### Keeley Jr., M.O.D.O.

#### THE RESPONSIBILITY

There are several reasons why our sight service bears a good reputation. One of them is that we don't depend on others for any part of it. Our work is not planned by others; nor do others carry out our plans. From eye examination to finished glasses it is KEELEY Service. We are vitally interested in the result of our work and to insure success do all of it ourselves.

### MANY SINGERS ASPIRING TO MANTLE OF CARUSO

McCormack, Chamlee, Martinelli, Crimi, Johnson and Harrold Likely Candidates.

New York, Aug. 30.—Upon whose shoulders will be the mantle of the mighty Caruso, fall? It is absurd, say musical people, to argue that his like will never be seen again. Caesar followed Alexander and Napoleon followed Caesar.

Among the most popular candidates is John McCormack, who is 37 years of age and at his very best. Mario Chamlee, who is only 33, is of the Caruso type. When he made his American debut last November at the Metropolitan opera the critics went into ecstasies over his voice. He was born in Los Angeles of an Italian father and an American mother. Lacking money to study, he sang in vaudeville with travelling companies from the Mississippi to the Pacific but always with a grand opera career in mind. He served in the trenches and was very popular in the trenches and in the camps.

Other contenders for the crown of Caruso are Giovanni Martinelli, who made his debut 11 years ago and has appeared in every important city in the world.

Benjamin Cigli, whose unquestioned talent has been recognized in Europe and South America, has his eye on the goal and his admirers in this country are rapidly increasing.

Guilo Crimi, another rising tenor, gives great promise of improvement as he grows older. Edward Johnson, the brilliant Canadian tenor, is climbing swiftly. Orville Harrold, a native of Indiana, Paul Althouse and Kingston, are men to bear in mind, while Europe is grooming many stars among its tenors, any one of whom may suddenly shoot into world prominence.

### Japan Frightened By Harding's Call

Tokio, Aug. 30.—Not since the Russo-Japanese war has anything created such a ferment in Japan as President Harding's call for a conference of the interested powers to discuss far eastern problems in connection with the general question of armament limitation.

Japan had been looking forward to a general discussion of political problems with the United States and possibly, also, with Great Britain, but, coming immediately after the failure of British statesmen to agree on the renewal of the Anglo-Japanese alliance, the proposal to deliberate on far eastern policies and problems by all powers having an interest in the far east caused consternation.

The prevailing opinion was plainly fear for such a world congress. It was, according to the general view, calculated to decide great issues vitally concerning the future of Japan and these issues dealt with Asia, which Japan tends to regard as being "her own preserves." Apprehension was evidenced in some quarters of resulting isolation.

### MARRIES AN HEIRESS.

Lloyd George Gets Ovation At Wedding.

London, Eng., Aug. 30.—The Yorkshire mining village of Darton was festive Saturday on the occasion of the marriage of Premier Lloyd George's principal secretary, Sir William Sutherland, to Annie Fountain, who inherited a big interest in the collieries on the death of her father, who left her an income of thirty thousand pounds. Several notables including the premier's wife, stayed overnight at the residence of the bride's guardian, Sir Joseph Hewitt, and drove through Barnsley to church to-day amidst cheering thousands.

### Editor Goes Fishing.

Winsted, Conn., Aug. 30.—A. E. Knox, publisher and editor of the Woodbury Reporter, will suspend for one week in order to go fishing. His announcement says in part: "The editor has not had a vacation in several years and is inclined to take a few days off. Therefore, notice is hereby given that next week's issue of the paper will be omitted. We hope to cast a line in Quashaug Lake next week, provided we don't have to labor too hard harvesting bait."

St. Thomas starts pumping its water supply by electricity.

### Piano, Theory and Teachers' Normal Training

MISS GRACE CLOUGH will resume teaching on September the 15th, and announces Special New Classes for those wishing to study Rudiments, Harmony and other theoretical subjects. Also a series of pupils' Recitals. Pupils prepared for Toronto Conservatory examinations.

22 PINE ST. PHONE 1812.

### HERBS USED IN MEDICINES

A Manchester, England, paper urges the renewed cultivation of old fashioned medicinal herbs in English gardens. In the United States they have also gone out of fashion as a feature of the small garden, although they are imported in large quantities, from Turkey, India and China, where they are grown purely for commercial purposes, as their medicinal value is recognized by many leading physicians. Tons of medicinal herbs are used annually in the preparation of Lydia E. Pinkham's Vegetable Compound, a most successful medicine for women's ills. It contains no narcotics or harmful drugs, and women afflicted with such ailments should try it.

### NEWS OFF THE WIRES IN CONDENSED FORM

Tidings From Places Far and Near Are Briefly Recounted.

Indian troubles are not to stop the visit of the Prince of Wales.

Reports from Volga says thirty-five million people are starving. The condition of E. B. Devlin, M. P. for Wright, is reported very low. Amusement taxes at English soccer games Saturday amounted to 145,000.

Rev. W. R. MacKay accepted the call to Bond street Congregational church, Toronto.

Burlington has become infested with rats, owing to a rubbish dump on the lake shore.

Yamaska, Que., town hall and several other residences were destroyed by fire on Monday.

Twenty-one choice lambs prepared for Toronto exhibition perished in barn fire near Paris.

The Governor-General cancels all remaining engagements on account of the death of Lieut.-Governor Clarke.

Chief Charles McConnell, Byron Sanitarium Military Police, London, had his throat slashed by an Indian he was helping to arrest.

The annual convention of the Canadian Brotherhood of Railway Employees opened Monday afternoon at Winnipeg behind closed doors.

Four hundred and fifty Sinn Feiners, held in Spike Island, notify the governor that unless they are released to-day they will start a hunger strike.

The body of Air Commander E. M. Maitland, of the British flying force, was recovered from the wrecked dirigible, at Hull, Eng., on Monday afternoon.

### PRODUCTION OF CHEESE BETTER THAN IN JUNE

The Corn Crop in Hastings County Is Excellent—Potatoes Fair.

Belleville, Aug. 30.—After-grass is improving milk flow in this section very considerably, according to District Agricultural Representative A. D. McIntosh, Stirling, and a number of cheese makers have reported production of cheese equal to that of June and of a better quality. A largely increased acreage of sweet clover is given as one of the reasons for this condition. Potatoes are not nearly the light crop anticipated, and grain, although light, is better than expected.

The corn crop is, almost without a single exception, excellent in all parts of the country. Harvesting is beginning in many quarters. There is a small crop of fruit, generally speaking. This is ripening early. Farmers having any kind of grain of good quality have been advised to clean it up at once, and reserve as much as possible for seed in other less favored sections, as prices will undoubtedly rule high for seed grain before spring.

### ASSAILS ATTORNEY GENERAL

Annoyed When Mimico Civic Enterprise is Raided.

Toronto, Aug. 30.—When a squad of country constables raided the field day held in Mimico in connection with the official opening of the town memorial park and set off two wheels of fortune and other similar games of chance, Dr. Forbes Goffrey, M. P. P., publicly and vigorously assailed Attorney-General Raney for offering "the respectable and hard-working citizens of Mimico the most gratuitous insult that has ever been handed out to any municipality by the department of the attorney-general since the days of Mowat. I say to the attorney-general when he interposes a writ to interfere with a public-spirited movement in the work of completing a memorial that he has overstepped the bounds, and I say to him, with apologies to his Satanic majesty, that he can go plumb to the devil."

### John A. Lemon's Death.

Cobourg, Aug. 30.—John Austin Lemon died at Coborne, where he was in business for a number of years. He was in his 50th year. He is survived by his wife and one son. He had suffered for some time from a stroke of paralysis. The remains were taken to Mount Pleasant cemetery, Toronto, for interment.

### Doctor Dies on Vacation.

Healey Falls, Aug. 30.—Dr. Charles Slatter passed away suddenly, of acute indigestion, at Healey Falls, where he was holidaying. He was sick only about 20 minutes or half an hour. His home was at Alliance, Iowa. He was 58 years of age, and was a favorite with the tourist guests in this locality.

### Week's Vacation to Staff.

Belleville, Aug. 30.—The Deacon Shirt Company will try a new holiday plan, closing down all this week to give the employees a vacation. It is thought it will work out more satisfactory than the system of giving holidays in succession to the staff and employees.

### Current, Raspberry and Raisin Jam

Three cups red currants, 3 cups chopped Sun Maid seeded raisins, 3 cups raspberries, 5 cups sugar. Mash currants to start the juice and put over fire. Add raspberries, raisins and sugar. Cook slowly until thick—about one hour; pour into sterilized glasses and seal with paraffine. This makes about six glasses.

PROBS:—Wednesday, fair and warm.
