BECAME SO THIN SHE WAS AFRAID

"FRUIT-A-TIVES" Made Her Well, Strong and Vigorous

MADAME ARTHUR BEAUCHER
805 Cartier St., Montreal.

"I suffered terribly from Constipation and Dyspepsia for many years. I felt pains after eating and had gas, constant headache, and was unable to sleep at night. I was getting so thin that I was frightened and saw several physicians who, however, did not seem able to help me.

At last a friend advised me to take 'Fruit-a-tives'. I did so and soon I felt some relief. I continued with 'Fruit-a-tives' and in a short time, the Constipation was banished, I felt no more pains or headache or the disagreeable sensations that follow dyspepsia. Now I am well, strong and vigorous."

MADAME ARTHUR BEAUCHER.

He is an Expert Fisherman
J. M. Hutchins, New York, has arrived at the Hotel Carleton, says the Cape Vincent, N.Y., Eagle, for the summer. TO DETECT COUNTERFEIT
By CHARLES GRANT MILLER
(Copyright, 1921. All Rights Reserved by United Feature Syndicate.)

The president of a bank, when asked by a young clerk how he could distinguish the bad bills from the good, said:
"Get familiar with the good bills, and you will recognize the bad bills at sight."

Here is a vast volume of wisdom summed up in a simple sentence. This homely advice applies not only to the detection of counterfeit money, but with equal force to the detection of the counterfeit in all departments of life.

The man accustomed to handling only good corn, good wheat, good potatoes, has no difficulty in detecting the family. He detects it intuitively. Even without recognized thought, he fixes upon the fault.

The skillful egg-candler passes good eggs before the light with a rhythmic rapidity that is amazing; but an imperfect egg instantly breaks his routine and interrupts his process.

To the trained musician, accustomed to doing and knowing high-grade work, a false note comes like a stab of pain.

In any occupation, any man fully engaged in doing the right thing will have no difficulty in recognizing the wrong.

Right and wrong are as far apart, as unlike, as day and night; and he that is most accustomed to walk in the light is quicker to note the shadows.

There is only one way to know the bad, the imperfect, the untrue, and that is by knowing the good, the perfect, the true.

Aspirin
Nothing Else is Aspirin

Warning! Unless you see the name "Bayer" on tablets, you are not getting Aspirin at all.

Accept only an "unbroken package" of "Bayer Tablets of Aspirin," which contains directions and dose worked out by physicians during 24 years and proved safe by millions for Headache, Earache, Toothache, Neuralgia, Gout, Rheumatism, Neuritis, Lumbago, and pain generally. Made in Canada.

Handy tin boxes of 12 tablets cost but a few cents—Larger packages.

Aspirin is the trade mark (registered in Canada) of Bayer Manufacturers of Non-anesthetic Salicylic Acid. While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

The Lake Level.

During the last ten years the June level has averaged 0.2 foot higher than the May level, and about the same as the July level.

Our Bathing Advantages.
Kingston has a great advantage over other places in that it has splendid bathing facilities. Up at Woodstock the fire chief is staging a running shower bath on a field adjacent to the fire hall, giving a big cool shower area for youngsters and grown-ups, arrayed in bathing suits or their regular attire. The youngsters are thoroughly enjoying it, as well as the adults.

RED HOT JULY DAYS
HARD ON THE BABY

July—the month of oppressive heat; red hot days and sweltering nights; is extremely hard on little ones. Diarrhoea, dysentery, colic and cholera infantum carry off thousands of precious little lives every summer. The mother must be constantly on her guard to prevent these troubles or if they come on suddenly to fight them. No other medicine is of such aid to mothers during the hot summer as is Baby's Own Tablets. They regulate the bowels and stomach, and an occasional dose given to the well child will prevent summer complaint, or if the trouble does come on suddenly will banish it. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Prof. Clay, recognized as one of the leading economists of England, is the author of "Economics for General Readers" and his lectures at Queen's will be followed with interest by local students. The lectures are being given in convocation hall Monday, Tuesday and Wednesday afternoons at five o'clock.

THE INDIFFERENCE

of the Coal Consumer has resulted in such a small demand for coal at the mines, that they are being operated only at about one-half their usual capacity.

Unless Coal is mined during the summer, the Mines will not be able to meet the winter's demand.

It is therefore advisable for consumers who can do so, to buy and receive their coal early and thus insure a full winter's supply.
