

OWES HER LIFE TO "FRUIT-A-TIVES"

After Years of Suffering with Dyspepsia, this Fruit Medicine Gave Relief

Mlle ANTOINETTE BOUCHER

917 Dorion St., Montreal.
"I am writing to tell you that I owe my life to 'Fruit-a-tives' for this remedy relieved me when I had abandoned all hope of ever recovering my health. I suffered terribly with Dyspepsia. I had it for years and all the medicines I took did not do me any good."

I read something about 'Fruit-a-tives' being good for all Stomach Troubles and Disorders of Digestion so I tried them. After finishing a few boxes, I was entirely relieved of the Dyspepsia and my general health was restored.

I thank the great fruit medicine, 'Fruit-a-tives', for this wonderful relief."

Mlle ANTOINETTE BOUCHER.

50c. a box, 6 for \$2.50, trial size 25c. At all dealers or sent postpaid by Fruit-a-tives Limited, Ottawa, Ont.

A PANIC RESULTED IN THE CILICIA DISTRICT

Over Withdrawal of French Troops From This Turkish Section.

New York, May 14.—Announcement that the French troops would be withdrawn from the Cilicia district of Turkey as a result of negotiations with the Turkish Nationalists caused a panic among the Armenian residents there, says Dr. J. K. Martin, a relief worker at Aintab, in a report sent to the Near East Relief.

Dr. Martin said that most of the Armenians were leaving that city as fast as they could and that the poorer people who could not afford to leave were almost distraught with fear. The Turks have become bolder and more threatening since reports of the contemplated French evacuation were received.

The missionary quoted a reported boast of the Moslems that they would rebuild their shattered mosques and minarets with Christian skulls and says this has not failed to have its effect on the Armenians. Dr. Martin adds:

"An Armenian said to me: 'We would all of us go calmly, joyfully, to some desert place if only permission were given us. We would prefer to die of hunger and starvation many times rather than once again fall into the hands of the inhuman Turks.' 'The Armenians see themselves again going to the slaughter with not a hand in all the world raised in their defence or a voice uttered in protest. The nations of the world sit around, look on and continue to cast lots. Yet we trust that in some way, we do not know how, deliverance will come.'"

ASSUMPTION OF WOMEN'S DRESS

Has Weird Fascination For Some Men.

A Chinaman has for twenty-five years posed successfully as a woman. His real sex was only recently discovered, while he was undergoing a short term of imprisonment.

This man, Liang Yai, has had an amazing career. When only four years old he was sold by his parents to a nunnery in Canton, and was brought up there by an old nun. Until he was thirteen years of age he had a pigtail, and was then ordered by the old nun to dress himself as a maid in the convent.

When Liang was sixteen he fell in love with a nun, named Chan Sulsum. They made their escape to Hong Kong, but his sweetheart deserted him on account of his poverty. At the time of his arrest he was employed as a domestic servant, and no one suspected his real sex. Since his escape from the nunnery he had dressed and posed as a woman.

Such cases are not so rare as might be imagined. There have been a number of men who have been brought up as girls from childhood.

A few days ago a case came to light in Carnarvon. While looking for an army absentee, supposed to be masquerading in female attire, a sergeant noticed a young woman, who was detainee on suspicion. A doctor established the fact that this person was a male, and inquiries proved that the young man had been brought up as a girl by his grandparents.

A man lost his power of speech after being kicked in the face by a mule. But nothing like that ever happened to a woman.

The office hands and chief officials of the Cunard Co., will man the Aquitania.

MUCH ILL HEALTH DUE TO BAD BLOOD

If the Blood is Kept Rich and Red You Will Enjoy Health

More disturbances to health is caused by weak, watery blood than most people have any idea of. When your blood is impoverished, the nerves suffer from lack of nourishment and you may be troubled with insomnia, neuritis, neuralgia or sciatica. Muscles subject to strains are under-nourished and you may have muscular rheumatism or lumbago. If your blood is thin and you begin to show symptoms of any of these disorders try building up the blood with Dr. Williams' Pink Pills. These pills have a special action on the blood and as it becomes enriched your health improves. The value of Dr. Williams' Pink Pills in cases of this kind is proved by the experience of Mr. D. J. McDonald, North River Bridge, N.S., who says: "For some years I suffered severely with headaches, pains in the back and a run-down condition. At times the pain in my back would be so bad that I would sit up in bed all night. From time to time doctors were treating me, but did not give me more than temporary relief. And then one day when I was suffering terribly a neighbor came to see me, and urged me to try Dr. Williams' Pink Pills. After taking two boxes I felt relief. I got five boxes more, and before they were all gone I felt as though they were giving me new life, as in every way they built up and improved my health and strength. I am now working as a barker in a pulp mill, ten hours a day, and feeling none the worse after my day's work. I say with pleasure that this condition is due to Dr. Williams' Pink Pills."

You can get Dr. Williams' Pink Pills from any medicine dealer or by mail at 50 cents a box, or six boxes for \$2.50 from the Dr. Williams' Medicine Co., Brockville, Ont.

GANANOQUE

May 13.—Leslie Andrew has been incapacitated for work for several days past by having the palm of his hand badly lacerated by a belt fastener at the works of the Parmenter and Bulloch Company.

Word has been received here of the marriage in Oshawa last week of John Reginald Adair, son of Mr. and Mrs. Thomas Adair, of that place, and for many years resident of Gananoque. The bride was Miss Jean St. Clair Adams, daughter of Mr. and Mrs. William Adams, Port-rush, Ireland. The ceremony was performed by Rev. C. R. dePencier. The bride was attended by Miss Mildred Adair, sister of the groom, and the groom was attended by William A. McLaughlin, of this town. They will locate at Tanworth.

W. B. Carroll conducted a council of instruction for the local enumerators, Messrs. W. Farren, Stevens, W. A. Wood, William Chevis, Robert C. McCullough, Major S. A. McKenzie, and Mrs. D. H. Stender, who have been chosen to enumerate this town for the June census.

R. E. Lewis, science master of Gananoque high school, has been appointed by the board of education as assistant examiner at the entrance examinations to be held next month.

J. C. Linklater, principal of the Gananoque public schools, has recommended that at the beginning of the fall term the local schools shall be reduced to a twelve-room basis instead of fourteen, as for the past few years. This is considered necessary on account of the opening of a separate school at that time. This will necessitate the discharge of two of the staff. It has also been decided to give up the lease of the old post office which has been used for school purposes for some time past, and was recently purchased by the ladies' auxiliary of the local branch of the G.W.V.A. as headquarters for that organization.

Miss Blythe Battams spent some time in Prescott this week attending the wedding of her cousin, Miss Ethel Littlejohn.

Lyon L. Campbell, of the staff of the G.N.W. Telegraph Company, is spending the week in Montreal and Ottawa.

GIVING OF KNIVES.

Superstition About It Survival From Primitive Man.

The popular superstition that it "breaks friendship" to give or accept a knife without something of value—preferably money—passing in return, is a survival from the primitive man, says Answers.

The savage, having progressed from a club to a knife or spear as a weapon, soon learned the danger of relinquishing it merely for friendship's sake. His friend, having disarmed him, was apt to be his friend no longer.

So, for giving up his knife, even to his friend, he demanded a recompense. And he saw that when a friend presented him with a weapon, that friend presently came to regard him—because of regret for the act, or because of envy at the added superiority the gift bestowed—with suspicion, growing into enmity.

Whereas, if he gave a consideration for his knife, it was a matter of fair trade, and friendship was likely to endure.

All this became so deeply ingrained in the mind of the primitive man, that the idea survives today as a popular superstition.

Popular superstitions belong to folk lore, and, where they have not a religion derivation, are mostly survivals from ancient civilizations, or are inherited from our savage ancestors.

GERMANY DETERMINED TO FULFIL OBLIGATIONS

That is the Statement Made By Dr. Joseph Wirth, Chancellor.

Berlin, May 13.—Determination on the part of Germany to carry out this country's engagements regarding reparations was expressed by Dr. Joseph Wirth, chancellor, speaking at a meeting of the imperial council yesterday. He expressed the hope that the allies would be equitable in reaching their decisions relative to Silesia.

"A parliament majority," he said, "has declared itself in favor of acceptance of the entente ultimatum, and the government will pursue a policy directed to the realization of this affirmation. We sincerely desire to carry out our promises. We want to fulfill the conditions of the ultimatum with all our strength."

MUCH REGRETTED DEATH

Died Quite Suddenly From Attack of Pneumonia.

Athens, May 10.—Particularly sad were the circumstances surrounding the almost tragic death on April 23rd of Wilfrid B. Taber. Upon arriving at Vanderhoof, B.C., where he had gone on a business trip, he was stricken with pneumonia and after three days' illness passed away.

The late W. B. Taber, younger son of the late Robert and Mrs. Taber, of Athens, was forty-five years of age, and had resided at Newdale, Man., for the past 16 years, being engaged in the elevator business. He answered his country's call when war was declared and served overseas for four years in the Canadian Army medical corps. During this time he was severely gassed, but had returned and was at Valenciennes when the armistice was signed. Returning to Canada in June, 1919, in less than two weeks after he had rejoined his family his older daughter, Doreen, developed pneumonia and after five days' illness succumbed to that fatal disease.

His funeral service was held in the Methodist church, Newdale, under the auspices of the Great War Veterans and the L.O.O.F., of each of which he was a member. The beautiful floral tributes silently spoke of the esteem in which the deceased was held by a legion of friends. The remains, accompanied by his wife and her brother, were brought east to the Athens cemetery for burial, where his neighbors of boyhood days gently laid his body to rest.

Left to mourn the loss of a faithful, devoted husband and father, are his wife and two children, Banks and Marjorie, of Newdale; also one brother, W. J. Taber, Athens; and four sisters, Mrs. W. T. Towriss, Athens; Miss C. Taber, Athens; Mrs. (Dr.) Jackson, Chicago, Ill.; and Mrs. J. E. Anglin, Battersea. His service to his country, to his church as Sunday school superintendent and Bible class teacher, and to his God, were marked.

Eginsburg Personal.

Eginsburg, May 12.—The farmers in this vicinity are about finished seeding. Charles Euing has purchased a new tractor. Mr. Arthur and Miss Helen Charlesworth are home from Queen's University. Mrs. E. Jenkins and children, Kingston, visited at J. Bearance's recently. Mrs. George

Bearance, Kingston, spent a few days at Thomas Bearance's, Prof. White, Queen's University, spent part of last week at the parsonage. William Duffy and family are out of quarantine after having had smallpox. Miss Ethel Reid visited friends in Kingston last week. Benford Harpell was the guest of Arnold Smith for the week-end.

Bath Road Auto Collision. Bath Road, May 11.—Farmers have about finished seeding as the weather has been very favorable. Arthur Wartman is hauling lumber, preparatory to building a new barn. A number attended convocation at Queen's University this afternoon. Congratulations to Miss Mildred Redmond, who received her degree in

aria. Mr. Abbott had a narrow escape recently. His auto became stalled while going down Princess street and was struck by a street car. The auto was injured but no one hurt. The farmers' club met on Friday to arrange for getting a car load of coal.

The best thing about a man is the influence of a good woman.

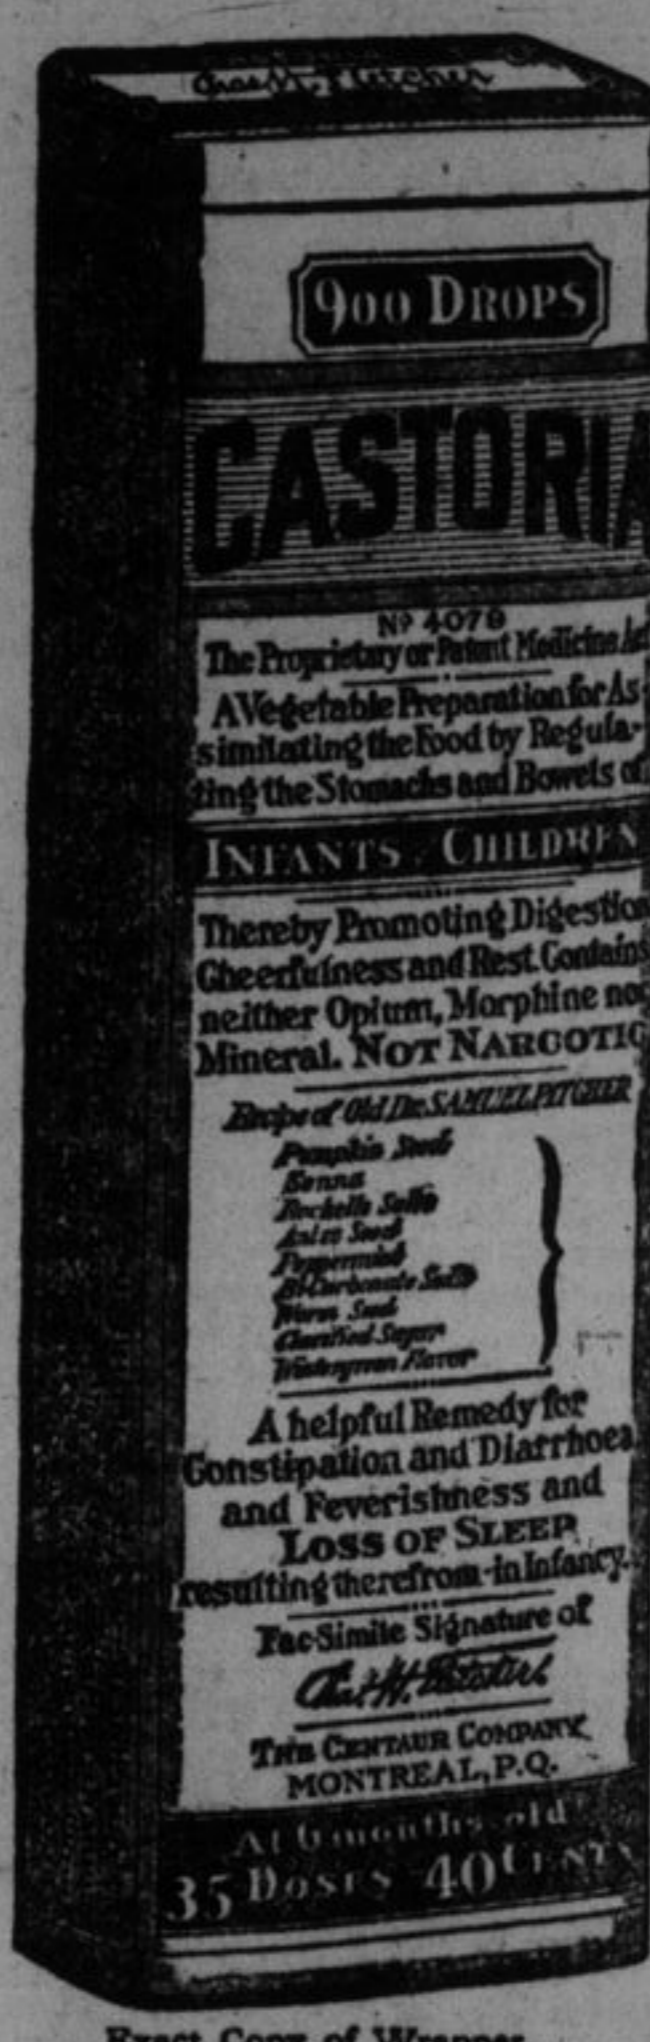

Some More Truths.

WOULD you use a steam shovel to move a pebble? Certainly not. Implements are built according to the work they have to do.

Would you use a 'grown-up's' remedy for your baby's ills? Certainly not. Remedies are prepared according to the work THEY have to do.

All this is preliminary to reminding you that Fletcher's Castoria was sought out, found and is prepared solely as a remedy for Infants and Children. And let this be a warning against Substitutes, Counterfeits and the Just-as-good stuff that may be all right for you in all your strength, but dangerous for the little babe.

All the mother-love that lies within your heart cries out to you: "Be true to Baby. And being true to Baby you will keep in the house remedies specially prepared for babies as you would a baby's food, hairbrush, toothbrush or sponge."

Children Cry For Fletcher's CASTORIA

Your Friend, the Physician.

The history of all medicines carries with it the story of battles against popular beliefs: fights against prejudice: even differences of opinion among scientists and men devoting their lives to research work; laboring always for the betterment of mankind. This information is at the hand of all physicians. He is with you at a moments call be the trouble trifling or great. He is your friend, your household counselor. He is the one to whom you can always look for advice even though it might not be a case of sickness. He is not just a doctor. He is a student to his last and final call. His patients are his family and to lose one is little less than losing one of his own flesh and blood.

Believe him when he tells you—as he will—that Fletcher's Castoria has never harmed the littlest babe, and that it is a good thing to keep in the house. He knows.

Are you too tired to be effective?

ALL day long demands are being made upon every woman's strength, whether it is the wearing routine of household duties—the exacting pressure of business affairs—or a long round of social engagements—modern life is placing a constantly increasing tax on her energy.

Those who have made a study of fatigue say that when a woman is tired all her faculties are affected,—the heart weakens, the nerves become upset, and the danger of breakdown is threatened unless prompt action to prevent it is taken.

MILBURN'S HEART AND NERVE PILLS have proved to be, in hundreds of similar cases, a most reliable remedy for restoring strength and vitality to weakening hearts and relieving all the distressing symptoms brought on by fatigue, excitement or over-exertion.

If you wish to maintain your poise, charm, effectiveness, Milburn's Heart and Nerve Pills will be found to be a very valuable assistant.

Mrs. Fred. B. Hayes, St. Stephen, N.B., writes: "For almost two years I suffered from a weak and nervous condition, and could not sleep at night. I got wonderful results from using your Milburn's Heart and Nerve Pills, as I am now strong, and well again."

Milburn's Heart and Nerve pills are 50c. a box at all dealers, or mailed direct on receipt of price by
