**Responsibility**

These are several reasons why our sight service bears a good reputation.

One of them is that we don't depend on others for any part of it.

Our work is not planned by others; nor do others carry out our plans.

From eye examination to finished glasses it is KEELEY SERVICE.

We are vitally interested in the result of our work and to insure success do all of our service.

# JUNE

The name given to the sixth month is believed to be taken from Juno, the patron deity of marriage—the idea that it was the month of brides dates back to early Roman days, when it was considered very lucky for weddings, and the superstition still remains. We have a splendid stock of —

With the object of reclaiming about 800,000 acres in Carrot River district, Manitoba, for cultivation, a survey has been started by the Dominion government.

### TO CONVEIN IN KINGSTON MILITARY COLLEGE BALL

The Knights Templar of Canada Will Be Here in August.

Invitations to the Event Have Had Necessarily To Be Restricted.

Between two and three hundred Knights Templar are expected to attend the annual convention of the Sovereign Great Priory of Canada in Kingston on August 8th, 9th and 10th. This will be one of the biggest Masonic events in the year and the delegates will come from all parts of the dominion.

Knights Templarism, allied to the Masonic fraternity, has a long and honorable history, dating from the crusades of the middle ages, and there is a large membership throughout the English-speaking world. The Sovereign Great Priory is the supreme body of the order in Canada, and it is peculiarly appropriate that the meeting should be held in Kingston. It was here that the first Canadian preceptory, the Premier No. 1, was established and it is twenty years since the Great Priory last met in the city.

The meeting last year was held in Calgary, and the year previous in St. John, N.B., when Abraham Shaw, of this city, was elected the Canadian-supreme grand master.

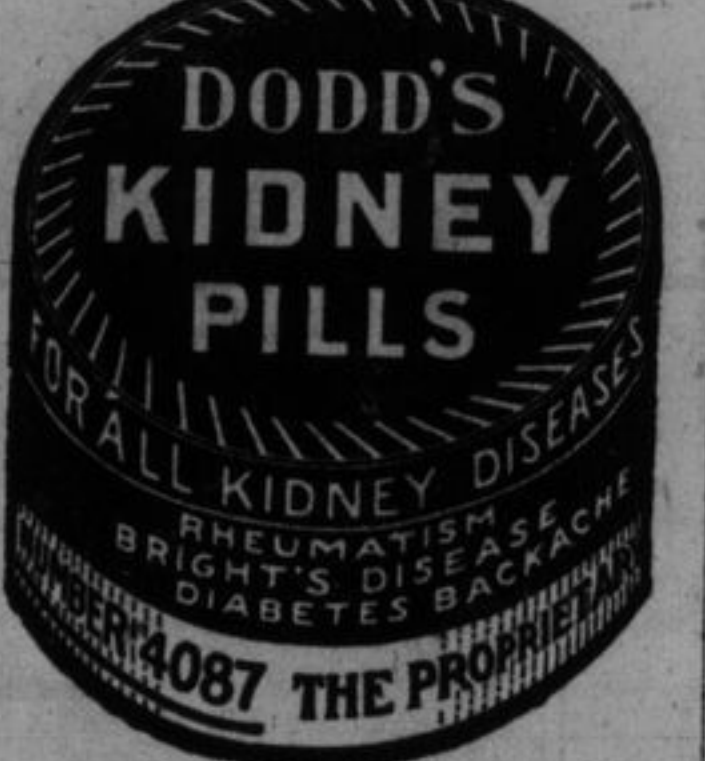

Arrangements are already being made to secure adequate hotel accommodation, and a number of interested citizens have already signified their intention of throwing open their homes if the facilities of the hotels are not sufficient.

Entertainment will be a prominent feature of the convention and the local preceptory has chartered the steamer St. Lawrence to take the visitors through the Thousand Islands. There will also be a formal ball in Ontario hall at which Knights Templar will be guests.

Another feature of interest will be a drill competition of the various corps in uniform at the armories or some suitable parade ground. The local committee are seeking the co-operation of the citizens in every possible way, to leave a pleasant impression upon the visiting Sir Knights and their ladies. The merchants on the main streets will likewise be asked to decorate their stores and windows for the occasion.

The following local members of the order are the chairman of the various committees that will handle the convention: W. Y. Mills, general chairman; Abraham Shaw, W. J. Renton, W. A. Bearance, William King, William Jackson, John Wright, V. W. Bryant, H. J. Milne, J. B. Birckett, W. M. Campbell, Capt. W. H. Gimblett, J. E. Singleton, J. B. Phillips and H. A. Miller.

The business of making a living by fighting seems to have undergone a decline in Mexico. This is indicated by the fact that 1,200 soldiers, some of them retired and some in active service, have asked the government for tracts of land for small farming. Claimed to be the only specimen in the world, the skull of a stegosaur was recently unearthed in the bad lands of the Red Deer valley, Alberta.
