OTTAWA KIWANIAN'S HERE

Kingston Club Won Cup at Baseball—Dinner at Frontenac Hotel.

The Kingston Kiwanians captured the Dominion championship baseball cup in an exciting game with Ottawa on the cricket field on Saturday afternoon, by a score of 31 to 6. It was the superior handling of the bat and team play in the field that determined the issue, and all of the Kingston team but one, scored runs. Stewart Robertson and Howard Dick making a record of the day by two runs each, in the fourth and sixth innings.

But it would never do for a team to be without its "Babe" Ruth, and Percy Borland was the one to smash the ball beyond the reach of the centre fielder and make a home run. It came in the first inning and Kiwanian Borland showed that he had a pair of legs as well as brawny arms, and he passed over the bases amidst wild applause. Percy is a star first baseman, too. But it would be tedious to particularize each inning, when the aggregate speaks volumes, showing conclusively that when "Stew" Robertson, captain of the team, selected his men and ran up his colors, like Nelson of old, he expected that every man would do his duty. Incidentally, the Ottawans learned something about the Kingston club which they sponsored at its birth. From a justly infant the Kingston club has grown to full stature, and requires no initiation into the mysteries of baseball.

Kingston was able to put up the better battery, in Kiwanians Dick and Driver, and the support on bases in the field left nothing to be desired. Kiwanian Argue delivered a good ball while in the box. He gave place to Bullock, and catcher Wilfred de la Ronde was replaced by Christy and they succeeded in shutting out the locals in the fifth inning. It was a business men's game in which men forgot the lapse of twenty years, and tried to show what they were in youth. All were good sports.

The Ottawa team motored from Ottawa to Kingston via Brockville accompanied by several Rotarians, and the boosting committee of the Central Canada Exhibition, consisting of manager J. K. Paisley, Controller-Bellharrie, Aldermen Pinard, McDonald, McElroy and Goulon. They came in ten automobiles and were met by President Frank Hoag and members of the Kingston Kiwanian club, and conducted to the cricket field where a large crowd of spectators had gathered to witness the contest.

After the game, the visitors were entertained at dinner in the Hotel Frontenac where the cup, captain presented to Stewart Robertson, captain of the winning team, by Harold Shipman, who was donor of the trophy. Mr. Shipman expressed the hope that a return match might be arranged next month.

Some of the side lights on the game: Some say that Harold Hughes was given a place on the team because he was the chief "bawli" artist of the club; that Howard Dick was "engineered" into the position of catcher; that Stanley Driver as pitcher was "framed." The line-up of the team:

Ottawa—W. de la Ronde c. Argue p. Christy 1b, Hearn 2b, McKinley ss, McMullen 3b, S. de la Ronde cf, Shipman lf, Bullock pf, Gladish rf.

Kingston—Ryan lf, Borland 1b, VanHorne 3b, H. Hughes rf, S. Driver p, R. Crawford ss, S. Robertson 2b, H. Dick c, J. Asselstine cf, J. Sowards spare man.

Ottawa ..... 112 1100—R  
Kingston ..... 1381009x—31  
Umpire, E. Hartrick.

Dinner at Frontenac Hotel. The dinner was enlivened by many features for which the Kiwanian clubs are famous, eloquent addresses and a splendid musical entertainment by Geoffrey O'Hara, the popular singer and song writer who also told a number of humorous stories; and H. S. Bates who led in the singing of "Sweet Adeline." During the roll call many fines were imposed. The list of visitors from Ottawa and other points was as follows: Dr. C. Woodman, W. E. Connell, L. H. Bates, Ald. McLroy, B. Pollock, A. Snowdon, A. Barr, C. Argue, McKinley, R. King, J. W. Nelson, H. H. Gibson, C. Cayes, C. Mills, Hamilton, Arthur Craik, Toronto, J. K. Paisley, W. J. C. Allen, Kingston, W. C. Cross, Controller J. B. Bellharrie, J. Donaghy, Ald. G. H. McDonald, G. McDonald, J. A. Law, F. J. Hearn, Mr. Gladish, H. M. Bellamy, A. Musson, Toronto, C. H. Veale, F. Allen, G. Bridgeland, Mr. Skuce, Harold Shipman, Stewart de la Ronde, Ald. E. Goulon, Mr. McMullen, Ald. Pinard, Wilfred de la Ronde. Two undertakers were fined for sitting at the same table and Stewart de la Ronde suggested to President Frank that he make the fine a stiff one. Needless to say there were not two Kingston undertakers.

Corliss Kayes, president of the Ottawa Kiwanian Club, was the first speaker. He congratulated the Kingston Club upon its fine baseball team and extended a warm invitation to all to visit Ottawa as guests of his club.

Ald. Pinard, in an eloquent address, expressed appreciation of the entertainment given by Kingston, and boosted the Ottawa Fair. He also paid a warm tribute to the Ottawa Kiwanian Club for its support of the Ottawa Fair, and other civic enterprises. On behalf of the city he extended an invitation to all to visit Ottawa.

Controller Bellharrie told of some of the activities of the Ottawa city council. Much was being done to improve conditions among children. The sum of \$25,000 is being spent on children's playgrounds and forty

baseball teams have been organized among the children of the city. Three civic bowling greens are being established for adults. Substantial assistance was given the city enterprises by the Kiwanians. He expressed the hope that a return baseball match might be arranged for between Sept. 9-19th when the exhibition would be on.

J. K. Paisley, manager of the Ottawa fair, told of his efforts to get the citizens of Ottawa interested in the fair and back it up. The result was that every Ottawa man was an advertiser and wherever he was he always asked "Are you coming to our exhibition?" This was the greatest advertising Toronto had adopted the same course, with excellent results. The city controllers and aldermen were all friends of the fair and boosted it all the time.

Ald. McDonald, chairman of the special attractions committee, spoke on the midway. Nothing coarse was permitted, but the midway was a great attraction because it was maintained at a high standard.

"Bob" Bushell, manager of the Kingston Fair, told of its development during a period of six years. He paid a high tribute to the management of the Ottawa Fair, which had grown to be a great civic institution, second only to that of Toronto. Touching on the Kingston Fair, he said that it could be made equal to the Ottawa Fair if bigger grounds were provided.

Rotarian W. R. Cummings also boosted the Ottawa Fair and invited the Kingston members to visit Ottawa.

A STRONG APPEAL MADE

For the Medical Men to Fight Bovine Tuberculosis.

Lt.-Col. W. J. Morgan, V.S., has returned to the city from Toronto, where he attended the convention of the Ontario Veterinary Association. Lt.-Col. Morgan was elected to membership on the educational committee.

Discussing the convention, Lt.-Col. Morgan stated that the most notable feature of the addresses given was the address of Dr. F. Torrance, Veterinary Director-General, Ottawa, on bovine tuberculosis, in which he asked for the co-operation of the medical profession in the fight against the disease, which has now been recognized as having a fatal relation to tuberculosis in children. Until this

was done, and medical health officers and municipalities are moved to action, diseases that are transmitted through the medium of polluted milk will not be stamped out. There are but nine municipalities in Canada today that have availed themselves of government inspection of cows that are the source of their milk supply, but in all of them there has been a great reduction in infant mortality and other contagious diseases.

Dr. Torrance said that the attention of the public has not been sufficiently directed to the cause of tuberculosis in children. The tubercular cow is still too prevalent with its fatal effects. In England, 10,000 children who die each year, under the age of five years from tuberculosis, 34 per cent, are affected with tuberculosis of the bovine type, which can mainly be traced to the infected cow. It would be reasonable to suppose that the same percentage of deaths from the same type would apply to the large number of children under five years who die annually in Ontario from tuberculosis.

He pointed out that while the problem of eradication is largely one for veterinarians, the fatal relation the disease has to human life, especially the lives of milk-drinking children, merits the support of the medical profession and the public in the fight.

The veterinary alone is helpless. He can treat or have destroyed cows that are tested and show the disease, but cannot compel owners of herds to submit them to the tuberculin test and affected herds continue a menace to safety and health until the municipalities are moved to demand government inspection. The failure of municipalities to do this is due to ignorance and indifference.

SEVEN IN FAMILY SEE THEIR GOLDEN WEDDING Large and Long-Lived Were the Renwicks; One Just Passed Away.

Cobourg, Aug. 13.—To be a member of a family of fifteen children, most of whom reached the age of eighty years and two of whom went beyond the ninety-year mark, and to be one of seven in the same family who celebrated their golden wedding anniversary, were unique features in the life history of Thomas Renwick, who died a few days ago at Kirkland, De Kalb county, Illinois. He was the fourteenth child of Walter and Mary Renwick, and was born in Dumfriesshire, Scotland, in 1833. In 1855 the family came to Canada in a sailing vessel and settled in Clarke township, in Durham county, doing pioneer work in the early settlement of that locality. Some years later Mr. Renwick went to Illinois and settled in South Grove township. His wife, to whom he was married fifty-seven years ago, and two daughters and a son survive him. Also a brother, Robert, residing at Maple Park, and two sisters. Deceased was a brother of the late Mrs. Walter Riddell of this town and an uncle of Justice William Renwick Riddell, Toronto.

Come Along. Joyceville Hockey Club will hold a masquerade dance at Shortell's grove Wednesday, Aug. 17th. A good time is assured.

PROBS:—Tuesday, fine and cool.

A Talk Upon the Advertising of This Store!

You can take it for granted that every advertisement appearing under the signature of Steacy's Limited, is a warranty of truthfulness.

We believe that facts alone should rule our advertising policy, and in order to establish these every line of copy that goes into our advertisements is subject to the severest censorship.

The use of comparative figures is permitted only when the actual worth of the article is established.

Furthermore

- 1—We guarantee without reservation every printed statement.
2—We guarantee satisfaction with every purchase.
3—We are building and increasing our patronage through truth in advertising.
4—And last but by us means least—always remember what you see in our ads. you will find in our store.

Just arrived from New York

and from leading Canadian manufacturers New Suits, New Coats, New Dresses
