NOT TO REDUCE PRICE OF GAS FOR PRESENT

The Utilities Commission Decides That the \$2 Rate Must Stand.

There is little hope that the price of gas will be reduced before the end of the year. The Utilities Commission considered the matter again at its meeting on Tuesday afternoon, Chairman R. F. Elliott declaring that the gas consumers, in his opinion, were entitled to a reduction. Mayor Nickle and Commissioners Burns and Hewitt did not favor a reduction just now, and the mayor's resolution to take no action "at present" was adopted. Commissioner Burns pointed out that the gas department overdraft was \$47,000, minus of course stock valued at \$17,000. The department had to recoup itself for selling at a loss for some time and in order to meet heavy repair charges of the past few years.

John W. Watts again made application for a water main on Regent street so that he might extend his florist business General Manager Folger reported that it would cost \$2,960 to lay the necessary six-inch main up that street for the one service. The commissioners desired to help Mr. Watts if it were possible, but they are bound by the statutes, and in order to have a main constructed in Regent street the members decided that Mr. Watts would have to guarantee the sum of \$300 annually for ten years unless other consumers were secured. Six tenders were received for coal supply. The P. A. Fish Company, Toronto, received the contract to supply the commission with 2,300 tons of hard coal at \$14.03 a ton, and James Richardson and Sons, Ltd., for 1,000 tons of soft coal screenings at \$6 a ton. The commission will save about \$2,800 on its coal account over that of 1920. Commissioner Burns brought up the question of unfairness to landlords in being required to pay the water, gas and electric bills of tenants who moved out without paying. The charge is against the property, in case the tenants fail to pay, but it was felt that the commission's officials should notify landlords when tenants were in arrears. Against this it was pointed out that the books of the accountant did not contain the names of the landlords, but only those of tenants. An effort will be made to help the landlords by having their names placed on the tenants' cards in the accountant's office.

Mr. Burns asked the commission to consider a method in vogue in some other places, that of charging every new consumer for gas and electricity \$5 as a deposit. This amount was retained at the new consumer's credit as a guarantee and could be used in case the tenants got into arrears. The idea was regarded as a good one, but in view of present conditions, the mayor and the chairman thought it would be a hardship. However, the commission will keep the idea in view.

The commission decided to fix the salary of the accountant at \$2,000, an increase of \$300, as \$1,700 was considered too small a salary for the performance of the duties of that office.

Workmen Under-Nourished; Cannot Buy Food Needed

Mayor Nickle states that in the public auction sales that take place weekly here are furniture and even carpets that are being sold by their owners in order to meet the rent and buy food for the family. His worship informed the Utilities Commission on Tuesday afternoon that many workmen here are under-nourished and are unable to do a day's work. He cited a case where a workman and his family subsisted on bread and milk four days, a diet wholly unfit for a man handling a pick and shovel.

DATES OF FALL FAIRS.

Table listing dates of fall fairs for various locations: Almonte, Arden, Arrnprior, Bancroft, Belleville, Bowmansville, Centreville, Cobourg, Cornwall, Delta, Demorestville, Frankville, Inverary, Kemptonville, Kingston, Lanark, Lansdowne, Lombarly, Maberly, Madoc, McDonald's Corners, Merrickville, Morrisburg, Napanea, Odessa, Oshawa, Ottawa (Central Canada), Parham, Perth, Peterboro, Picton, Renfrew, Shannonville, Spencerville, Stella, Stirling, Toronto (Can. Nat.), Tweed, Wolfe Island.

STROUD'S TEA

The taste is the test.

TWICE TOLD TALES

News of Kingston.

TEN YEARS AGO. Wolfe Islanders are proposing H. A. Calvin as candidate for parliament against Dr. Edwards. The district is badly in need of rain. The potato crop has been set back materially by the dry spell. A meeting at Sharpston yesterday only three men voted against reciprocity when a ballot was called. The iron mines at Wilbur will close owing to the slump in the market. J. B. Hanna is here to wind up the local business of the syndicate. The steamer Norfolk is expected here tomorrow with 800 tons of steel rails for the K. & P. Railway. William McKay has taken a position on the staff of the Ottawa Journal.

TWENTY-FIVE YEARS AGO. Alderman Behan and Superintendent Hewitt today visited several parts of the city with a view to the extension of the waterworks system. A lively blaze in a pile of birch wood at Crawford's dock kept the firemen busy around noon hour. Dr. T. H. Farrell, a Queen's graduate, has established himself at Thousand Island Park as an eye and ear specialist. The crop outlook for this district is very good this year, fall wheat being about the only failure on the list. The trotters Fawn and Tomi have been entered for Trenton races tomorrow. S. Harkness is starter.

RONEY'S, Princess St.

MASONIC MEMORIAL SERVICE.

Was Held in the Methodist Church at Odessa.

Odessa, July 27.—The following are visitors in the city: Miss Mildred Schemerhorn, accompanied by her little cousin, Madge Quartz, Toronto, are spending their vacation with her parents, Mr. and Mrs. M. F. Schemerhorn, Mr. and Mrs. Fred Hillier and family, Peterboro, are at James Hillier's. Miss Margaret Mahar and Miss Beatrice Mahar, Montreal, are guests of Mr. and Mrs. Bon Emmons, Mr. and Mrs. George Sutton Lucas, Moscow, spent last Sunday with Mrs. Harvey Denyes. Mr. and Mrs. Roy Rose and family, Peterboro, are visiting relatives, Mr. and Mrs. Robert Clancy, Kingston, have been recent guests of Mrs. James McConnell. Mr. and Mrs. Treeman, Sydenham, spent last Wednesday at Lewis Snider's. Mrs. Mathews, who has been the guest of her parents, Mr. and Mrs. Thomas Graham, returned to her home in Rochester last Saturday. She was accompanied by her sister, Miss Fern Sproule.

ASK FOR PERCH AS BAIT.

St. Lawrence River Men to Petition Conservation Commission. Frank L. Raymond, secretary of the Anglers' Association of the St. Lawrence River, states that the river guides are getting up a petition to get permission from the conservation commission to use perch as bait for fishing at the Thousand Islands. A recent law passed by the commission forbids the use of perch for bait, but in former years the fishermen at the Thousand Islands used them. Mr. Raymond states that there are perch in great quantities this summer, and that they are the best bait to catch the black bass.

Lester Dossell was on Thursday before Magistrate Williams, Picton charged with keeping liquor for sale. The offence was proven and a fine of \$300 and costs imposed.

Mrs. C. J. Imerson, a well-known and most highly esteemed resident of Lyn during the past twenty-six years, passed away on Friday after an illness of two years' duration.

SAVE YOUR EYES

Younger people should have their eyes examined to make sure that their vision is not accomplished by a strain, which will lead to trouble later.

Older people should have their eyes examined because with increasing age the eyes lose their power to permit us to do close work or read with comfort.

Correct Glasses will relieve both these conditions if they exist, and our Optometrist will examine your eyes thoroughly and tell you whether you need Glasses or not.

R. J. RODGER

Optometrist 132 Princess St. Phone 347.
