## ENUMERATORS ARE READY LEAVING FOR PETAWAWA

### To Cover the Taking of the Dominion Census in Kingston.

Preparations for the sixth annual census in Kingston are being completed by Census Commissioner E. W. Skinner. On Wednesday examinations were conducted in the census office on Market street. In the morning full instructions were given to the enumerators, every detail on the long sheet of questions being explained. In the afternoon the candidates for the positions of enumerators were required to write answers to a number of questions bearing on the census.

On Wednesday night Commissioner Skinner sent forward the list of candidates for approval at the Census and Statistics office, Ottawa, and it is expected that the official list of enumerators will be announced at the beginning of next week.

Twenty-four enumerators will be appointed to cover the city and, in addition, there will be three to take charge of the work in such public institutions as the penitentiary, the asylum and the jails.

There are about seventy-five questions which will have to be answered by all persons residing in this census district. Every detail will have to be given about nationality, occupation, income and other distinguishing characteristics. The enumerators are bound under oath to reveal no part of any information given to them and are required to do their work unaccompanied. On the other hand every person is required under heavy penalties to give all information to the enumerators and it is anticipated that the average time necessary to answer all the questions will be about half an hour, although in many cases they may be answered in less time.

The former announcements from Ottawa regarding the preparations for analysing the census returns indicate that the information will be divided into many parts. As soon as the census sheets reach there, they will be split into a number of parts and the information which John Smith may give will soon lose its identity as relating to him.

The enumeration in Kingston will begin on June 1st and it is hoped that it will be completed within two weeks.

### The R.C.H.A. Entrain at 7 P.M.—May Be There All Summer.

The R.C.H.A. is to entrain for Petawawa at 7 p.m. at the C.P.R. station. An advance party of twenty men left on Monday to make preparations for the reception of the unit at Petawawa, and since then the troops here have been getting everything in readiness. On Wednesday the guns of the two batteries, "A" and "B", and of the heavy battery R.C.G.A. were entrained on a spur of the C.P.R. at the hay market, a special platform being built for the purpose. During Thursday all of the rest of the equipment and supplies were placed on board of freight cars and the horses will be entrained in front of the city hall between 5 and 6 p.m.

The total present strength of the R.C.H.A. is 200 officers and men, and all will be in camp except the band, which remains in Kingston. The period of training has been fixed for fifteen weeks, but the duration of the stay there will depend, to some extent, upon the rapidity with which the firing detachments of the C.E.A., militia batteries, report. If there is a good response and the service of the permanent force is demanded to the extent hoped for, their stay will be prolonged into the middle of September.

A full list of the officers was published in the Whig last week. The camp commandant will be Col. A. T. Ogilvie, C.M.G., D.S.O., R.C.A., while the artillery will be under the command of Lt.-Col. W. H. P. Elkins, D.S.O., M.C.

### The Maguire Appeal Case Argued at Toronto

The appeal by the defendant in the case of Francis Ray Maguire vs. James Maguire was heard in the appeal court at Toronto on Wednesday. P. White, K.C., for defendant, A. B. Cunningham (Kingston) for plaintiff. Appeal by defendant from judgment of Rose, J., of 15th February, 1921. Action by one brother against another for \$20,000 damages for alienation of wife's affections. At trial judgment was given plaintiff for \$15,000 damages, of which \$5,000 is for alienation of the affections of plaintiff's wife with costs. Appeal partially argued, but not concluded.

### FIRE AT MARKET SQUARE

#### Barrel of Tar Ablaze—Whig Man Called the Fire Brigade.

There was great excitement on the market square at 10.30 o'clock Thursday morning, when a barrel of tar caught fire. The tar, it appears, was being used on the city hall roof for a demonstration.

A young man, in charge of the boiling tar, allowed it to get so hot that it caught fire and with the pot and the barrel on fire things became quite lively as the burning tar went over the road. The pot and barrel had been placed close to the sidewalk opposite the door of the Bank of Montreal.

The young man, who had charge of the tar, rushed into the police station, and the first fellow he happened to see was a Whig reporter, and he called: "Get the firemen quick, there's a barrel of tar on fire out on the market square."

No, dear readers, the Whig scribe had not been "pinched." This was not how he happened to be in the "lock-up," but he was there to see if he could dig up any news.

The Whig man rushed to the telephone and sent in the alarm, and Chief Armstrong and his men were quickly on the scene and extinguished the fire. The burning tar made clouds of black smoke and for a time one could not see across the market square.

The tar should not have been placed so near the city buildings. Chief Armstrong stated that on Wednesday when he heard about the demonstration to be carried out he gave instructions to have the tar placed in the centre of the market square. The blaze might have been far more serious.

### How Christian Science Heals

John C. Lathrop, Brookline, Mass., member of the Board of Lectureship of the Mother church, the First Church of Christ, Scientist, in Boston, Mass., will deliver a lecture on Christian Science in the church edifice, 95 Johnson street, on Friday evening, May 27th, 1921, at 8.15 o'clock.
