CONSTIPATION AND HEADACHES

Completely Relieved by this Grand Fruit Medicine, "FRUIT-A-TIVES"

MR. ALFRED DUBOISSEAU

482 St. Catherine St. E., Montreal. For three years, I was a terrible sufferer from indigestion, constant headaches and constipation. I took various medicines for the trouble but nothing seemed to do me any good.

Then, a friend advised me to try 'Fruit-a-tives'. Now I am free of indigestion and headaches, the constipation is cured, and I have gained considerable weight; and my general health is fine.

'Fruit-a-tives' is a grand medicine and I cannot say enough in its favor."

ALFRED DUBOISSEAU.

'Fruit-a-tives' are made from fruit juices and valuable tonics—and are pleasant to take, their action being gentle and mild, yet always most effective.

50c. a box, 6 for \$2.50, trial size 25c. At all dealers or sent postpaid by Fruit-a-tives Limited, Ottawa, Ont.

Black Flies Out in Force. It is stated that black flies are out in great force in many parts of this district. A Kingston man stated on Friday that he had been working in the country for the past few weeks, and that the flies were terrible. The flies had made several attacks on the back of his neck, and he declared that he would not go back to his old job.

Doubly Bereaved. The sympathy of her many friends is extended to Mrs. Mary Fowler, post mistress at Mount Chesney in the death of her daughter-in-law, Mrs. Daniel Fowler, and her brother, Hugh Dillon, which occurred within a few days of each other. On Tuesday Mrs. Fowler received a letter which told of the sudden death of her daughter-in-law at Parr, Alberta. The deceased, who was a daughter of Jas. Nelson, Sorel, Quebec, had been married four years.

Novel Wager Will Be Contested. A peculiar wager has been made between two Ogdensburg, N.Y., men, William Kirk and Robert Tims. Tims wagered Kirk that he could paddle a canoe across the St. Lawrence to Prescott, back to Ogdensburg and then back to Prescott, while Kirk is rowing a skiff over and back. The test will be made a week from Sunday and will no doubt prove very interesting.

Work on the Census. The census commissioner, Captain E. W. Skinner, has made all the appointments of enumerators for the taking of the census on June 1st. When the Blood Becomes Watery a Breakdown Follows. Every woman's health is dependent upon the condition of her blood. How many women suffer with headache, pain in the back, poor appetite, weak digestion, a constant feeling of weariness, palpitation of the heart, shortness of breath, pallor and nervousness? Of course, all these symptoms may not be present—the more there are the worse the condition of the blood, and the more necessary that you should begin to enrich it without delay. Dr. Williams' Pink Pills are a splendid blood-building tonic. Every dose helps to make better blood which goes to every part of the body and brings new health to weak, despondent people. Dr. Williams' Pink Pills are valuable to all women but they are particularly useful to girls of school age who become pale, languid and nervous. There can be neither health nor beauty without red blood which gives brightness to the eyes and color to the cheeks and lips. Dr. Williams' Pink Pills build up the blood as is shown by the experience of Mrs. Jps. E. Veniotte, West Northfield, N. S., who says: "For several years I was in a bad state of health. I was pale and nervous, my appetite was poor, and I suffered from weakness, headaches and a feeling of oppression. I got so nervous that I was afraid to stay in the house alone. All this time I was taking medicine, but it only did not help me, but I was growing weaker. Finally I decided to try Dr. Williams' Pink Pills, and after using six boxes I felt much better. I had a better appetite, slept better and felt stronger. However, I continued taking the pills for a couple of months longer and now I am feeling as well as ever I did. I give all the credit to Dr. Williams' Pink Pills, and hope that my experience may be of benefit to some other weak woman."

You can get Dr. Williams' Pink Pills through any dealer in medicine or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

DELEGATES CHOSEN

They Will Attend the Conference at Cornwall.

At the Methodist district meeting these delegates were appointed to the annual conference to meet in Cornwall: Prof. E. O. Joffe, G. A. Bateman, George Pound, Kingston; Miss M. A. Gulcheth, Portmouth; J. A. Jackson, George Todd; Joseph Nutall and J. C. Spence, Gananoque; W. G. Woodman, Wolfe Island; J. L. F. Leadley, Verona; Wm. Garbutt, Perth Road; Dr. Nash, T. R. Carnovsky, Elmer Davis, Abraham Shaw and James Rankin, Kingston; Walter Clogg, Elginburg; Clifford Sine, Gananoque; M. E. Bennington, Cataract; C. W. Lake, Sydenham; Robert Gibson, Sunbury; T. L. Ellis, Gananoque.

The following were appointed alternate delegates: Capt. R. Crawford, Kingston; G. A. Smith, C. J. Wright,

Lombardy poplars on the R.M.C. side of the Barriefield hill if the clubs do similar work on the north-east side of the road, from La Salle bridge to the top of the hill. The General thinks that these poplars, which come from the native place of LaSalle, would wonderfully add to the attractiveness of the drive, and if further trees were placed along the bay, stretching across Barriefield common they would, when they grow up, be the admiration of all the people.

Have Entered Action. William Yarwood and others have brought action against the Smith's Falls' Board of Education for keeping their children out of school at the time of the smallpox epidemic. They are claiming \$1,000 damages. Town Solicitor McCue told the board of having filed a statement of defence that the board had acted in the best interests of the public and were subservient to or acting under the Board of Health; also that had the children complied with the rules of the Board of Health they would have been able to return to school.

Muskoka Lakes. This most famous of Canadian resort districts is reached through Muskoka Wharf Station (112 miles north of Toronto) or through Bala Park or Lake Joseph Stations. To these points run the through Muskoka trains. Connecting with these trains are steamboats which serve all the resorts on the three lovely lakes, Muskoka, Rosseau and Joseph. The Muskoka region's popularity is an enduring one and its charms are never forgotten by the visitor. When you enter the district, you are amazed at the extent of the lakes, which appear so small on the map. Then the multitude of islands and the diversified shore-line cause you to wonder how the captains of the lake steamboats pilot their vessels so swiftly and safely through the maze. Against the steep woodlands nestle pretty cottages, hotels and summer villages and these charming summer homes harmonize with their surroundings of blue waters and leafy woods. A handsome illustrated descriptive publication has been issued and may be had for the asking. Apply to J. P. Hanley, C.P.T.A., G.T. Ry., Kingston, Ont.

THOROUGHNESS

By CHARLES GRANT MILLER (Copyright, 1921. All Rights Reserved by United Feature Syndicate.)

Momentum properly directed will drive a tallow candle through an inch plank.

Thoroughness in a man's work will do even greater wonders than this, and is doing them every day.

The man that is in demand in every line of business is the man who is "all there."

Employers pay too dearly for half a man, even at half price. For it isn't a man's time at his work that counts so much as his enthusiasm in it. The enthusiasm is the best half of the man. Enthusiasm is to a man what steam is to an engine. Neither will go without it.

Education, training, talents, are all good to have. But there is one thing better, because it embraces all that is worth while in all of these—thoroughness.

Edison says his life motto has been "this one thing I know—electricity." Confining himself to this one thing he has taken out a thousand patents while millions of men knowing a little of everything and not much of anything accomplish next to nothing. Success in any line is the mastery of the single thing in hand.

The history of nearly every successful man may be summed up in one phrase—He did one thing thoroughly.

The secret of mechanical, commercial, financial or any other pre-eminence is disclosed in one word—Thoroughness.

The thorough man need never fear to lose his job. His work is his own, a part of himself. His employer is far more afraid of losing him than he is of losing his job.

Education may shine now and then, but thoroughness glows steadily always. Special training may make fine spurts ahead, but thoroughness is the winning technique in the faded race. Talent may dazzle at times, but thoroughness may be depended upon all the time.

The thorough man are the solid foundation stones of any business. The flimsiest, time-wasting, clock-watching ones are poor material even for the lightest superstructure.

It Costs Only Five Cents a Day

or \$150 per month for helpful medical treatment if you take Hood's Sarsaparilla, known in thousands of homes as the best reconstructive tonic. For nearly half a century this good medicine has stood in a class by itself in curative power and economy. Hood's Sarsaparilla gives more for the money than any other. It tones up the whole system, creates an appetite, promotes assimilation, so as to secure for you 100 per cent. of the nutrition in your food. More than this, it purifies and enriches the blood, eliminates poisons and matter after diphtheria, scarlet and typhoid fevers, eradicates scrofula and catarrhs, relieves rheumatism, overcomes that tired feeling and makes the weak strong.

Hood's Sarsaparilla

IS PECULIAR TO ITSELF IN EFFICIENCY AND ECONOMY.

Never tell a man he is a fool; he'll not believe you and you will make an enemy of him. That man is an egotist who is downright positive that he is better than his neighbors.
