ESCAPE FROM LOSING LIFE.

Thomas Streight Was Rescued From McKenna's Creek. Bishop's Mills, July 15.—While out fishing on McKenna's creek recently, Thomas Streight had a narrow escape from drowning. He and Andy Greer were returning to the

shore, from an anchored fishing raft, when their boat capsized and they were both thrown into the deep water, and only by the heroic efforts of the latter was Mr. Streight saved. Mr. Streight, who is seventy-five years of age, and cannot swim, naturally feels very grateful to his rescuer.

OBITUARY

The Late E. H. Ball.

Edward Henry Ball, one of the oldest citizens of Kingston and one of the best known members of the Masonic order, passed away at his residence Thursday evening in his ninety-fifth year. The deceased was born in Cornwall, England, and came to Canada fifty years ago. He was a member of St. Paul's church, and was well known as the "veteran" tyler of the Kingston Masonic lodges, a position he filled efficiently for a period of thirty-six years. He retired about fifteen years ago. His wife predeceased him twenty years ago. He is survived by one daughter, Mrs. Remington, Kingston, and four grandchildren, Edward Remington, Chicago; John, Cleveland; Melville, Auburn, N.Y.; and Albert at home.

The late Mr. Ball was a clerk, and was for many years in the employment of the late, Melville Drennan. He was a member of Catarqui Masonic Lodge, the Royal Arch, Kingston Priory and the Scottish Rite. The funeral is to be held Saturday at 10 a.m., under the auspices of Catarqui Lodge, and a religious service will be held in St. Paul's church by Canon W. F. Fitzgerald.

The Late B. W. Talbot.

Benjamin W. Talbot passed away suddenly at his residence, 8 Raglan road, on Thursday night. He had apparently been in the enjoyment of his usual health, and his death was a shock to relatives with whom he lived. The deceased was born at Waterloo, Que., was thirty-five years of age, and was a florist and gardener. Surviving are two brothers, Robert, Rome, N. Y.; Arthur, Kingston; and two sisters, Mrs. James Hamilton, Kingston; and Mrs. Butler, Elginburg. The remains will be sent to Waterloo Friday evening, after the funeral service at the house by Rev. A. W. Brown.

Late Mrs. W. Shurtleff.

Mrs. Sarah Anselmy, widow of the late William Shurtleff, passed away at the residence of her son, W. M. Shurtleff, 79 Nelson street, on Thursday after an illness extending over a period of several years. The deceased was a daughter of the late Captain Daniel Anselmy, and was born at Batavia ninety years ago, and up to about twelve years ago enjoyed remarkably good health. She was well known at Glenburnie where she resided for thirty years. She was a Methodist in religion.

Surviving are one son, W. M. Shurtleff, of the Kingston Collegiate staff, five grandchildren, and one brother, J. W. Anselmy, Earl street, Kingston.

The funeral takes place from 79 Nelson street to Catarqui cemetery at 11 a.m. Saturday, Rev. W. S. Lennon officiating.

Theatrical

At the Allen.

Not every movie can boast of three leading-men, each of them famous on Broadway, and so it is that Goldwyn's productions of "The Highest Bidder," starring Madge Kennedy, stands out from a host of contemporary productions. Lionel Atwill, who has signed a contract by which he will be starred by Belasco in the fall, plays opposite Miss Kennedy. Vernon Steele of "The Hole in the Wall" fame, and Reginald Mason, of the "Adam and Eve" company—both successful Broadway plays—are also given important parts in the picture.

WANT KINGSTON IN CHAUTAUQUA CIRCUIT

Rotary Club Has Privilege of Hearing Dominion Committeeman Jordan.

The Thursday luncheon of the Kingston Rotary Club was one of the most interesting and enjoyable that has been held since the organization of the club. Leman A. Guild, vice-president, occupied the chair, and proved to be most vigilant in detecting delinquents, a circumstance that created great amusement, and showed him to be a highly efficient presiding officer. The feature of the occasion was an address by F. R. Jordan, of the Dominion Chautauqua committee. It was the first occasion that Kingston has been honored by this organization, and the club is indebted to Vice-President Guild for the privilege of hearing one of its speakers, and for the proposal to bring Kingston into the Chautauqua circuit which will assure the Rotary Club of many prominent speakers in the future.

In an interview with a representative of the British Whig, Mr. Jordan gave some interesting facts relating to the activities of this wonderful institution of the English-speaking peoples. The name is derived from a town, and during the year 1920 the number of Chautauquas held in the United States and Canada was 8,681; in Canada alone, 891; number of season tickets sold in the United States and Canada, 5,148,600; in Canada alone, 765,000; total number of different people who attended, 10,456,590; in Canada, 1,463,750; aggregate attendance in the United States and Canada, 36,868,900.

A special room was assigned to the club for the luncheons and the tables were beautifully decorated. Rotary songs were rendered with vigor and all who attended received new enthusiasm for Rotary.

TANLAC PROVED BLESSING TO HER

Toronto Woman Had Suffered For Eight Long Years But Is Now Well and Happy.

"I am now enjoying splendid health for the first time in years and I owe it all to Tanlac," said Mrs. A. Richmond, of 883 Gerrard street east, Toronto.

"For eight years before I got Tanlac I hardly knew what a well day meant. I never felt like eating, and always after meals gas formed on my stomach and nearly suffocated me. At times I suffered so from palpitation I thought my heart was affected. My nerves were so out of order that the ringing of the telephone would make me jump. I often lay awake nearly all night and would get up in the morning feeling so bad I just didn't want to move. I tried everything I could think of in seeking health, but in spite of it all kept getting worse, and I became very gloomy and low spirited.

"Well, my mother persuaded me to try Tanlac and the medicine has certainly been a blessing to me. Why, I eat three big meals every day now and enjoy every mouthful and have gained considerably in weight. My sleep is sound and restful and I am so much stronger that I can keep busy all day long and never feel tired. In fact I feel as well as I ever did in my life, and I just can't fully express my gratitude to Tanlac."

Tanlac is sold in Kingston by A. P. Chown—Advt.

SMITH'S FALLS EDITOR DIES VERY SUDDENLY

G. F. McKim Collapsed at His Summer Home on Thursday.

Smith's Falls, July 15.—Mr. G. F. McKim for 35 years publisher and proprietor of The Record News, died suddenly at his summer home, Rideau Lake, near here yesterday. Mr. McKim rose as usual and after breakfast was chatting with his family and guests remarking only a few minutes previously on how well he was feeling, when he suddenly collapsed, and despite skilled attendance, passed away in a few minutes. He was prominent in the social, religious and business life of the community, having served several terms as mayor of the town, for years as chairman of the library board, president of the Red Cross, and on several occasions contested the riding in the Liberal interests for the federal house. He was born 62 years ago at Addison, Ontario, and is survived by his wife, two sons, Charles Harwood, barrister here, and Gordon F., of the Bank of Nova Scotia, and one daughter, Helen, graduate nurse of Toronto. The funeral will be held Saturday afternoon under Masonic auspices.

Don't Want Immigrants.

Ottawa, July 15.—At the present time the federal department of immigration is not doing any advertising for immigrants in Great Britain, in view of employment conditions in Canada, so the protest from the Toronto board of control is rather ill-founded, declared an official of the immigration department this morning. The Toronto board, acting on request of a deputation of ratepayers, had decided, according to a press despatch, to petition the federal government to stop advertising for immigrants in Great Britain. If this was not complied with, the board was going to advertise Canadian employment conditions in English papers. At the federal department of immigration, it was pointed out that a great deal of the advertising for immigrants in British papers had been inserted by officials of the Ontario government, rather than the federal department.

Appointed Cornwall Postmaster.

Cornwall, July 15.—T. E. Petpiece, who has been acting postmaster at Cornwall since the retirement of J. H. McMillan in January last, has been notified by the civil service commission of his appointment as postmaster. Mr. Petpiece entered the postal service 32 years ago in Merrickville, where he served for ten years. He then went to Brandon, Man., was on the postoffice staff there for a year. He returned to Brandon to take a position in the Cornwall postoffice. For twenty-one years he served the public here.

To Bring Jewish Orphans.

Ottawa, July 15.—Mrs. A. J. Freeman, philanthropist charity worker, and organizer, left yesterday for Europe to attend the culmination of perhaps the greatest charitable deed she has performed in her long and faithful ministrations to the ill of humanity. She is leaving to superintend personally the bringing over of 150 Jewish waifs, orphans of the late war, to be adopted in Canadian Jewish homes.

Dockworkers Charge Police.

Kobe, July 15.—Troops were called out to-day after thousands of striking workers in the dockyards here had charged a police cordon in an attempt to take possession of the dock yards and carry out a project for their control by the workers. A number of strikers were wounded and the ringleaders were arrested.

An Open Letter to Retail Merchants

Assuming people have money (Savings Banks Deposits, January 31st, were one billion three hundred odd million dollars), the great force in making them buy things is to stimulate a buying atmosphere.

This can best be done by newspaper advertising.

But we do not advocate Continuous "Slaughter" Sales Copy. In fact, we think this more of a handicap than a help to business under present conditions.

While the public is led to believe that prices are still falling, it will remain hesitant to buy until they reach rock-bottom.

Sound buying atmosphere can be created only by the persistent and sustained effort of merchants in all lines, indicating the utility and quality of merchandise, and pointing out that values are stable.

This, however, is the best possible time to create the buying atmosphere. Spring is the Opening-up Time. Impulses that have lain dormant for months are blossoming out.

Sunshine and the lengthening days make nature sunny and loosen purse strings. The doffing of the coat reveals Vanity. Vanity causes people to buy things. This is true not only of wearing apparel—it is true of the hundred-and-one things that are bought for the house, incident to the annual event known as spring cleaning.

Every merchant in this city should bring his big guns to bear upon advertising for the next few weeks. If all do it, the buying spirit will just as surely follow as day follows the night.
