At The Allen. Winthrop Chase, Sr., is making a fight for the office of mayor of Hardiston. James T. Hollow, backed by Congressman Amos Carell, is his opponent. Winthrop Chase is for 'cleaning up the town.' His opponents represent the sordid element. 'Wint' Chase, Jr. is a wild, reckless, irresponsible young fellow who has been a thorn in his father's side. Hollow and his associates frame up a practical joke on Chase, Sr. They influence the voters to write 'Jr.' on the ballot whereon the name of Winthrop Chase appears. When 'Wint' learns of the practical joke played on him, he is amazed. His father is embittered by what he thinks is his son's humiliating trick on him. 'Wint' leaves home. This is the story of Tom Moore as 'Wint' Chase in 'The Great Accident'. The feature attraction at the Allen Thursday, Friday and Saturday.—Adv.

CHEESE TOOK BIG DROP

Salesmen Refused to Sell—Protest Against Babcock Test. A big slump was registered at the Frontenac Cheese Board, when the highest bid made was 20 3/8 cents. Last week the price was 23 5/16 cents. The salesmen were not prepared for a sudden drop today and all of them refused to sell. Joseph Garrah, the president, occupied the chair, and William Pillar, secretary, produced a resolution from Picton, calling on all dairy men to protest against the Babcock test made compulsory in the Dairy Standards Act, passed at the last session of the legislature. The resolution, which was as follows, was unanimously adopted, on a motion of J. Garrah, seconded by Mr. Spooner, and the secretary was instructed to notify the Picton board of the action of the Frontenac board: "That 'This Prince Edward County Cheese Board' memorialize the Ontario government to have 'The Dairy Standards Act' amended at the next first session of the legislature, so as to provide for the optional application of 'The Babcock Test' where and when deemed necessary or expedient by the person or persons in control of any cheese or dairy factory in the province. "That the president and secretary sign and seal this resolution, the secretary being hereby authorized and instructed to transmit a copy thereof to the Honorable The Minister of Agriculture of Ontario; also to have printed a sufficient number of copies to forward one to the secretary of each cheese or butter factory board in the province, with the request that they submit this resolution to their respective boards for adoption and transmission to the Honorable Minister of Agriculture, with a view to collaborate action in this all important and vital interest of the sons engaged in every branch of the dairy products of the province." There were eleven factories represented and the number of cheese boards was colored 358 and white 28. Bids were started by L. W. Murphy at 20 cents and at 20 3/8 cents. John Gibson selected Arigan, Glenburnie, Sunbury, Parham, Desert Lake, and L. W. Murphy selected Gilt Edge, Ontario, Silver Springs, Thousand Islands and Wolfe Island. All refused to accept the price.

URGED TO PLAY FAIR

Only 500,000 French Taxpayers Declared Incomes. Paris, July 21.—On the front page of the Petit Parisien is an article which bears the headline: "Only 500,000 taxpayers have declared their incomes." In the face of the shortage in the French budget estimate, announced the other day of 2,500,000,000 francs the Petit Parisien exhorts its readers to play fair and pay up. But the income tax is new and not a popular tax in France. The Frenchman prefers to pay indirectly in some way that does not feel bad, that is, if he must pay. In 1919 there were just over half a million people who declared their income for revenue purposes. In 1920 the return was somewhat higher, but this year, says the Petit Parisien, it is falling off again. Further, half of those who have declared their incomes have returned figures so small that the revenue will be little or nothing. As there are some 9,000,000 persons in France who paid taxes under the old schedules, the Petit Parisien estimates that the half million who have returned tax schedules are but a small proportion of those who ought to have done so. Then a word of warning is added that the ministry of finance is about to increase the number of inspectors and get busy tracing down those who have not made any return.

Falconry originated in Central Asia 2,000 years before Christ. In Europe during the middle ages it became the chief sport of the aristocracy, and in England called forth more ardor than fox-hunting. The charge against Hartley Dewar, K.C., of speeding on the Toronto-Hamilton highway, was dismissed by Police Magistrate Davidson, Toronto. On Thursday last, Rev. G. W. McCall, Brockville, performed the wedding ceremony of Miss Allura Plant, Syracuse, N.Y., to Delbert Bolton, who resides near Athens. At Brockville on Wednesday, Rev. G. W. McCall united in marriage Miss Nellie Mae Ketcheson, Stirling, to Dr. Frank Zwick, a well known practitioner of Stirling. After lying off the coast of Scotland more than 300 years, a gallica of the Spanish armada has recently been partly salvaged.

DR. J. W. EDWARDS' VIEWS COL. A. ADAMS, D.S.O., DIED IN ENGLAND

He Sees a Loss of National Conscience in the Dominion. "I am glad that the farmers of Alberta have enough members to carry on the government," was the comment of Dr. J. W. Edwards when asked his views on the election. Continuing, he said that the worst thing that could happen when several parties are represented in an election was the failure of one party to come out strong enough and two or three were placed under the necessity of compromising and giving up to each other the very things they fought against at the polls, thereby defeating the will of the people who elected them. Dr. Edwards did not wish to make any extended observations respecting the immediate outlook in federal politics, but he sees a danger in the loss of national conscience and the attempt of occupational and other groups to obtain power for their own particular purposes and without due consideration of the interests of the whole country.

Word has been received by Mrs. John Fisher, Portsmouth, of the death of her brother, Col. Alex. Adams, D.S.O., O.B.E., R.E., at Eastbourne, England. Col. Adams is a graduate of the Royal Military College. After getting his commission in the Royal Engineers he served six years in India and the past twenty years in Egypt as manager and president of the Egyptian Delta Light Railway. When war broke out he resigned his position and joined with the Royal Engineers of England, remaining in Egypt throughout the war. After the war he became deputy director of works and buildings, headquarters middle east, Royal Air Force, Cairo, Egypt. Owing to ill-health he was compelled to leave Egypt for England where he remained until his death. He was the son of the late James Adams, architect, with the domain Catherine Fox, daughter of the Hon. Mrs. Fox, and a niece of Lord Falkland, of England, who still survives him, together with his sisters, Mrs. John Fisher and Mrs. D. A. McCune.

Caused Much Alarm. A bulletin received by the Whig late Wednesday afternoon, from Yarmouth, N.S., stated that the steamer Binghamton, which ran aground at Gannet Rock, had been almost totally destroyed by fire. A visitor in the city, J. Baker, who is staying with relatives on Earl street, read the bulletin and as his wife and child were on the vessel, naturally became very much alarmed. However, he got into communication with Montreal and was given the information that the report about the vessel being destroyed by fire is untrue.

Ottawa Kiwanis Club. W. M. Gladish, automobile editor of the Ottawa Journal, with Mrs. Gladish, was in Kingston to-day. Mr. Gladish has been "logging" the road for the trip of the Kiwanis Club of Ottawa to this city on Saturday, July 30th. It is expected that twenty-five cars with 100 members of the Ottawa club will be here. They will visit the places of historical interest, attend the luncheon of the Kingston Kiwanis club on Monday, and a baseball match will also be one of the features.

OATS REPORTED AS TWO-THIRDS CROP. Aid. Trevelton Back in City From Official Visit to Prince Edward. Belleville Ontario. "By now every clip of grain is cut in Prince Edward," states Aid. Sam Trevelton, who returned from judging oats in that county. In all he judged for the Picton and Southampton agricultural societies twenty-nine fields of oats. On Monday morning Mr. Trevelton started in and found that the grain ripened so rapidly that after two days' waiting for the judges, binders were put in three fields in Picton district and two in Southampton. Mr. Trevelton received his instructions to go judging only on Saturday afternoon. Grain is only a fair crop in Prince Edward. There are only two kinds of oats sown in Prince Edward—"A.B.C." and "Banner." Oats are only about two thirds of a crop. Mr. Trevelton was told there were many fields of oats on which rain had not fallen from the day of sowing until the harvest. "The corn crop is extra fine," said Aid. Trevelton. The dry weather has just brought it along. It stands four to five feet high, acres and acres of it and with the recent rains there will be an enormous corn crop, for it has six weeks yet to grow. There will be no shortage of fodder in Prince Edward, thanks to the corn crop. Barley is a pretty fair crop in Prince Edward. There is quite a lot of spring wheat and fall wheat, but there is only a fair crop. Floughing is in full progress in many parts of the county.

DARING KIDNAPPERS. Hold Business Man for Ransom of \$50,000. Sharon, Pa., July 21.—Kidnappers are holding Thomas R. Randolph, 32, prominent local businessman, for \$50,000 ransom, according to letters from Randolph and the kidnapers received by Randolph's father, E. V. Randolph. The letter to the father said in part: "We have your son in our custody and will not release him until you give us \$50,000. Get the money from Henry Buhl, of Pittsburg, or Mrs. Frank H. Buhl, of Sharon. Get \$10,000 in twenties and \$40,000 in fifties. Don't get any bills over fifty. "Go to Pittsburg Tuesday, at 9.40. Take the chair car and sit on the right side near the window. "If you get this Tuesday turn the light on in your house from 8 p.m. This will be the signal and we can confer with you." The letter from the abducted man urged his father to pay the money and secure his release.

In the doubles which started last evening, J. F. McMillan won from M. Manahan by a score of 16 to 13. R. S. Graham from Dr. R. C. Cartwright by a score of 13 to 11, in the A. series and in B. series, E. Green won from F. Crozier by a score of 12 to 10. Thirteen players have already entered the double tournament arranged for civic holiday. The committee in charge is H. W. Newman, convenor, W. Linton and E. Green. Not Likely To Change. With the coming of the rugby season again comes the report that Jack McKelvey will be leaving Queen's ranks to attend another university. To those who know the facts this seems rather improbable. The athletic star this year will be in his final year in Arts, having carried along in his class work, as well as in sports, and it is hardly likely that he would leave the university at this time. He is a member of the Athletic Board of Control of the university, having been elected to that position by the students last year. His capacity has done valuable work. He was appointed for a two-year term and will be a member of the board this session. This is not the first time that such reports have been circulated and this fall will likely find McKelvey wearing the tri-color.

To Play This Week. The Havana Red Sox scheduled to play the Ponies here Friday at 6 o'clock and Saturday afternoon at 3 p.m. are famous for their songs and stunts that keep the crowd in merriment. But that is not all they can do, for ball playing is their forte. They always make the game interesting and will keep the home team going to beat them. A Game Postponed. The game scheduled for Wednesday between Wolfe Island and Sydenham at Wolfe Island has been postponed until July 30th, as it was not possible for the Sydenham team to get to the island, as they could not make boat connections. Night Shift Laid Off. Toronto, July 21.—Within a week or ten days night operations on the big Chippewa Hydro development work will have ceased, and practically the entire night shift, numbering from 3,000 to 3,500 men, will have been laid off. Failure on the part of the men on the night shift to give anything like a labor return which would justify the big expenditure involved in employing them forced the Provincial Hydro Commission at its special meeting yesterday to come to this decision. At Corinth, N. Y., a special train containing strike breakers for paper mill, was met by employees on strike. The windows of the coaches were smashed and other damage was done.

De Luxe Trip To The Saguenay River

The finest river cruise in all America is the journey from Montreal down to the lower St. Lawrence and up to the head of the Saguenay. The picturesque scenery of the latter river, its rock girt banks, and its wonderful Capes Trinity and Eternity, all combine to make this a trip which lives in the memory for a lifetime.

SPECIAL SIX-DAY CRUISE WITH STOP-OVERS AT ALL POINTS OF INTEREST EN ROUTE

S. S. "Cape Eternity" leaves Montreal every Saturday night at 7 p.m., calling at Quebec next morning. Then a whole glorious day on the lower St. Lawrence, finishing with the moonlight trip up the River Saguenay, arriving at Chicoutimi at dawn. The return journey gives you the same scenery by daylight. Arriving at Tadousac, in the evening, you stop to see the Government Salmon Hatcheries, historic church, etc. Leaving again Tuesday morning we arrive at Murray Bay for afternoon tea at the company's hotel, Manoir Richelieu, and a dance in the evening—back to the steamer and away for Quebec. Arriving Wednesday evening you enjoy a Band Concert on Dufferin Terrace. All day Thursday is spent exploring the city, the Shrine of Ste. Anne de Beauport, the Montmorency Falls, etc., returning to the steamer again at 5 p.m. for Montreal, which is reached Friday noon in time to make connection with the steamer for Thousand Islands, Toronto and points west.

This is the trip that your friends have told you you should not miss. Every comfort and convenience on board with no extra hotel expenses, as you sleep and have all meals on the steamer during the entire journey.

CANADA STEAMSHIP LINES, Limited KINGSTON OR 9 VICTORIA SQUARE, MONTREAL

Everybody Smokes OLD CHUM

"The Tobacco of Quality"

HAD A RARE GOOD TIME. A Bunch of C.P.R. Men Were Out on the Water. A joint meeting of the Canadian Pacific Railway Ontario and Quebec Associations was held at Kingston on Wednesday, and the visitors, comprising seventy-five officials, representing every operating department of that great Canadian railway system, were the guests of J. M. Campbell, president of the Kingston board of trade and of the Kingston Navigation Company. These officials met periodically for the purpose of discussing railway matters, exchanging ideas, meeting shippers, and consignees and it was through the instrumentality of J. M. Campbell that Kingston was chosen for the meeting on this occasion. They reached Kingston early in the forenoon and at ten a.m. were taken for a trip by Mr. Campbell on the tourist steamer St. Lawrence up through the Bay of Quinte to Picton where the vessel was met by the mayor and town officials with twenty-five automobiles. The party was taken on a tour of Prince Edward, one of the most delightful spots in this province, and visited the Lake of the Mountains. Luncheon was served on board the St. Lawrence going up and dinner on the return trip. The business was conducted on board and the change from the confinement of a business office was greatly appreciated by all present. The weather was glorious, a fine breeze blowing from the south east in the morning which shifted to the north in the afternoon. There was not a moment that was not enjoyed by all on board. Before leaving, the Association expressed its warm thanks to J. M.

ADMITTED TO BAIL. Date of Trial of Mrs. Bridgen Not Yet Fixed. Mrs. Mary Bridgen, committed for trial on a charge of securing poison and endangering her life and that of her three children, was, on the order of Judge Lavell, admitted to bail in the sum of \$1,000. Bail was arranged for by her counsel, W. M. Nickle. The date for the hearing of the case has not yet been fixed, but the case will probably come up in the fall. What Quebec Will Do. Montreal, July 21.—Every possible assistance will be given to Ontario to prevent breaches of the new prohibition law originating in this province, but individual passengers taking a bottle across the line in their baggage will not be interfered with from this end.

RESULT NO SURPRISE. Toronto, July 21.—The results of the Alberta elections are only what one might expect, in view of the consciousness that is possessing the farmers, especially the farmers, said J. J. Morrison, secretary of the United Farmers of Ontario. When questioned as to the probability of an early general election, Mr. Morrison spoke as follows: "The Dominion government has had a number of notices nearly as pronounced as Alberta, which have not moved them to political action, so why should we expect that this one will?"

On Thursday evening, July 7th, a number of friends and neighbors gathered at the home of Mr. and Mrs. Norman Jackson, and gave a variety shower in honor of Mr. and Mrs. R. W. Coulter.
