### FOR EAST IS EAST, AND WEST IS WEST.

Ontario is in the very midst of the renewed heat wave, which the weatherman says will equal or surpass the one last week. In a great swath it extends all the way from James Bay on the north to the Mississippi Valley and California in the United States. Only parts of British Columbia and Newfoundland, by reason of either high altitude or the proximity of the ocean, are really cool. The west, however, is registering no more than 78 degrees.

### REACH AN AGREEMENT WITH THE CONTRACTORS

With Regard to Completing Robert Meek School—Opening Labor Day.

Quing to the ambiguity of a report presented by the properly committee, of the Robert Meek school, there was a two-hour session of the Board of Education on Thursday evening, although when the necessary information was forthcoming the debate quickly terminated and the report was disposed of. The only other business was the adoption of the report of the management committee allocating the teachers of the city schools for the September term.

The meeting was called for the purpose of dealing with an application from R. Wallace & Sons, contractors, for the erection of the Robert Meek school, for the payment of certain accounts out of the fifteen per cent. being withheld pending the taking over of the building and the expiry of the ten period of thirty days as provided in the contract. Just why the request for payment was made before the completion of the school, was not clearly brought out, although at the previous meeting a resolution was passed calling upon the contractors to complete the school first.

In order to safeguard the committee against liens, the main clause of the report was based upon an agreement drawn up by the city solicitor, consisting of an affidavit from R. Wallace & Sons setting forth the accounts outstanding amounting to \$18,390, and a waiver from the interested sub-contractors and deplereconcerned of their right to place liens upon consideration of the payment of four-fifths of eighty per cent. of their claims from money still due the contractor by the committee, amounting to \$15,900. The other fifth, twenty per cent., will be retained for thirty days after the completion and acceptance of the school to guard against any liens. The agreement as drawn up by the city solicitor was adopted with the following amendment, moved by Trustee Bishop, seconded by Trustee Jones:

"That the chairman of the committee be empowered to sign the agreement with the contractors, R. Wallace & Sons, provided the same is amended to protect the board against any liens."

**Report of Committee.**  
 A. Lemmon, chairman, presided, and those speaking on the subject were Trustees Henderson, Elliott, Godwin, Macdonald, Bishop, Moore, Campbell, Lockett and Smythe. The report of the committee asked permission to pay eighty per cent. of the accounts without reference to any guarantee, reserving liens, and Trustees Henderson and Bishop registered strenuous objection. They were supported by Trustees Elliott, Campbell and Jones. Only after a resolution was moved to refer the clause back to the committee for further consideration, and a statement was made by Contractor Wallace, was an agreement reached.

Clause two ordered the payment of accounts totalling \$1,388.75.  
 Clause three as adopted read: "The total which the board will pay will be \$16,107.95. To meet this there is cash on hand, \$15,407; \$500 extra on contract, \$200 insurance rebates; total, \$16,107."

Clause four: "R. Wallace & Sons have furnished an affidavit to the effect that the total indebtedness on the building is \$19,707.75, also an order for the board to pay the creditors the above amounts and charge them to their account."

Labor Day was selected as the date for the ceremony of the opening of the Robert Meek school. Trustee Elliot suggested that the minister of education be invited to attend and officiate; also that the Parents and Teachers Association be asked to assist in entertaining visitors on that occasion. The arrangements were left with the chairman, property and management committees.

**Allocation of Teachers.**  
 The report of the management committee allocating teachers for the September term, which was adopted was as follows:

 That Mr. McDougall be appointed principal of the Robert Meek school, and having in view additional responsibilities and his excellent record, that the maximum salary for this position be \$2,200, to be attained by increases of \$100, the first to begin January 1st next.  
 That Mr. McKee, the newly-appointed teacher, succeed Mr. McDougall as principal of Frontenac school.  
 That Miss Conley be appointed principal of Sydenham school, and that the resignation of Miss Kelly as principal be accepted.

## Achievement

THE NORDHEIMER PIANO has proved itself worthy of the confidence bestowed upon it by its purchasers. It has brought melody into many of Canada's finest homes—it has afforded highest musical enjoyment to its owners and their friends. Many years have rolled by since the House of Nordheimer conceived the ideal of a piano that would yield the greatest possible tone value, grow richer with right use, resist the changes of atmosphere and the passing of time.

The fulfilment of these aims is a proud achievement—one reflecting credit upon even the least important of the craftsmen whose combined efforts have developed that remarkable tone which is the distinguishing feature of the

### WELL-KNOWN FARMER DEAD.

Edward Bowser, Township of Bastard, Died Quite Suddenly.

Brockville Recorder and Times  
 The death occurred Thursday morning at his home in the township of Bastard of one of the best known citizens of that municipality in Edward Bowser. From particulars received, it is thought that his end was sudden, as no previous intimation had been received of his being ill.

The late Edward Bowser was a son of the late Mr. and Mrs. Elijah Bowser, pioneers of Leeds county. He was born on a farm near Delta fifty-six years ago. He was educated at the public schools, and followed farming all of his life. He was a man who took a deep interest in public affairs, and served as a member of the municipal council of Bastard and Burgess South. In politics he was a staunch Liberal, and a member of the executive of the Brockville-Leeds Liberal Association. He was a member of Harmony Lodge, A.F. & A.M., Delta, and of the L.O.O.F. of the same place. His wife predeceased him a few years ago. He is survived by one
