**Realize \$470 at Bazaar.**  
The Ladies' Auxiliary of the Pres-  
byterian church, Cape Vincent, N.Y.,  
held a very successful garden party  
and-bazaar on C. B. Shaffer's lawn  
Saturday afternoon and evening. A  
concert was given by an orchestra  
and the Cape Vincent band. About  
\$470 was realized.

**Wins Women's N.Y. Championship**  
At Alexandria Bay Mrs. William  
Fellows Morgap, New York and Pa-  
posse Island, won the women's golf  
championship at the Thousand Is-  
lands Country Club tournament. Mrs.

Morgan is a champion in New York  
city, and is an expert golfer. Mrs.  
Morgan played the finals with Mrs.  
W. Newell Bannard, of Imperial Is-  
land.

**Made a Fine Swim.**  
Leslie Smith, Belleville, on Monday  
swam from Belleville to Massassa-  
ga Park, a distance of three miles and  
a half, in two and a half hours. Les-  
lie is only sixteen years old and his  
endurance test is all the more re-  
markable on that account.

**Tribute to Late Sergt. Bateson**  
Canon W. F. Fitzgerald paid a  
warm tribute to the late Police  
Sergt. James Bateson, at the funeral  
service held in St. Paul's church on  
Wednesday afternoon. "We all sym-  
pathize with the members of the fam-  
ily and members of the family,  
in having been bereaved of a

**ASPIRIN**  
"Bayer" is only Genuine  

**Warning!** Unless you see the name  
"Bayer" on package or on tablets you  
are not getting genuine Aspirin at  
all. In every Bayer package are di-  
rections for Colds, Headache, Neural-  
gia, Rheumatism, Earache, Tooth-  
ache, Lumbago and for Pain. Handy  
tin boxes of twelve tablets cost few  
cents. Druggists also sell larger  
packages. Made in Canada. Aspirin  
is the trade mark (registered in Can-  
ada), of Bayer Manufacture of Mon-  
oaceticacidester of Salicylicacid.

**CARELESSNESS**  
By CHARLES GRANT MILLER  
(Copyright, 1921. All Rights Reserved by United Feature Syndicate.)

One of the things that exert a most tremendous influence in life  
is carelessness. It is more common than stupidity, more disastrous than  
inefficiency.

The chief of the Pennsylvania bureau of mines and mining has  
reported that of the 595 lives lost in the past year in the coal mines of  
that state 282 were lost through carelessness of the victims themselves  
and 56 through the carelessness of other persons.

Analysis of the statistics of railway accidents shows that an asto-  
nishing proportion of the deaths and injuries are due to the carelessness  
of the victims. When the commonness of trespass and disregard of the  
simplest rules of safety are taken into the reckoning the wonder is not  
that so many are killed and injured, but that so many seem miraculously  
to escape.

And yet carelessness to the degree of being killed is rare in com-  
parison with the carelessness in everyday duties.

The lives snuffed out through carelessness may be counted but there  
can be no record of the infinitely greater number of opportunities in life  
that are lost through it.

Carelessness can neutralize talent as oil neutralizes an acid.  
Abilities are mighty forces in the world but the finest abilities ever  
developed in a brain may be rendered ineffective and impotent by care-  
lessness.

Untold legions of young men, well-trained for their work, industrious  
and ambitious to get ahead, fail to rise above the average success. The  
chances are that if they will make a careful study of themselves they will  
find that carelessness is affecting the everyday performance of their work  
as the deadly canker worm affects the growth of a seemingly thrifty plant.

The carelessness which is most fatal is not that which causes people  
to be killed. More's the pity.

More disastrous still—more fatal to the real life of this world—  
is the common carelessness which prevents us all from being always at  
our best and making the most of our opportunities.

**Crop Reports**  
From information collected through its  
network of Branches across Canada, the  
Bank of Montreal compiles periodical  
reports covering crop conditions in  
every part of the Dominion. These re-  
ports are transmitted over private tele-  
graph lines to central cities, from which  
they are mailed free to persons desiring  
the information they contain.  
If you wish your name to  
be placed on the mailing  
list, notify the nearest  
branch, or the Head Office  
in Montreal.

**BANK OF MONTREAL**

**A COMPLETE BANKING SERVICE**

good, honorable, faithful and up-  
right man," said Canon Fitzgerald.  
A large number of citizens walked  
in the funeral cortege.

**Could Not Remove It.**  
Miss Kessia Ferguson, daughter of  
A. M. Ferguson, Glen Elbe, is a pa-  
tient at the Brockville General hospi-  
tal suffering from a painful injury  
received at her home when a needle  
ran into her foot. Although located  
by the x-ray machine, efforts to re-  
move the needle so far have been un-  
availing.

**30,000 Farm Laborers.**  
It is estimated that to harvest this  
year's crops in Manitoba, Saskatche-  
wan and Alberta, it will require ap-  
proximately 30,000 men. The Cana-  
dian Pacific has arranged and is ad-  
vertising usual special fare of \$15.00  
to Winnipeg and will run special  
trains from Toronto, August 8th and  
17th. Special accommodation for wo-  
men and children. See any Canadian  
Pacific agent for full details.

**Death of Mrs. Fred Watson.**  
It came as a great shock to the  
many friends of Mrs. Fred Watson to  
learn of her sudden death on July  
22nd, says the Picton Gazette. The  
deceased had been in poor health for  
some time, but was confined to her  
bed only two weeks, when she peace-  
fully passed away. She was a loving  
wife, and a kind and affectionate  
mother, and was loved by all who  
knew her. The deceased was thirty  
years old and leaves to mourn her  
loss, a husband and one child four  
years old, her father, sisters and  
brothers.

**Danger of Being Spiked.**  
People who follow the baseball  
games are watching for the time  
when some of the spectators who  
crowd in on the diamond will be  
spiked when the players are fielding  
the ball. On Tuesday evening one  
boy had his stocking torn off, and  
was all but spiked when the catcher  
went into a crowd of lads who were  
in on the field. The executive of the  
clubs do all they can to keep the  
clubs back, but the warnings fall  
on deaf ears. It is left to the people  
to take care of themselves and give  
the players a chance.

**R.C.A. Returns on 29th.**  
The R.C.A., "A" and "B" bat-  
teries and the heavy battery, R.C.A.,  
now in camp at Petawawa, are ex-  
pected to break camp and return to  
Kingston on Aug. 29th. An advance  
party consisting of engineers and  
R.A.S.C. will probably leave on the  
27th in order to have Tete du Pont  
and Artillery park barracks in readi-  
ness. It was at first announced that  
the units would return on Aug.  
22nd, but a later report gives the  
29th as the earliest date for their  
return. The camp this year has  
been a great success and the health  
of all ranks is reported to be excel-  
lent.

**A Shortage of Milk.**  
There has been a shortage of milk  
during the past month, dealers being  
unable to supply the demands of  
customers or grocery stores. This  
has had the effect of stimulating the  
dairy industry generally, and this  
was observable in the rise in the  
price of cheese after the decline that  
took place in June. The patrons of  
the cheese factories are looking  
forward to a profitable season although  
the returns will not be quite so high  
as last year. The importance of the  
cheese industry to the farmers is ap-  
parent when it is stated that last  
year's returns for cheese alone ran  
from \$1,000 to \$1,500 on many  
farms possessing the average herd  
of Holsteins. Co-operative clubs  
have helped much in raising the  
farmer's profits. An instance of this  
was given by a young farmer, who  
realized \$13 on a calf sold at To-  
ronto for which local drovers offer-  
ed him \$9.

**Condition of Crops.**  
Harvest is already well under way  
in many localities in the district  
about Kingston. On Amherst Island,  
the farmers were taken completely  
by surprise and had to start their  
binders going before the hay was all  
taken off, so that haying and grain-  
cutting and threshing are going on  
simultaneously, an unprecedented  
condition. This has made heavy de-  
mands upon the farmers and they  
will be found in the fields right up  
to sun-down. The root crop and  
corn are not maturing as early as  
hay and grain, so that there will be  
no rush to store them. Regarding  
the yield it is stated that only the  
hay crop is short, corn, oats and  
roots being a good average crop.  
Much is hoped for from fall rains to  
bring on the after growth and keep  
up the milk supply which has ex-  
perienced a heavy falling off since  
July 1st, although many cheese fac-  
tories are still producing on Saturday  
nights.

**Would Seize Offending Cars.**  
Writing to the Toronto Mail and  
Empire, J. B. Walkem, K. C., says:  
"The many accidents connected with  
motor cars, which, in I should say  
ninety cases out of one hundred arise  
from speeding, for which the speeder  
gets off usually with a small fine, has  
suggested my writing you as to a  
method whereby the trouble might  
be checked, if not stopped altogeth-  
er. It is this: Seize the car, and have  
it placed in some building controlled  
by the city for a certain period of  
one, two or three months or more,  
according to the gravity or nature  
of the offence. I would also make an  
order restricting the driver from  
driving a car for the same length of  
time that his car is under restraint.  
These remedies should apply to cases  
of speeding only as the more serious
