Second Victory For the Ponies; Rally To Beat Out Metropoles

The second game with Montreal Metropoles last evening at the cricket field resulted in a win for the Ponies, final score 5 to 3. It was in some respects one of the most interesting games played on the big diamond this year. From the second to the eighth the visitors held the lead by one run, until Ponies broke away and scored three in the eighth, putting them two up.

In spite of the fact the Metropoles were swamped on Thursday evening a bumper crowd turned out for the second game, attracted by expectations of a come-back by the Montreal team and because of the fact that last night's event will probably be the last large-calibre twilight game.

Derry threw a steady game for Ponies. The first man walked but that was the last through ticket for the evening. Six were fanned by him and he was touched for ten hits. Duchenil proved to be better as he warmed up. His support fell away badly in the pinches. Eight hits were gathered in from him and one lonely walk. He struck out five.

Levellie walked first time up. Bates reached first when an unsuccessful attempt was made to catch Levellie. Pigeon hit scoring both previous batters. Buell reached first on an attempt to catch Pigeon and went out at third. Duplessi hit scoring Pigeon. Beaudin and Boston struck out, leaving Duplessi on.

In the last of the first Thompson and J. Evans hit right off the reel but Thompson was caught at second from Gallagher's grounder. Twigg had struck out. In the second, however, Ponies took another lease on life. Saunders grounded to Bates. Cherry walked, W. Evans fanned. Coyne made first on Levellie's error and Cherry scored. Coyne scored on Derry's hit. Thompson grounded to pitcher leaving Derry on.

Things went along quietly until the last of the eighth, with an occasional hit and both teams getting out of bad holes. Then J. Evans came up and singled nicely to left. Twigg

made first on Bates' fumble. Gallagher grounded to Levellie, who lost a beautiful chance for a double and Evans and Twigg both advanced. Saunders struck out. Cherry grounded to Beaudin who fumbled, and Evans scored. W. Evans sent a hot one to Buell and the shortstop did not handle it right with the result that Twigg and Cherry crossed the plate. Coyne singled nicely to right but both he and W. Evans were left on when Derry popped to Beaudin. Metropoles made a great attempt to overcome two run lead in the ninth but failed to make the grade, although Duplessi and Beaudin started it away with two singles.

SMALLEST GOLF COURSE MEASURES 191 YARDS TOTAL

South Charleston, near London, O., claims the distinction of the smallest golf course. Charles Kemp, wealthy farmer, has built a nine-hole course in his dooryard and seems to get as much enjoyment out of the miniature links as if it was regular size.

The distance of the first hole is 23 yards, the second 22 yards, third 21, fourth 20, fifth 13, sixth 25, seventh 26, eighth 14, ninth 27 yards. Total, 191 yards.

The course was laid out by J. Finley Kemp, who has travelled the globe and played golf in many countries. Two shots are required for each hole, except the ninth, which requires three strokes because of a special hazard. An approach iron and a putter are the only clubs used.

WOMEN AT GOLF.

New York Herald: From present indications there will be an excellent muster of American players in the Canadian women's golf championship, which is to be held on the course of the Rivermead Golf club, at Ottawa, September 1th to 24th. Until last year not much attention was paid by the American women to the title tourney of the Dominion, but all that was changed when the United States title-holder, Miss Alexis Stirling, went over the border and brought back the honors. Now Miss Cecil Leitch, the British champion, is getting ready to open her campaign on the American continent, and as the chances are that Miss Stirling will defend her title, the Canadian women's golf championship again ranks second to none.

Miss Edith Leitch, sister of the champion, and Miss Doris Chambers are others who will hold the Union Jack aloft at Ottawa. Then Canada herself has developed several capable women golfers. Just who will leave this country to support Miss Stirling is not known as yet, but since the title now is in the keeping of the United States, it behooves the fair

players to give their champion all possible support should she decide to defend. Unfortunately the date of this tournament conflicts with that of the men's national amateur championship at St. Louis, but, after all, this is a detail that cannot adversely affect either.

O.R.F.U. Moguls Are Optimistic

Secretary Harry McKee of the O. R. F. U. says everything was shaping favorably for the formation of the proposed four-team senior series, and that indications are that all teams in the circuit should have a successful year. St. Brigid's of Ottawa have already started their practising under the capable tutelage of Silver Quilty, and reports from the Capital city claim that prospects from that end of the circuit are very bright.

The Ottawa team are willing to enter a team in the series, Secretary McKee said, providing that a substantial guarantee would be forthcoming from the other three clubs—Toronto, Parkdale and Hamilton R. C.—and are marking time until some definite stand is taken by the latter. The Toronto clubs will not be able to give any definite answer until they are fully organized, which is expected to be within the next week.

A Successful Tournament.

Picton had a baseball tournament with six clubs contesting. Some 1,500 enjoyed the sport. The results were:
Adolphustown 4, West-Lake-Picton 0.
Picton 9, Mohawk Reserve 0.
Bloomfield 4, Napanee 1 (two extra innings to decide).
Semi-finals: Picton 2, Bloomfield 0; Adolphustown drew the bye.
Final game—Picton 2, Adolphustown 0.
The Picton Intermediates, who were winners decided to take the prizes of \$100 value in the shape of some very much needed individual equipment. Each player will receive the article or articles he personally wishes.

A Golf Story.

John D. Rockefeller tells this story on himself:
"Golfing one bright winter day, I had for a caddie a boy who didn't know me. An unfortunate stroke landed me in a clump of high grass.
"My, my!" I said. "What am I to do now?"
"See that tree, said the boy, pointing to a tall tree a mile away. 'Well, drive straight for that.'
"I lofted vigorously, and, fortunately, my ball soared up into the air; it landed, and it rolled right on to the putting green.
"How's that, my boy?" I cried.
"Gee, boss," he said, "if I had your strength and you had my brains, what a pair we'd make!"
