In the World of Sport

The Fans Are Given a Baseball Rest

Baseball seems to have been forgotten in the city during the past week, and from present indications it would appear as if the teams were easing down on their schedules. As far as it can be learned, no outside teams are at present scheduled to play the local aggregations, and the cause seems to be that the hot weather has kept the fans from coming out and supporting the teams in a financial way. The outside teams are brought here at great expense, and due to the lack of a proper field to collect gate receipts, the management is dependent on the generosity of the fans. In the case of some people, who are able to help the sport along, giving has been almost negligible. The teams brought to the city have given the lovers of the sport the best of exhibitions, and if the people want more of these they will have to make it possible for the material to be brought to the city.

Hornsby Great Hitter.

Rogers Hornsby may be the first National league baseball player in over twenty years to turn in a mark above .400. The Cardinal sniper has been hitting far beyond National league stars of the last generation. He has, in addition to a keen eye and fine timing, the physical power needed to complete the essential qualifications. Last summer he dropped from .410 to .370 but he seems to be better fixed now for a steadier pace. Hornsby is the main luminary of the old league, the best ball player that circuit has developed since Wagner drifted beyond his prime.

The Grand Challenge Cup, considered the classic event of the Henley regatta, was won at Henley, Eng., by the crew of the Magdalen College, which defeated Jesus College by one length. The time was six minutes, twenty seconds. The Dutch oarsman, defeated J. Beresford of the Thames Rowing Club in the final of the Diamond Sculls, by a length and a half. The time of the race was eight minutes twenty-six seconds.

LAKE ST. LOUIS RACES.

Hitch Threatens Revival of International Yachting at Montreal. The races on Lake St. Louis between the Royal St. Lawrence Yacht Club and the White Bear Yacht Club, of St. Paul, Minn., for the International Trophy presented by G. Herriek Duggan, of Montreal, in memory of members of the Royal St. Lawrence Club who served overseas promise to create considerable excitement.

White Bears need to be made to race unless the course be made the regulation twelve miles, instead of the proposed nine miles, and have told the Royal St. Lawrence Yacht Club so. The sailing committee here refuses to discuss the matter today. The new cup was put up because when the Royal St. Lawrence Yacht Club challenged the St. Paul Yacht Club for the Scawanhaka Cup, which Royal St. Lawrence held for twelve years, the Bridgeport club would only defend it in salt water.

SPLIT THE SEASON

IN THE INTERNATIONAL There is reason to believe that the International baseball league will follow the lead of the Michigan-Ontario league and split its season. During the visit in Toronto of President John Conway Toole of the International league, President McCaffery of the Toronto club broached the matter to him. Mr. Toole agreed that something would have to be done to revive interest in the race which was over long ago. None of the other teams is going to catch Baltimore, the Orioles being in a class by themselves.

President Toole returned to New York and will take a telegraphic vote of the clubs of the league in the matter of splitting the season. The prexy has just completed a tour of the western end of the circuit, Syracuse, Rochester, Toronto and Buffalo, and found that the powers in the various cities are strongly opposed to the abolition of the draft. Their experience with Baltimore this season has served to confirm their belief that the taking away of the draft was a mistake. There is no doubt that the clubs will vote to start anew. Mr. Toole said nothing about the proposed assessments of the clubs, other than Reading, to assist the Marines in their financial difficulties.

Mrs. Roosevelt Answers Reformer

Replying to denunciation by the Rev. John Roach Straton of prominent society women who attended the Dempsey-Carpentier fight July 2nd, Mrs. Kermit Roosevelt, daughter-in-law of Colonel Theodore Roosevelt, said she "enjoyed the fight thoroughly and could find nothing debasing or disgraceful, as Dr. Straton calls it, in any feature of the affair." "I think boxing is a wonderful sport," she said, and I am going to have it taught to my children. As for last week's fight it was a perfectly sportsmanlike battle." She characterized a statement to the effect that Theodore Roosevelt would not have attended as "perfectly dreadful."

INVITE CANADIAN OARSMAN

T OMEET WESTERN CHAMP St. John, N.B., July 16.—Hilton Belyea, champion oarsman, who recently defeated crack New England oarsmen, has received a telegram from the secretary of Duluth Boat Club of Duluth, Minn., inviting him to meet the western champion, Walter Hoover, at the Northwestern regatta, July 23rd.

He cannot accept because of his engagements in the Canadian National Regatta, at St. Catharines, the last of this month and the even more important events at the international regatta at Buffalo, the first week in August.

Played Golf Without Coat.

Ambassador Harvey, who first jolted British conventions by wearing a top hat while riding in a Ford automobile in Hyde Park, hit them another wallop this week by playing golf without a coat because of the heat wave at the Hanger Hill course. British golfers, who cling to their heavy golfing jackets in all weathers, looked partly envious and partly disapproving, but none followed his example.

Some of the old-time baseball stars who have not been seen in uniform for years are to play in an exhibition game to be staged in Cleveland as a part of the city anniversary celebration July 22-30.

ATHLETES REACH GOTHAM

Tennis Players and Runners Came Over on Olympic. Arriving from England on the steamship Olympic at New York were many notables of the sporting world, including William T. Tilden, Philadelphia, world's singles tennis champion; Zeno Shimidzu, the Japanese tennis star, and the Oxford and Cambridge track teams. Shimidzu, who holds the tennis championship of India, comes to join the Japanese Davis Cup team of which Ichiji Kumagai and Seichiro Kashio are also members.

In the Cambridge party were: H. M. Abrahams, M. C. Gregory, H. B. Stallard, W. G. Tatham, W. R. Seagrave, L. F. Partridge, R. N. Burt, H. E. Waterhouse and E. S. Burns. The Oxford squad included B. G. D. Rudd, W. P. Milligan, N. A. Melrose, W. St. C. Ingram, M. C. Nokes, A. T. Reese, R. J. Dickinson and J. N. C. Ford.

LT. HARRY HAWKER. Famous aviator, who attempted to cross the Atlantic in May of 1919, and who was killed in an aviation accident at Hendon, July 12th.

Coach Rice Leaves Brockville.

James Rice, who went last month to coach Brockville Rowing Club crews, in preparation for the Canadian Henley Regatta, suddenly threw up his position Wednesday and left for Toronto. Lack of championship material in the four and eight oared crews is believed to have influenced Rice in his decision. What action the club will take towards sending crews to St. Catharines at the end of the month is yet unknown.

No one is too young to stand against that which he knows to be wrong.

Let us make happy the circle around us; be useful as much as we may.
