SAVE YOUR EYES

Very often eye-strain, may cause more fatigue after working than the actual muscular effort used at the task.

Many people unknowingly have eye-strain and should have their eyes examined.

Make sure you are not one of the above by telling us examine your eyes and tell you exactly how they are.

TO FIGHT THE PAYMENT OF BIG ROAD CHARGE

The Kingston City Council Will Not Submit Without a Fight.

Kingston will not submit without a protest to the decision of the Department of Ontario Highways that it must pay twenty per cent. of the cost of constructing fifteen and three-quarter miles of the provincial roads adjoining this city. A motion was passed at its session Wednesday night to file a protest with the Ontario Municipal Board, and to invite the co-operation of other urban municipalities in fighting against the demand of the highways commission. City Solicitor Whiting will handle the city's case before the provincial board, of which Donald M. McIntyre is chairman.

The city clerk gave some information as to what it would cost Kingston if the demand of the provincial authorities was met. This city would pay \$75,000 in debentures and also twenty per cent. of the cost of maintaining the fifteen and three-quarter miles of provincial roads hereafter. Ald. Litton pointed out that it looked as if it was costing the provincial macadam \$27,000 a mile to build macadam roads being constructed as the provincial highway. "Why Kingston is putting down sheet asphalt pavements for that amount of money," he said. He regarded the provincial highway as most extravagant. The people were not getting the returns for the money expended.

Ald. Couper also claimed that the provincial highway was costing too much. The contractors were making too well out of it, he thought.

Finance Report.
The finance committee made the following recommendations, which were adopted:

That the thanks of council be tendered to the British Whig for free advertising in connection with securing the names of Kingston soldiers, said names being required for the civic memorial hall.

That the city treasurer be notified to refuse payment of moneys for any purpose whatever in connection with the Kingston Public Library unless the accounts are properly certified by the auditor in accordance with the statutes.

That the sum of \$60 be paid as compensation to the Misses Allen on account of the milk inspector stopping them from using their pasture for grazing purposes owing to the condition of the open city sewer there.

That the sum of fifty dollars, for prizes for sports at the cadet corps camp at Barrieffield be paid.

Board of Works.
These recommendations of the Board of Works were passed:

That Market street and the market square be paved.

That the suburban road commission be granted the loan of the city's traction engine to move their crushing plant.

That authority be given the Kingston General Hospital governors to temporarily close that part of King and Stuart streets which will be used in putting in a tunnel for the power plant at the hosiery mill site.

That Isaac Cohen's request to put in a septic tank on his property on Montreal street to treat the sewage from his houses, be granted, on conditions to be named in an agreement to be signed.

The chairman of parks was authorized to expend \$70 for the purchase of slat flooring for the Macdonald park bathing house.

City Property.

These recommendations of the property committee were adopted:

That 150 tons of coal at \$8.85 be purchased from R. Crawford & Co. (This is just one-half the amount paid last year).

That Mary Ann Taylor be allowed to sell ice cream, soft drinks, etc., on Market street on Tuesdays, Thursdays and Saturdays, for a license fee of \$1.50 a week.

Wharf Agreement.

The special committee appointed to make a deal with S. Anglin & Co. for the use of their wharf at the foot of Gore street for the landing of pilots and the taking on of supplies.

POLICE COURT, THURSDAY

Several Cases Were Very Quickly Disposed Of.

There was a brief session of the Police Court on Thursday morning, only two cases coming before Magistrate Farrell, and, as they were very simple, were quickly disposed of. Ross Berrigan, charged with being intoxicated, was fined \$10 and costs. The evidence in support of the charge was given by P. C. Campbell and Alexander Bryant, and cross-examination by the prisoner only made the case stronger against him. Gordon Byrons, a war veteran, charged with begging, and who was held for four years a prisoner of war by the Germans and who received serious wounds, was let off on a suspended sentence after a strong plea on his own behalf. P. C. Fitzgerald described the arrest of the prisoner, who had asked a Chinaman for money on the street. Upon his promise that he would do better and try to support those dependent upon him he was let off with a warning.

DIED AT BATH.

James Chapman Was for Years in Railway Service.

James Chapman, a former well-known resident of Brockville, passed away on Tuesday in Bath, where he had been residing for the last few months.

The late Mr. Chapman was a native of the vicinity of Bath and in early life came to Brockville and entered the employ of the Grand Trunk railway as a freight trucker. Thence he went to the Canadian Pacific railway here as checker and afterwards was foreman with the Central Canada Coal Company. Two years ago he moved to Bath and there entered mercantile life. On disposing of his business, he became caretaker of St. Alban's school last winter.

Mr. Chapman was fifty years of age and is survived by his wife and two sons, as well as by several brothers and sisters, among whom is Edward Chapman, G. T. R. conductor, Toronto, formerly of Brockville.

VICTIM TO HEAT.

George E. Shaver, Aged 74, Dies Very Suddenly.

Brockville Recorder and Times. Overcome by the heat at the Union station on Wednesday shortly after twelve o'clock, George Ernest Shaver, aged seventy-four, of 76 1-2 Church street, passed away within a few minutes, although medical attendance was promptly at hand. Dr. T. F. Robertson, the attending physician, gave heat prostration as the cause of death.

Mr. Shaver was a passenger on the C.P.R. train from Ottawa reaching here at 12.15 o'clock, in company with his son, Fred, who had gone to Ottawa to bring his father home. Mr. Shaver, told the Recorder and Times that his father had been in ill health and had expressed a desire to return to Brockville from Ottawa where he had been visiting friends.

Concludes Lecture Course.

Prof. Clay concluded his series of lectures upon the industrial situation in England, on Wednesday afternoon before the students of Queen's summer school. Prof. Clay dealt more particularly with the methods by which legislation is passed under old country procedure, and gave an interesting resume of the traditions and practices of the English civil service.

On behalf of the students, Prof. W. G. Jordan moved a vote of thanks to Prof. Clay, and commented upon the dispassionate and objective manner in which he had dealt with the lectures.
