## JAP WAR TALK IS SILLY PICNIC FOR THE P.W.O.R.

### Tokio Leader Says United States and Japan Must Avoid Mistakes.

Tokio, July 5.—"It is absurd to talk about war between Japan and United States," says The Yomiuri Shimbun, "but the silly rumors, unless stopped at their sources, may one day become a reality. It, therefore, behooves both Japan and America to do their best so that all possibilities of war may be prevented.

"There are two ways to reach this objective. One is the limitation of armaments and the other is a diplomatic understanding. So long as the relations between Japan and America remain strained as at present a satisfactory restoration of friendship between Japan and China and a renewal of the Anglo-Japanese alliance cannot be expected.

"People talk about the curtailment of warship building by Japan and the United States as a means of averting the possible clash between the two countries. While this is no doubt true they seem to lose sight of the fact that the removal of fortifications in the Pacific islands is as important, lessening the chances of hostilities and the limitation of naval strength.

"If America decides on the independence of the Philippines, and removes warlike defences there, the defences of Guam, Hawaii and on the Pacific coast would be useless. Since some Americans may be inclined to doubt Japan's disinterestedness, it is advisable that a special agreement should be concluded between the two countries on the matter. If this is done all chances of war between the two will be reduced to a minimum."

### May Be Held on Labor Day—Drill Pay Ready This Week.

At a meeting of the officers of the P.W.O.R. held in the armories on Monday evening, a committee was appointed to advise regarding the holding of a picnic for the members of the regiment and their friends at Brophy's Point on Labor Day. It is likely that sub-committees of all ranks will commence the arrangement of details at an early date.

If more accommodation in the armories is placed at the disposal of the unit, a recreation room will be fitted up in September, and it is likely that a canteen will be opened.

The regimental bands are to have a social time at the armories on Tuesday evening. The bandsmen, buglers, pipers and drummers propose running an evening excursion to Gananoque this month.

It is expected that the pay for the spring drill will be available, and that it will be paid out this week.

In addition to events for the N. C. O's and men, the officers have decided to hold monthly dinners, commencing in September.

## Langley Bird Dies As Result of Heat

Exhausted by the heat while at work on a drain on Ordnance street, Langley Bird, who resided on King street west, fell dead at half past eleven o'clock on Tuesday morning. Dr. Crowley was summoned and after examining the deceased pronounced death due to the excessive strain of the heat. The remains were removed to the undertaking rooms of James Reid to await interment. Deceased was well-known about the city and was advanced in years. He is survived by several children, his wife having predeceased him some time ago.

## Letters to the Editor

**Keep Banks Open.**  
Kingston, July 5.—(To the Editor): Will you kindly allow me a small space in your valuable paper regarding our banks and the hours they close. As hold-ups are in such progress, it would be a good idea if it could be arranged for our banks to reopen for, say, one hour on Saturday nights, say from eight to nine or from nine to ten, for the purpose of our merchants to deposit their Saturday afternoon and night's takings, as lots of our business people take more money in from Saturday noon, the time the banks close, till they close their stores than, perhaps, all week. Therefore, I think, as things are looking, it would be much safer not only for our merchants, but, for instance, farmers and others doing business in the city, and a great many have to take their wad home with them, as they take all chances of losing it. Trusting we may see something done in regards to the banks opening for an hour Saturday nights, I am yours truly,  
—ROBERT E. WARD.

**More Information Wanted.**  
Kingston, July 5.—(To the Editor): Now that an officer of high standing in the Army and Navy Veterans has demanded an answer to questions about the proceeds from some Army and Navy Annuals, it seems to me time that the same man was asked about the fund raised by the people of Kingston and the boys of the 21st Battalion for the colors of their battalion. The boys have returned from France, and I think they ought to know: Who collected that money? How much was collected? Who were the subscribers? When and how were the subscriptions acknowledged? I belonged at the time to the Kingston Veterans' Association, and I was in a position to know that every boy of the battalion had to pay for one ticket, and the colors cost \$255.

Judge Madden presided at a hot session of division court on Tuesday morning at the court house. There were thirteen judgment summons and fourteen regular cases on the docket.

A pleasant breeze to-day kept the temperature down. The very intense heat of the past three days has evidently passed as lowering temperatures are now predicted.

Gladstone E. Wood, Foxboro, was a visitor in town on Tuesday renewing acquaintances at Queen's summer school.

## DISCUSSING NAVAL DEFENCE OF EMPIRE

### Opposition to Discussion at Imperial Conference Has Broken Down.

London, July 5.—Questions relative to the naval defense of the British Empire were discussed at to-day's session of the Imperial conference, Prime Minister Lloyd George and the dominion premiers resuming consideration of the subject where it was left off at yesterday's meeting. Opposition to the discussion of this subject seems to have broken down.
