Give us a Hand!

CITIZENS of Ontario—The only salvation for Ontario's revenue-producing forests is the prevention of forest fires. Your support and co-operation is absolutely essential.

Forest fires are rapidly diminishing our resources of timber and pulpwood. Over 90 per cent. of Ontario's forest fires are caused by human carelessness.

If everybody was careful to prevent the start of fire, Ontario's Forest would be safe.

Save Ontario's Forests They're Yours

BUSINESS MEN of Ontario—Lend us a hand. The various business associations—of bankers, boards of trade, manufacturers, merchants, lumbermen, engineers, educationalists, tourists, and sportsmen, and all other bodies of weight and influence, can do a great work for this province and for their own interests as well by actively promoting educational propaganda to reduce forest fires.

RAILWAY OFFICIALS can help. Railways cause 40% of Ontario's forest fires. The Forestry Branch is being well supported by improved co-operation on the part of railway officials and by the Dominion Railway Board. Let us reduce the number of railway fires one-half this summer.

CAMPERS, tourists, fishermen, picknickers, berry pickers, prospectors and hunters should

feel their responsibility even though out of sight of the policeman.

SETTLERS can co-operate by exercising more care in setting out fire on their own property.

LUMBER FIRMS can help by impressing on all foremen the need for carelessness. River-drivers in dry seasons should be specially warned. Gangs of men going in and out to the camps need special attention, because of the danger along the slash-lined trails from the inevitable cigarette.

THE PRESS could do more public-spirited constructive work to reduce forest fires than any other single agency. This is a non-political campaign in which the whole press could join.

LEADERS OF PUBLIC OPINION in every community should be the first to extend a helping hand. Tell the Chief Ranger or write the Head Office any time you have information or suggestions to impart, or questions to ask.

GIVE US A HAND!
