### A DANGEROUS PRACTICE INCIDENTS OF THE DAY

#### Children Playing With Matches Responsible For Two Fires.

Children playing with matches were responsible for a fire on Friday afternoon, the second fire to be caused from this practice, within two days. Luckily, in this last blaze, the loss was very slight.

Children were playing around the barn of SHAS Grimshaw, Division street, and in lighting some matches, they set fire to the top of a buggy, which had been placed next to the barn. The top was destroyed, with some other things left near the barn, but the quick work of the firemen prevented the building from being a prey to the flames.

The call was sent into the fire department about 5.15 o'clock.

In view of the fact that two fires have occurred this week, from children playing with matches, it would be well for parents to give their children a talk on the danger of using matches, and also to put forth every endeavor possible to put the matches out of their reach.

On Thursday night, the firemen were called to a home on Rideau street, where a fire had been caused by children playing with matches. In this case, the children set fire to some bedding, and before the blaze was extinguished, damage estimated at \$75 was done to the contents, and \$50 damage to the building.

### COMPLAINTS ABOUT SPEED OF THE AUTOS

#### But Police Are Doing Their Best to Catch Offenders.

The Whig has received many complaints during the past few days, about automobiles speeding on various streets, and the citizens are wondering whether these reckless drivers will take a gentle reminder and keep within the speed limit. The citizens who are complaining are ready to give credit to the larger proportion of auto drivers who are careful, and do not violate the speed by-laws, but they declare war on the drivers who rush around the streets giving no care whatever to the welfare of pedestrians.

The police department, with its mere handful of men, has been endeavoring to do everything possible to bring the speeders to time, but find it a difficult task to catch all the offenders.

Mrs. McDougall and Mrs. Murray received and Mrs. C. Hebbert and Mrs. Hallam poured tea. The proceeds amounted to about \$60.

#### Sir Henry Drayton, minister of finance, has purchased the house and property formerly owned by W. W. Humphries, situated at 283 Stewart street, Ottawa, at a price said to be in the neighborhood of \$40,000.
