Back of Every Mortgage A Life Insurance Policy

As a matter of good business, every mortgagor should protect his estate in this way. Why leave your wife and family to struggle with an obligation of this kind? Your loss, as breadwinner of the home, is sufficient handicap to your dependents.

Do you know that, by systematically depositing a few dollars with The Manufacturers Life each year, you can create an estate equal to the amount of your mortgage? Moreover, if you live until maturity of the policy, the proceeds become payable to you, and the mortgage can then be retired with the sinking fund so provided. Isn't it worth considering? Better make certain that your property will be clear of encumbrances at your death, thus eliminating the possibility of a forced sale whereby the labor of years is sacrificed. Write us to-day.

More Heat at Less Cost

The direct heating principle of the Findlay Pipeless Furnace eliminates all loss of heat and floods every corner of every room with warm, moist air at a saving of 35% to 50% on fuel.

Findlay Pipeless heat—balmily and healthfully moist—is automatically supplied through one register.

There are no pipes or costly plumbing fixtures. A hole cut in the first floor for the register face, the furnace in place in the cellar, the smoke pipe connected up and your Findlay Pipeless is ready to heat the house from top to bottom. It does not heat the cellar which may, therefore, be used for storage of fruits, vegetables, etc.

The Findlay can be installed quickly and cheaply in any home, old or new. The job is easily done in a day, so you can light the fire a few hours after the furnace is delivered at your door, and from that time on, every corner of your home will be warm, healthy and comfortable; no matter what the outside temperature.

Will you let us send you the full facts about this economical heating system? The attached coupon, filled in as indicated, will bring you all particulars by return mail. Mail it today.

Fair Week in Renfrew

Sept. 20-21-22-23rd, 1921

Come and see the best Fair we've ever had. Bigger and better displays in the big merchandise and manufacturers' hall. A grand exhibit of all grains, fruits, vegetables, flowers and home-made cooking in the Agricultural Hall. Special large and varied exhibit of horses, cattle, sheep, swine and poultry.

The new track is completed, and is one of the best half-mile tracks in Canada. Speed events will be on every day of the Fair, and you can expect some good contests.

The Havana Red Sox of Ogdensburg will play ball-Wednesday, Thursday and Friday. They are the champion amateurs of New York State, and will meet the best teams in the district. Don't miss seeing these colored ball tossers. They can play lightning ball and entertain you at the same time.

The Midway will be a riot of entertaining features, and special attractions of the highest order. New and novel shows, rides and frog attractions. Shows that are new, clean, good, and of a high standard. Lots of fun for old and young.

Positively the best show of horses we've ever had, besides the numerous entries in the agricultural classes. There will be many very high class harness horses, including high-stoppers, fancy carriage horses, roadsters and ponies, also saddle horses and jumpers, giving performances of excellence throughout the Fair.

Special low fares on all railroads. Special train leaving Sarnoot Lake Thursday, Sept. 22nd, calling at all stations between there and Renfrew, returning that evening.

Special train leaving Madawaska Friday morning, Sept. 23rd, calling at all stations between there and Renfrew, returning the same evening; giving all people west of Golden Lake a chance to visit the Fair and return home the same day.

The best you can get in the world is happiness. You won't be happy if you miss the Renfrew Fair. We will all be happy if you come.
