When a man marries, he changes
his wife into the type of woman that
she is. Then he leaves her and runs
around with the type of woman that
she was.

Kingston and Vicinity

Worked In Kingston.
One of the handits in the Bolton
bank episode, and now under arrest,
worked for a time, after coming from
Ireland, in the Kingston General
Hospital.

On Her Way East.
Miss Margaret Scatcherd, London,
Ont., is to spend the summer with
former schoolmates in Newfoundland,
visiting at Kingston a few days
en route.

One of the Council.
R. Easton Burns has been elected
a councillor of the Chartered Ac-
countants of Ontario which has just
concluded a convention in Hamil-
ton.

Are in New Brunswick.
Prof. A. B. Klugh, of Queen's Uni-
versity, and Mrs. Klugh are spend-
ing the summer at the hotel at the
Atlantic Biological Station at
"Brandy Cove," N.B.

Has New Potatoes.
Gerald Minaker dug new potatoes
from his garden on Spring street,
Picton, on June 20th. One hill had
twenty potatoes ranging in size from
a goose egg to a hickory nut.

It Would Pay You To Call.
Our range of made to measure
suits are of the best material and
workmanship. We carry a large stock
of blue and black serges, English
worsted and Scotch tweeds which we
will make to your measure at a very
reasonable price. Prevost, Brock St.

Cheese Sales.
Montreal, 1,615 at 16 1-4c to 17c.
Picton, 1,609 at 16 5-8c.
Iroquois, 900 at 16 3-4c.
Napanee, 2,095 at 16 3-6c.
Perth, 932 at 16 3-4c to 16 7-8c.
Danville, Que., 1,251 at 16 5-8c.

Will Accept Challenge.
Kiwanian Stewart Christie, at the

**Kiwanian Luncheon in Ottawa on
Friday,** announced that a challenge
had been received from the Kingston
Kiwanis club for a baseball match
for the Harold Shipman Trophy. He
called a practice of his team.

Eternal Darkness.
That is what Blind Canadians are
up against. The Canadian National
Institute helps them over the rough
spots and makes life worth living.
Have you contributed to this worthy
cause yet? There is a box at the
Whig office.

Saw Mill Burned.
The saw mill at Flinton, owned
by the Ore Chimney Mining Co., was
destroyed by fire. About 8,000 feet
of hardwood flooring, all ready for
laying, went up in smoke. The loss
is a very serious one for the com-
pany.

Rural School Fairs.
The dates selected for some rural
school fairs this year are as follows:
Athens, on Wellington Earle's farm,
September 20th; Lyn, on M. Cornell's
farm, September 21st; Lansdowne,
on the fair grounds, September 22nd.
The prize lists are even more com-
prehensive than in former years.

Fresh Fish.
Our water tastes like lotsa fish
From pumpkin seeds to whales;
Some day we'll likely find our-
selves
A-chokin' on th' scales,
And every time I thirsty get
And take a little drink,
I feel like grabbin' pole and line
An' fishin' in the sink.

Tendered A Gift.
Dr. and Mrs. H. table, Newburgh,
were invited to be present at the
Camden East Methodist church
choir practice at the home of the
organist. The choir and a few in-
terested friends were present. Dur-
ing the evening impromptu addresses
were made by Messrs. Sexsmith,

THE CALL OF THE FUTURE

By CHARLES GRANT MILLER
(Copyright, 1921. All Rights Reserved by United Feature Syndicate.)

One of the greatest railway men in the world has predicted that
within twenty years the steam locomotive will be found only in museums,
and that its place will be supplied by the electric motor, propelling trains
across the continent at the rate of 100 miles an hour.

Such a possibility as this strikingly illustrates the astonishingly
rapid rate of development in which the mechanical world is progressing.
The nineteenth century was the age of steam; the twentieth century
is to be emphatically the age of electricity.

No mind can safely predict the extent to which electrical develop-
ment will proceed, but it is safe to say that at the end of this century
conditions of life upon this globe will be wonderfully changed from those
which now exist, by reason of the increased ability of man to control
this mysterious but marvelous force to his advantage.

Some discontented ones will tell you, young men, that the more labor-
saving devices human intelligence produces, the smaller are your chances
of success. This is the dismal plaint of short-sighted pessimism. Beware
of it.

It was considered a labor-saving device to build the steamship, but
the steamship has brought the whole world into four very close and com-
pact corners. It was considered a labor-saving device to build the loco-
motive, but the locomotive takes you to the open plains, the fertile valleys
and the gold lined mountain sides, so you can reach the harvests of the
Almighty, which, had you relied on your legs, could never have been
gained.

In the near years to come, New York will be but one link in a
mighty chain of great cities. Fifty years ago San Francisco was only
a village of shacks. Thirty years ago the Omaha, the Kansas City, the
Seattle, the Los Angeles of to-day, were only misty dreams of the few
who dared to look to the future with faith.

The boy of to-day has little reason to fear that the field is becoming
overcrowded in our own country. It is just being opened.

It is for the young men who are just beginning to think what a won-
derful world this is to study well the achievements of the past and to
see how they are to be improved.

THIS CARPET BEATER DOES THE WORK OF THREE MEN.

"Doc" Pierce, one of the odd inhabitants of Greenwich
Village, who has been making his living beating carpets for
the past forty years, has invented a carpet beater which he
claims will do the work of three people. It is constructed of
tempered spring steel, which gives it plenty of elasticity,
enabling one to beat as many carpets as three men with the
old-fashioned broom handle.

Thompson and Longmore, and Mrs.
Huxtable presented with a Pyrex
casserole and pie plate set in silver.

On The Committee.
F. W. Sacket, Cape Vincent, N.Y.,
has been selected as one of the
thirty-four members of the executive
committee of Jefferson County Tubercu-
losis hospital, Watertown, to raise
funds for the hospital in the town
of Cape Vincent.

Married in Toronto.
At St. Paul's Anglican church, To-
ronto, on Wednesday, Rev. Gerard
Despard officiating, Vivian Grainger
McHenry, second daughter of Mr.
and Mrs. Charles McHenry, Con-
ston, Ont., was married to Goldwin
Corlett Elgie, B.A., Toronto, second
son of Mr. and Mrs. A. Elgie, Chat-
ham, Ont.

Gifts and Congratulations.
Roy Samson and his bride were
the recipients of the congratulations
of nearly all the citizens of New-
burgh at a gathering, and were also
presented with a very fine quartered
oak combination buffet and china
cabinet. A short address was read,
to which Mr. Samson replied in a
neat speech. The crowd was in a
happy mood and many pleasant
things were said.

Gets Knife Back After 52 Years.
W. F. Chapman, of the Light and
Power Department, Brockville, when
a boy, attended school at Maple
Grove, near Gananoque, Ont., where
he was taught by Margaret Garrett.
One day the teacher took away a
large jackknife, with which he was
mutilating a desk. She died a few
days ago near Ottawa, and at her re-
quest, the knife has been returned to
Chapman, after a lapse of fifty-two
years.

Married and Away.
A very pretty event took place at
the residence of Mr. and Mrs. C. A.
Wood, Toledo, on Wednesday, when
their youngest daughter, Mildred
Vivian, was united in matrimony to
Gladstone Henry Hill, son of Mr. and
Mrs. William Hill, Maxville. Mrs.
Hill was a favorite of all, a member
of Toledo Methodist choir, as well as
belonging to the Girls' Club, and will
be greatly missed by her many
friends.

New Hotel to Be Built.
F. McCune, Campbellford, has pur-
chased a large tract of land between
Haley's Falls and Trent Bridge
where he is building a fine large
hotel in which there will be twenty-
eight rooms equipped with running
water. He intends building a golf
course and making a real up-to-date
place out of it and will have cars
meeting all trains in Havelock. The
new hotel will be known as "Pine
Lodge."

He Met Royalty.
Dr. Crawford C. McCullough, Fort
William, recently elected president
of the international association of
Rotary clubs, was among the high
officials of the association, who had
the honor of being received by King
George and Queen Mary at Bucking-
ham palace on Friday morning last.
Their Majesties and the Prince of
Wales and Princess Mary shook
hands with the visitors and expressed
pleasure on meeting them.

Belleville Ladies Win Trophy.
The Ontario ladies' bowling tour-
nament, which came to a close at the
Parkdale club, Toronto, on Thursday,
was a great success. The Inglis trophy
was captured by Mrs. Ireland's
Lawrence Park quartet, while Miss
McLean skipped the Belleville four
to victory in the final for the Inglis
trophy. This was rather a surprise,
as she defeated Mrs. Walker of High
Park by 21 to 12. The High Park-
ers got a six on the first end and all
looked rosy, but the Belleville four
replied with seven in the fifth and
six on the ninth. That settled it,
and the trophy will rest in Belleville
for a twelvemonth.

AT SHARLOT LAKE

**Presentation Made To Miss Yula and
Lyra Sergeant.**
Sharbot Lake, June 23.—A num-
ber of friends gathered at the hotel
on Tuesday evening, June 14th, to
say good-bye to Miss Yula and Lyra
Sergeant, who left for Rochester,
N.Y., the following day. The even-
ing was spent in dancing and sing-
ing, after which an address was read
by Mrs. A. Reynolds and club bags
were presented to each of the girls
by Miss Amy McKinnon. The ad-
dress follows:

To Miss Yula and Lyra Sergeant
—We are gathered here this evening
to express our deep appreciation
and respect which your stay in
Sharbot Lake has gained you. Your
unfailing good nature and winning
ways have won for you a kindly spot
in all our hearts. As girls among
the girls, you have always been good
sports. As you leave us to take up
your new work, you carry with you
our very deepest and kindest wishes.
That your new life will be set among
the pleasant spots, yet we are selfish
enough to wish that some times your
thoughts will drift back to Sharbot
Lake and the friends you left there.
Your friends desiring in some way to
express their feelings, have asked
that you receive these club bags as
an indication of the esteem in which
they hold you and wishing you that
old, old wish "God be with you till
we meet again."

A list of those who so kindly don-
ated follows:
William H. Tyrone, Mr. and Mrs.
Dave Sergeant, Dick Brady, Miss
Muriel Buchanan, Norris Hawley,

THE INDIFFERENCE

of the Coal Consumer has resulted in such a small demand for
coal at the mines, that they are being operated only at about
one-half their usual capacity.

Unless Coal is mined during the summer, the Mines will
not be able to meet the winter's demand.

It is therefore advisable for consumers who can do so, to
buy and receive their coal early and thus insure a full winter's
supply.
