva Green, Miss Ruth Currie and Miss Katie Tweddell. Is your skin pale and sallow?

—How you can rouse it

If your skin is pale and sallow, it shows clearly the need of a more stimulating treatment than you are giving it. A pale, sallow skin means inactive blood-vessels—pores that do not throw off quickly enough the waste matter that accumulates.

Don't let this condition become chronic. To give your skin the soft, clear color every healthy skin should have, follow once a week this special treatment:

JUST before retiring, fill your basin full of hot water—almost boiling hot. Bend over the top of the basin and cover your head with a heavy bath-towel, so that no steam can escape.

Steam your face for thirty seconds.

Now lather a hot cloth with Woodbury's Facial Soap. With this wash your face thoroughly, rubbing the lather well into the skin with an upward and outward motion.

Then rinse the skin well, first with warm water, then with cold, and finish by rubbing it for thirty seconds with a piece of ice.

THE other six nights of the week cleanse your skin thoroughly in the usual way with Woodbury's Facial Soap and warm water.

Get a cake of Woodbury's today, at any drug store or toilet goods counter, and begin tonight this special-steam treatment. A 25-cent cake of Woodbury's lasts for a month or six weeks. The Andrew Jergens Co., Cincinnati, New York and Perth, Ontario.
