## FEAR OF A DARK HORSE FROM NORTH FRONTENAC

And the U.F.O. Leaders of the South Suggest Colin Rogers.

Speculation regarding who will be the U.F.O. candidate in Frontenac is rife. Friends of Dr. J. W. Edwards, M.P., are advocating an acclamation because "there is simply no use in the U.F.O.'s running a man." On the other hand, the U.F.O.'s say they must run a strong man, and he must be the strongest man available. Owing to the strength of three well-known aspirants for nomination, the long-headed ones are looking for a dark horse, a compromise who will succeed in uniting all parties. The person who answers these requirements is said to be Colin Rogers, Pittsburg. His choice is made more likely because of the fear that the north will come to the convention with some unknown man and swamp the convention. Only delegates can vote, and the north has the majority. It is, therefore, important that the south should concentrate all of the delegates on the same man, and that man appears to be Colin Rogers, the knowing ones say.

## REPORT ON CANADA'S CROPS

The Potatoes Have Improved During the Past Week or Two.

Montreal, Sept. 9.—Below will be found a brief synopsis of telegraphic reports received at the head office of the Bank of Montreal from its branches. The branch managers have complete and intimate knowledge of each local situation and are in close touch with crop conditions in all sections of the districts shown:

**Prairie Provinces:** Reports indicate wheat grading yielding better than anticipated particularly in Saskatchewan. Last year's wheat graded about 86 per cent. This year's to date runs about 90 per cent., but this will be reduced later. Latest estimate places wheat at 275 million compared with 234 million bushels last year. Quality of oats expected to be inferior to last year's in all provinces. Edmonton district: Weather excellent for harvesting. Cutting, with the exception of green feed, nearly completed. Yield and sample up to expectations. Crops now safe from any serious damage from frost. Calgary district: Harvesting conditions continue satisfactory and threshing fairly general east and south where yield is averaging about as estimated. In the north 80 per cent. of the cutting is done. Threshing just starting. Lethbridge district: Threshing general; will be through early. Reported yield two bushels some districts to 35 bushels others. Total promises about half last year's shipments. Wheat grading well. Regina district: 80 per cent. cutting completed. Threshing general with week. General yield average. Labor shortage apparent some districts. Saskatoon district: Cutting about finished, threshing general. Early returns indicate average yield about 15 bushels. Winnipeg district: Cutting practically concluded, threshing and marketing proceeding rapidly. Inspections for three days over holiday, 1,834 cars of which 1,495 new wheat.

**Province of Quebec:** Cereal crops are all harvested and threshing has commenced. Yield will be light. Root crops, especially potatoes, have improved considerably during the last week or so. Grass pasture also has greatly benefited by recent rains.

**Province of Ontario:** Harvesting is completed and threshing in progress. In some districts crops fairly good, other districts below average. Fall and spring wheat of poor quality and much below average. Rye and oat crops only fair average but the heavy yield of corn will result in a greater amount of ensilage. Root crops in good condition with exception of potatoes. Apple crop light, about 50 per cent. normal, other fruits good. Rain is still needed although conditions have been helped by some showers. Fall ploughing is well under way.

**Maritime Provinces:** Harvesting of cereal crops practically finished. Estimates so far point to a yield of about 60 per cent. average crop. Root crops, especially potatoes, improved by recent weather conditions. Grass pasture still needs rain, some localities report an improvement.

The Nova Scotian apple crop will be fair. Prince Edward Island has a fair crop of cereals, probably 70 per cent. of an average crop. Roots are fair and grass pasture has been improved by recent rains.

**British Columbia:** Interior—Weather favorable. Rain affecting grains in fields in coast district, but good average yield still looked for. Rye crops developing satisfactorily. Quality may be affected in Fraser Valley by excessive moisture. Reports now indicate potato crop will not exceed 75 per cent. of normal. Okanagan fruits moving freely and apple crop from Valley estimated 4,000 cars, exceeding 1919 tonnage. Quality good. Cool weather retarding tomatoes. Other districts report fruits below average, although Kootenay apple crop is exceeding earlier estimates. Pasture continues to improve, live stock in satisfactory condition.

**Weather Notes.** The weather has been showery in northern Ontario and fair and rather warm from the lower lakes to the maritime provinces, while an area of high pressure with cold, unsettled weather has come into the western provinces from the northward.

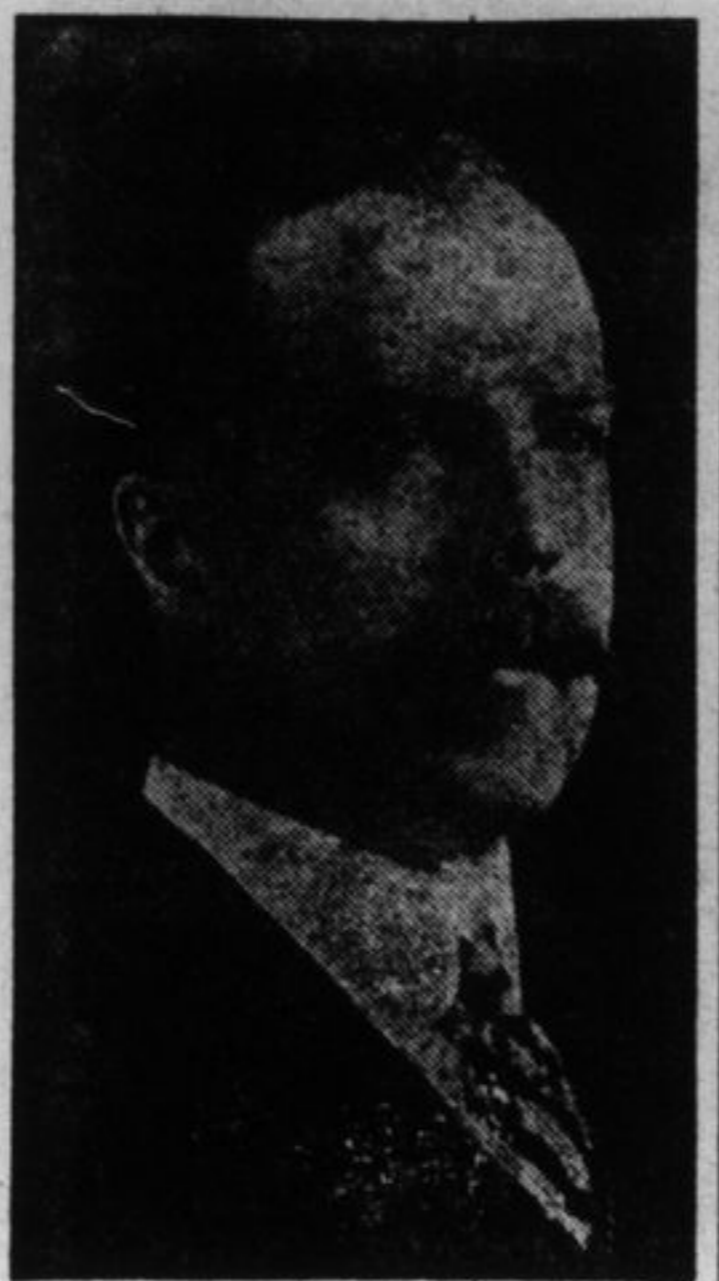

When it comes to community welfare cleanliness may be pardonable.

## CAPT. JAMES DIX CELEBRATES BIRTHDAY

Veteran Mariner Sailed the Great Lakes For Half a Century.

Capt. James Dix, who resides at 128 Bagot street, and who is one of Kingston's veteran mariners, was 72 years of age on Friday, and received the congratulations of a wide circle of friends.

Capt. Dix sailed the great lakes for half a century. Of recent years he has not been steadily engaged on the water, but has taken trips off and on. He can tell many interesting stories about the old days on the lakes. He is enjoying good health, and the Whig joins with his many friends in wishing him many more years of good health.

A. D. MACTIER, Vice-President C.P.R., inspecting the road with the president.

## LANNIN-PARLOW NUPTIALS

Marriage Took Place in Ottawa on Wednesday Night.

A charming house wedding took place at the home of the bride's parents, 411 MacLaren street, Ottawa, on Wednesday evening, when Miss Dealtry Irene, daughter of Dr. and Mrs. Allan B. Parlow, was united in marriage to Orton Lannin, son of Mr. and Mrs. Thomas E. Lannin, Rochester, N.Y. Rev. W. T. G. Brown officiated. Miss Irene Shaw, cousin of the bride, rendered the wedding march from "Lohengrin" most effectively. Mrs. James Shaw, Kingston, wore black crepe. Miss Irene Shaw, who during the signing of the register, sang "Because" very sweetly, was in pink tulle. Mr. and Mrs. D. A. Shaw, Miss Vera Shaw, Mr. and Mrs. W. G. Shaw, Kingston, were among the guests present.

**Read Advs. Together.** A man must have clothes, office furniture, etc., for himself and for his business. He should, therefore, read the advertisements to keep in touch with things. Also, it isn't being a good pal to let the wife do the advt. studying alone. Confer over them.

**Opium Cases Enlarged** The hearing in the charges against Henry and Poy Lee, charged with having opium in their possession, has been further enlarged until Monday. There were no cases before Magistrate Farrell on Friday morning.

**Maguire Case Again Postponed** At Osgoode hall, Toronto, on Thursday, in the Kingston case of Maguire vs. Maguire, H. S. White, K.C., for all parties, obtained enlargement, "sine die" of the motions for receiver and of petition in bankruptcy.

Every woman knows, and so does every man, that an empty room may be made to pay dividends. Tell it in the classified ads.
