Rex Stock Company. When you see a company of players who get as much enjoyment out of playing a play as the audience does from seeing it, it is a safe bet that the attraction is one well worth while.

At The Allen. "Bob Hampton, of Placer," the greatest, most fascinating and stirring motion picture ever made by that master director, Marshall Neilan, will be the attraction-extraordinary at the Allen Theatre to-day, Tuesday and Wednesday.

At The Strand. A threefold fascination—the fascination of a favorite star, the fascination of Parisian life, the fascination of a great production under the most capable experts, make the feature offered at the Strand to-day, to-morrow, and Wednesday an attraction that will draw expectant crowds during Kingston's annual Exhibition week.

should appeal to the most discriminating fans in Kingston. The cast is remarkably strong. Jacqueline Logan, dark, petite, graceful and altogether lovely; Grace Darmond, blonde, beautiful, slender and lissom. Miss Logan has the feminine lead of Andree Duphot; Miss Darmond the highly important role of Dorothea Weiser.

Letters to the Editor

After Dr. Edwards. Kingston, Sept. 19.—(To the Editor): Dr. J. W. Edwards stated that the present state of the country was due to the fiscal policy of the government. Now, he was long enough there in the house to try and change that policy, but I never heard of a debate where he condemned that policy. Why?

A veterans' paper called the "Tin Hat Review," takes him to task for fighting the returned men, their orphans and widows. It was proposed that a man that went overseas into France should get a bonus of \$2,000; one who went over to England receive \$1,500, and a man on active service at home receive \$1,000. Now, Dr. Edwards opposed this, but he did not oppose a grant of an increase of salary to himself of \$1,000.

One paper first asked that he be taken into the cabinet, later suggested that he receive an acclamation in the county. I would like to bet that he will never receive any one of them for a nice man he would be to get any. Then he accuses the French of being illiterate and ignorant. Let him look at his own country; many who cannot read nor write.

Trades and Labor Council Action. Kingston, Ont., Sept. 17 (To the Editor)—Will you please allow the Kingston Trades and Labor Council space in your paper for the following resolution, passed at their last regular meeting, Sept. 15th inst.

"Whereas in view of the fact that Labor Day has always been a day when Organized Labor in the city of Kingston, as well as in other places, has undertaken a celebration of some kind, the Trades and Labor Council feel that it is unfair and ungenerous for other organizations to promote other attractions in same day. It is the only day in the year on which Labor celebrates and appeals to the public for help and support, and in view of this fact we feel that we should have the co-operation of all classes of citizens.

"On Monday, Sept. 5th, Labor Day, this year, the 14th P. W. O. R. Band gave us opposition, and used a so-called sacred concert on Sunday night previous in the City Park to advertise same. If any one else had given such a class of music it might have caused much censure. This Council regrets opposition last Labor Day and hopes that in future it will be permitted to have this one day in the year as Labor Day."

Fair Directors Pleased. Napanee, Ont., Sept. 17 (To the Editor): The press notices given the Napanee fair are very much appreciated, and I wish to thank you on behalf of the directors. It is very gratifying indeed to know our efforts are appreciated, even if we do our work for love. Yours truly, J. L. BOYES, Secretary

THE VOICE OF THE PULPIT

Missionary Addresses Given on Sunday by Men Returned From Fields.

An inspiring missionary address on the work and needs of China was delivered by Rev. S. G. Caswell at the Holiness Movement church on Sunday afternoon. Mr. Caswell, who has spent ten years in the work in China, gave a goodly audience a wealth of information of the needs of that field and the difficulties which the missionaries are faced with before the final joy of being able to address the Chinese in their own language and receive a sympathetic hearing.

In the course of his remarks Mr. Caswell deplored some of the conditions in Canada, speaking in particular of the style of the ladies' fashions now popular with the women. He stated that whereas in heathen China the women in the hottest weather dress in gowns that reached from the neck to the ankles; here in civilized Canada it is so different. He regretted that where the light of the gospel has shone the people have fallen so far short of what they ought to be.

Mr. Caswell left for China in 1910 and after arriving in the country was compelled to make a four hundred mile journey up the river with one English companion and only one Chinese word, that for "don't understand," in his vocabulary. The study years when trying to master the language are the hardest for the missionaries to endure. At one time they were faced with three hundred Chinese who came to drive them out of the city but the party was dispersed. But after many years of persecution they finally won the confidence of the Chinese people in the district and were privileged to assist in conversion of the men in General Feng's army. The speaker told of the great work that had been done with this army, which when he left had three thousand Christians in its ranks. He spoke in the highest terms of the missionaries of the other churches.

and the manner in which they worked together for the suffering masses of China.

St. Luke's Harvest Services. The annual harvest thanksgiving services were held at St. Luke's church on Sunday and were attended by large congregations who rendered heart-felt thankfulness to Almighty God for the bountiful harvest and all other mercies received during the past year. In point of attendance and offerings the year 1921 is one of the best, for the figures for the previous year were exceeded. The church was beautifully decorated with flowers, vegetables and fruit. At 11 a.m. Rev. Hilyard Smith officiated. A full choral service was rendered by the choir. At 3 p.m. a special children's service was held, and Rev. Mr. Smith gave a most inspiring address. The collections exceeded \$120. After the services the fruit, vegetables and flowers were distributed among charitable institutions.

SPORTING NEWS

With The Bowlers. The bowlers are making preparations for a tournament starting Monday evening, and a large number of the members of the club have entered their names. The club and competition series games are being wound up for the season and each evening the interest grows more keen.

Sunday School Baseball. At a meeting of the executive of the S.S.A.A.A. held on Friday evening for the purpose of arranging for the basketball leagues, it was decided to run four leagues during the fall and winter months. There will be junior, senior and girls' leagues. The members of the executive thought that for the purpose of training boys who are not over fourteen years of age, a schedule be drawn up. It is quite likely that these games will be played one afternoon each week. It was decided to call another meeting of the executive on September 26th for the purpose of receiving entries for the four leagues. It is expected that all the schools that were entered in the league last year will compete, and also a number more.

GANANOQUE

Sept. 19.—The funeral of the late John Thomson, Jr., son of Town Councillor and Mrs. John H. Thomson, was held from the family residence, Stone street north, yesterday afternoon and was largely attended. The floral tributes were numerous. Rev. C. E. Kidd, pastor of St. Andrew's church, conducted a service at the house, after which the remains were laid to rest at the Gananoque cemetery.

The gang employed on the cement work at the dam at the plant of the Electric Light and Water Supply Company completed their task on Saturday, but the water can not be let in on account of the new water wheel to be installed by the Ontario Wheel Company. The wheel only arrived on Saturday and it will take this week at best to complete the installation.

The Citizens' band played the last of their series of open air concerts at the town park, on Thursday evening and drew out a large attendance. The new separate school was opened formally for work on Thursday morning when the scholars all marched from St. John's church to the new school where the sisters were on hand to receive them. The attendance was in excess of what had been arranged for, the estimate having been for 180 but the number was close to 200, and some fifteen, who were just starting for the first time, had to be sent home until further seating accommodation has been provided.

Should Be Dealt With By Washington Conference

Geneva, Sept. 19.—The final report of the league of nations commission on disarmaments intimates that the Washington conference in the commission's view will be better able than the league to deal with the naval disarmament since this may best be accomplished through the common agreement among the great powers.
