A SYDENHAM CELEBRATION

Big Crowd Enjoyed Programme of Loughboro Library Board

Sydenham, Aug. 25.—If last year's celebration and civic holiday is regarded as a "red-letter day" in the history of Sydenham, that of this year, arranged by the board of Loughboro Memorial Library, will be regarded in no lesser light. The event of the year for the village was thought of as the common work of all in order that the success which the cause merited might be realized.

Although not planned on quite so large a scale as last year, the afternoon and evening proceedings went off without a hitch, and the board may be congratulated on the splendid success attending the enterprise. Throughout the day, no sign of rowdiness or disorderly conduct of any kind was witnessed, and soberness prevailed.

Decorations of various descriptions were seen on the streets and on the grounds in Sulder's grove, and the zeal with which residents worked to make their homes look attractive was particularly noticed. The booths on the grounds were also decorated and did a rushing business, both afternoon and evening, dispensing to the crowds which patronized their tea cream, candy, fruit, and soft drinks. There was a lunch counter besides, to supply those who wished meals and refreshments. For the evening, electric lights had been installed.

The inaugural event of the day was the automobile parade, in which two prizes were offered for the best adorned car. Starting from the Canadian National Railway station, and headed by the Salvation Army Brass Band of Kingston, the parade proceeded up George and Mill streets to the entrance of the grove. The cars stretched out over a length of almost half a mile, and presented a pretty sight to onlookers along the way. Arthur Callaghan, Kingston, captured the first prize for the artisticness of his decorations, and Edward Wood of Sydenham, gained the second award. D. Rogers, designer, Detroit, Mich., acted as judge and had a difficult task to perform.

Arriving at the grove and baseball field, the cars were parked, and the crowd settled down to watch two fast baseball games. The first game which, after drawing lots, fell to Wolfe Island, and Sydenham got under way at 3.15 o'clock, and the teams seemed fairly evenly matched for a time, but the locals soon began to fall on Spoor's offerings, and he was hit freely, the home team getting in at least one run in every inning except the fifth. Some fast work was put in by both aggregations, the spectators thoroughly enjoying it. The Islanders made a spurt in the first inning, securing two runs, and made another one in the last, getting three, but these were not enough to come up to Sydenham. The final score read 10 to 5 in the local's favor. The teams were:

Wolfe Island — Olson c, J. Ryan 2b, cf, Spoor p, LaRush cf, 2b, A. Ryan 1b, Kell ss, Conley 3b, Goodfriend lf, Briceland rf.

Sydenham — Foxton rf, Koen p, Young 3b, A. Lee ss, Knapp 1b, Perry lf, Bliss cf, R. Lee 1b, Roche c.

Score by innings: R H E

Sydenham . . . 1321021—10 11 2
Wolfe Island . . . 2000003—5 8 3

By winning the first game, Sydenham qualified to meet Yarker in the second and final contest. This encounter narrowed down to a pitching duel between Dunn of Yarker, and Young, twirling for the locals. Young only allowed one hit, which was grabbed by Dolby on a grounder through short-stop. The youthful local hurler had fourteen strike-outs and Dunn str. Except being a trifle duller in places than the first game, the second was almost as good, exciting plays being few. By agreement each game lasted only seven innings, and even then the last man was not called out until about 6.30. G. R. Hornbeck, Kingston, umpired in his usual faultless fashion. A foul hit in this game struck Wilton Brawley and for a while he was slightly disabled, but by night he was reported well again. Two other foul tips hit spectators in the face, but no injury was caused. The line-ups in the second game follows:

Yarker — Yarker c, Smith ss, Dolby 1b, Huffman lf, Edgar cf, G. Dunn 3b, Omara rf, W. Dunn p, Maddigan 2b.

Sydenham — Foxton rf, Koen 3b, Young p, A. Lee ss, Knapp 1b, Perry lf, Bliss cf, R. Lee 1b, Roche c.

Score by innings: R H E

Yarker 0001010—2 1 4
Sydenham 201000x—3 3 3

J. H. Sedgewick had the arrangements for the baseball tournament in hand.

A brief interval was allowed before the commencement of the evening garden party and band concert. Once again, as in the afternoon, crowds thronged through the entrance to the grove, where the Salvation Army brass band, of twenty-five pieces, under the baton of bandmaster George Granger, discoursed music which was pleasing and entertaining to the listeners. A much appreciated number was the rendering of Nevin's "The Rosary," as a cornet solo by Stanley Kinch with band accompaniment. Comment was unanimous concerning the merit of the band. A brilliant display of fireworks was a delightful feature of the evening, given under the supervision of F. Sine and Dr. M. Tovell. Two balloons were sent up and when last seen were far in the distance.

The satisfactory result of the day's proceedings is largely attributed to the officers of the library board, namely: Rev. G. Stafford, chairman; Mrs. G. W. McNaughton, secretary;

and S. W. Alexander, treasurer, who were untiring in their efforts to perfect all details. It was estimated conservatively that 150 cars were here during the day, and between 500 and 600 people attended the garden party in the evening, slightly exceeding the afternoon attendance. The gross proceeds for the day are likely to amount to over \$500.

AMBITION PLANS FOR OTTAWA EXHIBITION

Formal Opening By Baron Byng Gives Unusual Impetus

The fact that His Excellency Baron Byng of Vimy, governor-general, will formally open the Ottawa exhibition and later receive the men of Eastern Canada who served under him overseas, has given a great impetus to the Ottawa exhibition. A feature of the opening day, Monday, Sept. 12th, will be a mammoth parade, in which returned men will participate. In addition to local floats, various municipalities will be represented. In fact the parade and reception will take in quite a large area and many towns in the Ottawa valley have expressed their intention of having floats in the parade.

Never before has the outlook for the success of the exhibition been more promising.

Already all space in the various buildings has been arranged for. Each will be replete with much to attract and educate. Each year sees new features added to Ottawa's big fair and the visitors are no longer able to see it all in one day. Among the outstanding features are the pure food show, baby show, automobile show, dog show, cat show, poultry and pets, dairy exhibits, with a specialty in butter modelling, horticultural display, with singing canaries, art and fancy work, Dominion and provincial government exhibits, and scores of others.

For Saturday night there will be a big Mardi Gras for a grand closing. Various organizations are already working for the parade and at the grounds there will be a riot of fun.

Letters to the Editor

Facts of the Case.
Gananoque, Aug. 23.—(To the Editor): With regard to the delay in the arrival of the marks of matriculation candidates, let me say that the certificates were posted in Toronto, Friday, Aug. 19th, and reached me Saturday afternoon and were sent on to the candidates on Monday morning, after being copied for the K.C.I. records. This is not intended as a criticism of anyone, but is merely a statement of facts, made with a view to prevent possible misunderstanding.

—E. O. SLITER.
