Theatrical

At the Allen.
"Who calls the tune must pay the Piper." So the old proverb runs. That it is one of the truest maxims in life is set forth in vivid colors in Maurice Tourneur's production of "The Foolish Matrons" which comes to the Allen theatre next Monday, Tuesday and Wednesday.

Here is the answer to what every woman wants to know, and what every man thinks he knows - what makes a successful wife? It is a story that will get the most blasé, it is different. It has three heroines and it is hard to say which is the most interesting. It is a story of marriage, presented in that brilliant, trenchant fashion that distinguishes Tourneur's productions from the average run of screen play. Two of the women fail to make a success of marriage - it is the third woman, that comes not empty handed, but bearing spiritual gifts, who realizes to the full what marriage may mean. -Advt.

At The Strand.
A delicious satire on "gentle grafters," people who neglect to pay their bills, is "Sham," which will be shown at the Strand on Monday, and the two following days, in a comedy of deeded appeal. It is a Paramount picture, adapted from the Elmer Harris and Geraldine Bonner stage success of some years ago.

The story is one of exceptional strength. It tells of Katherine Van Ripper of high social position, many debts and no money. Shall she marry for money or for love? It is an old, old question - but one that never loses its interest. It is a production that will make creditors and all others chuckle with mirth. "Sham" is a typical example of the high-class productions which will characterize the programme at the Strand during the coming season, throughout which "quality" will be the distinct aim of the management. -Advt.

FLOOD BRINGS DEATH TO A TEXAS CITY

The San Antonio Business Section Inundated - Troops Patrol the City.

San Antonio, Texas, Sept. 10.-Six are known to be dead and property in the central portion of the city has been lost to the extent of several millions by a flood which swept through Antonio last night. An estimate of the loss of life and property damage is difficult. Early this morning, troops from Fort Sam Houston are patrolling the city and aiding in rescue work. The water supply is cut off, as is the electric light and telephone power. An estimate of the loss of life reaches as high as five hundred by police and fire officials.

Swollen by heavy rains of the past few days, the San Antonio river and Alazan creek overflowed into the downtown business district, spreading over an area of about twenty-four blocks, and inundating the ground floors on many of the prominent buildings of the city.

A FOOLISH RUMOR.

The Usual Horse Races Will be Run at the Fair.
There is a foolish rumor going the round lately that the programme of the Kingston Industrial Exhibition, the fourth largest fair in Canada, will not include any horse races this year. The rumor has even been circulating among well-known horsemen, and like everything of its kind has grown rapidly.

Needless to say, the rumor is absolutely without foundation. The races will be run this year, as usual, and it is hoped to make them bigger and better than ever. Several good entries have already been made, with all likely horses on the list, and the remainder will be received up to September 17th.

Body of Essad Pasha.
Paris, Sept. 10.-The body of Essad Pasha, the former Turkish general and dictator of Albania, who was shot and killed by an Albanian student on leaving his hotel four months ago, is still lying in the municipal mortuary unclaimed.

No one appears to be interested in the disposition of the coffin containing the remains of the once proud dictator. Should no claim be made for the body within eight months, the city of Paris will have it carried to a municipal cemetery or Potter's field.

Paris Police to Change Uniforms.
Paris, Sept. 10.-The Paris police - known as "agents" - are going to change their clothes. Their uniform is quite dignified but they have found that a high-collared, long-tailed double-breasted uniform doesn't add to their speed in a 440-yard sprint after an offender.

They object, too, that criminals are "quick on the draw." Several designs of costume and material are being tried out on some of the men so as to develop new models.

THE LONDON JAIL BREAKERS.

Above are pictures of Sydney and William Murrell escaped prisoners, who sawed their way to freedom from London, Ont., jail and on whose heads there is \$2,000 reward dead or alive. These pictures are police photographs, which are being sent broadcast over the country.

WORKLESS MEN OFFER TO HIGHEST BIDDER

Auction Block of Slave Mart Used to Feature Unemployment.

Boston, Sept. 10.-Jobless men were placed on the auction block on Monday afternoon yesterday. Stripped to the waist, after the custom of the old slave auction, they declared their willingness to work by standing before a crowd of thousands, offering their services to the highest bidder. "Shorn lambs of unemployment," their auctioneer, Urban Ledoux, called them. Ledoux, a philanthropic worker who recently opened the "Church of the Unemployed" at 31 Howard street, in the west end, led a group of 60 to the common to bring home, he said, to the people of Boston their stories of human misery, just as William Lloyd Garrison pleaded for the slaves on the same spot seventy years ago. It was to prove that his charges were not parasitic floaters, but instead good citizens out of a job, that he put them on the block, he said.

Ledoux's efforts to get work for his men were not rewarded. Of the three who stood up for bids none went away to a job, although from

NATION WITHOUT A LANGUAGE.

Switzerland has no language of its own. The official languages of Switzerland are French, Italian and German, all three being recognized as the "mother tongue" of the majority of the inhabitants. A majority of the people speak German, while the others use French and Italian, varying, as a rule, to the proximity of the people to each country whose language they speak. Public documents and notices are printed in the French and German tongues. In the Swiss national parliament, the members make their speeches either in French or German, the members being so familiar with one language as the other.

WAITING FOR RAIN

Farmers Around Plevna Cannot Start Ploughing Yet.
Plevna, Sept. 9.-The ground is so dry that the farmers will have to wait until it rains to start ploughing. Many of the wells are nearly dry. Mr. and Mrs. Ostler went to Toronto on Saturday to take in the exhibition and to visit their daughter, Sylvia, nurse-in-training. Mrs. Richard Dawson, their eldest daughter, was taken ill just after they left. Quite a number from here took in the school fair at Ardoch. It was a great day for the children. Miss Bradley, Toronto, has arrived to take charge of the school. John Card motored to Toronto to visit his son, Harry. He came home yesterday bringing his wife and daughter-in-law and baby with him. Harry is coming on Saturday. Miss Elisea Ohlman went back to St. Thomas to attend the college. Judd Tooly had a bee yesterday and a dance last night for the young people. All are very to do; the clergyman, Mr. Sedler, who is going back to college. B. Lloyd, Queenston, is visiting his parents, Mr. and Mrs. J. Lloyd, Plevna. THE DUKE OF CONNAUGHT

Was a boy again for a few hours, when he attended a baby show at Ascol, England, recently. The Duke got a lot of fun out of the merry-go-round and proved to be a good "horseman" as the above photograph shows.

A Reward of \$1,000 For the Murderers Of Napanee Constable

It was learned by the Whig on Saturday morning, that the attorney-general of Ontario has authorized U. M. Wilson, county crown attorney, at Napanee, to offer a reward of \$1,000 for information leading to the arrest and conviction of the murderer or murderers of Richard A. Beard, constable at Napanee, killed on the morning of August 25th last.

The reward will be payable under the recognized regulations of the department, and in the event of several claimants for the reward, the same will be apportioned by the attorney-general.

Many Wild Rumors.
Early Saturday morning the city was flooded with wild rumors about men being in custody charged with the murder.

One story was to the effect that two men had given themselves up in Chicago for the crime, and another that the local police had arrested two Kingston men on a charge of having killed the constable.

The Whig investigated the matter, and it was learned that up till 11 a. m. Saturday, no arrests had been made, and that there were no new developments in the city.

The Whig was also in telephone communication with Napanee Saturday forenoon, and it was stated that there was nothing new in the case. The rumors regarding arrests being made had not reached Napanee at that time.

Provincial Detective Boyd, who is working on the case, was in Kingston on Saturday morning.

GANANOQUE

Sept. 9.-The people residing at the eastern limits of the town were awakened a little before four o'clock on Wednesday morning by the sound of revolver shots, and on looking out an auto could be plainly heard rumbling at high speed. Shortly afterward at the western limit of the town the same occurred. The chief of police had just left for home when he heard the shot, and at once made investigation. No damage was done, and so far as known no one was shot at, an no one except from the auto did any firing. An auto arriving from Kingston a short time later met no car on the front road and so the matter remains a mystery.

The local public and high schools reopened for the fall term on Tuesday morning with a full staff of teachers and an attendance above normal.

Everyday is overjoyed to see the well known face of Principal J. C. Linklater on the streets again and to look after his school duties after his recent severe mishap.

Repairs are being rushed along at the dams of the Gananoque Water Power Company. It is expected that water will be available for use for the Jones Company, Skinner's, and Spring and Axle Works for Monday next, but will have to remain shut off on the other side for some two weeks longer to finish the cement wall near the electric light plant, and to the Ontario Wheel Co. to finish installing their new water wheel.

The Parmenter and Bullock Company who installed a new engine for auxiliary power early in the season, have used it for running part time since the water was shut off by the Water Power Company.

Work is being rushed along on the new separate school building so as to be able to open up if at all possible on Monday next. There still remains a considerable amount to be done.

Mrs. Peter McCallum and daughter, Miss Edith McCallum, King street west, who have been spending a few weeks in the western part of this province with relatives have returned home.

William Stone, a native of this town, located across the border for many years past, is renewing acquaintances in town. Mr. and Mrs. J. Arthur Jackson, Pine street, are spending the week in Ottawa.

Statements from the president of Switzerland are furnished to the newspapers in both languages.

DENBIGH HAS TELEPHONE

But the System is Limited-New Minister Arrives.
Denbigh, Sept. 6.-The Denbigh continuation school opened on the 1st with Miss F. Danford as teacher and fifteen pupils, to which three pupils more have been added since. The public school also opened on the 1st, with George Ball as principal. John Topper, who taught it last school year is teaching this year in school section No. 7. Miss Gladys Stein has returned to Little Ireland and Frieda Both to Kibbalee where they have resumed their former position as teachers.

The Misses Mina, Hilda and Erna Falk, Napanee, who have paid a visit here have also returned to town and resumed their former duties. Mr. and Mrs. T. Lawrence of Toronto, who for a couple of weeks were guests at the latter's parents, Mr. and Mrs. J. Kahn, have motored back to the city accompanied by Mrs. Rahm, who intend to enjoy a visit with her daughters residing there. Gustav Warldo, Vanbrugh, a former Denbigh citizen, who has been employed doing carpenter work in this village during the two and a half months, has finished his job here and left again for his present home in Sebastopol township.

The telephone service, which has lately been established here by John Fluke, Lavant, is so far limited to residents of this village and vicinity and those of Yennachar, Matawachan and Glenfield, but though yet limited it is found to be quite a convenience. It is hoped that the line will soon be completed from Yennachar to Plevna, which would give us connection with Lavant Station and the outside world.

The Lutheran mission district composed of the congregations of Denbigh Rapids, Palmer Rapids and Maynooth, which has been vacant for eight months, has received a minister again in Rev. K. Blohm, who held his first service here last Sunday. For the present, however, he will not reside in the Denbigh parsonage, like all his predecessors, but at Palmer Rapids, which is more in the centre of his extensive field of labor.

A tremendous explosion on the former German submarine Deutschland at Birkenhead, across the Mersey from Liverpool, Eng., killed three men and injured three others Saturday.

Mrs. Adams and four children, England, arrived here this week to visit the former's nephew, James Miller, who has gone to Manitoba. Byron McNeill has sold his farm to Fred McDonald for the sum of \$14,600. This property adjoins the village and is surveyed for village lots would be very valuable.

Dean's on their return from Mallorytown where they attended the opening of the consolidated school. Mr. and Mrs. Charles Cross are visiting relatives in Bancroft.
