**MOTHERS!**

Watch your children's skins. As soon as you see the slightest trace of a rash or sore, apply Zam-Buk. This antiseptic balm will protect the sore place from infection, prevent it from spreading and healing soon follows.

Careful mothers always keep Zam-Buk on hand for their children's injuries—it ends pain so quickly and prevents any possibility of festering. Best for cuts, burns, sores, bruises, ringworm, scalp sores, eczema and teething rash. All dealers 50c box.

**FACE DISFIGURED WITH PIMPLES**

Itched and Burned. Scarcely Slept. Cuticura Heals.

"Pimples affected my face. They were large and always festered, and they were scattered all over my face. They afterwards turned into scales and when they fell off they left big marks until my face was disfigured. They itched and burned so that I scarcely slept at all. I had been bothered for nearly two months before I started using Cuticura, and after I had used three boxes of Cuticura Ointment with the Cuticura Soap I was completely healed." (Signed) Miss L. Burns, St. Basile, Que., June 6, 1918.

Use Cuticura Soap, Ointment and Talcum for all toilet purposes.

Soap 25c. Ointment 25c and 50c. Sold throughout the Dominion. Canadian Depot: Leveson, Limited, St. Paul St., Montreal.

**The Second Anniversary.**  
Sunday marked the second anniversary of the death of Dr. Robert Hanley. Rev. Father A. J. Hanley officiated at mass in memory of the deceased on Monday morning in St. Mary's Cathedral.

**Vicissitudes.**  
Of store keeping. You can buy things at the stores to-day for less than the merchant paid for them and that sort of thing is happening pretty often. Watch the store ads, and know when!

**Married at Lyndhurst.**  
The marriage took place at Lyndhurst on September 14th, of Miss Mary Laurence Sheffield, daughter of Mrs. Kate Sheffield, and John Harris Bury, son of Mr. Bury, of Scotland. Rev. Mr. Morton officiated, and the ceremony was performed in the presence of intimate friends. The bride, who was given away by her brother, Neil Sheffield, was attired

in a suit of brown broadcloth, with mink collar, and tawn hat to match. The church was decorated with pink and white asters. The wedding march was played by Miss Vera Sheffield, sister of the bride. The groom is the Presbyterian minister at Monteth. Mr. and Mrs. Bury left on an auto trip to Toronto. They will reside at Monteth.

**Attending Student Conference.**  
A number of students representing Queen's are attending the annual conference of the Students Christian Association being held this week at Elgin House, Muskoka. Queen's Women's Christian Association is being represented by Miss E. Simpson, Alexandria, Miss Margaret McDonnell, Kingston, and Miss Bessie McPherson, Prescott. D. Faris, M. Miller and J. A. McInnes were appointed to represent the Queen's Men's Christian Association. Several of the members of the society have been supplying mission fields during the summer months. The convention lasts one week and will be over in time for the opening of the colleges next week.

**Lansdowne Fair.**  
The Lansdowne fair closed on Friday evening after two days of complete success, being favored with excellent weather, large attendances, exceptionally fine exhibits and exciting trials of speed, besides other interesting features. The attendance Thursday, despite a shower of rain in the morning, was well up to the standard of former years. Friday the attendance exceeded even the most optimistic expectations and all records were broken. As near as could be estimated 6,000 people were on the grounds during the afternoon and all found opportunities for enjoyment. The prize winning babies were Lawrence O'Grady, son of Mr. and Mrs. Francis O'Grady, Lansdowne, 1st; Francis McDonald, son

of Mr. and Mrs. Sandy McDonald, Lansdowne, 2nd.

**Whiskey Doped or Law.**  
Even whiskey with the labels of Scotch manufacture cannot be depended upon these days. Last week some visitors to Kingston drank from a bottle that was marked Highland whiskey, and had no doubt been imported—that is the bottle. They each had two drinks and were put to sleep for some hours. The whiskey was either doped or raw.

**To Maintain Road.**  
That maintenance of the road is nearly as important as construction is realized by the department of provincial highways and is shown by the appointment of men responsible for the upkeep of the roads in their present excellent condition. Fred. Gates, Westbrooke, has been appointed to keep the road from Kingston to Westbrooke in good condition and is responsible for this section. The stretch at present is one of the best on the Kingston-Toronto highway and with the attention which it will receive will be kept in excellent condition. Supplies in the form of oil and gravel are supplied and with regular attention will not be allowed to get in poor condition.

**Await the Contractors.**  
The work around the site of Queen's rink is rather quiet at the present time, while the arrival of the steel contractors is awaited. The steel supports of the old rink are nearly all down and nearly all the holes for the supports for the new structure have been dug. The work of filling in the foundation holes with concrete was started Monday. In all, about one hundred and eighty of these foundations have to be prepared. Until the curling rink is removed, little more can be done. The site on Arch street is completely cleared, the last houses having been removed the latter part of the week.

**Victoria Home and School Club.**  
The Home and School Club of Victoria school held their opening meeting for the season on Friday evening. There was a large attendance and it was gratifying to find that the club commences the year with over \$400 on hand. Plans are under consideration to hold a field day early in October, with which will be combined the annual tea and sale. Mr. Hill, the new singing master, was present, and favored with a couple of solos, which were very much enjoyed.

**Mrs. H. E. Day gave a comprehensive and interesting report of the second annual convention of the Ontario Educational Association, held in Toronto last Easter, and Mr. Ettinger, assisted by Miss Bureau, gave a lantern slide talk on the waterways of Canada.**  
After singing the National Anthem the meeting adjourned to partake of refreshments.

**The Late Miss Hannay.**  
Miss Eleanor Hannay, one of Kingston's well-known business women, passed away at her residence, 15 Division street, on Saturday after an illness extending over a period of two weeks. The deceased was a daughter of the late Captain William Hannay of this city, and was in the millinery business under the name of Hannay & Harold, Princess street, for many years. She received her early training with the late Alexander Ross. Miss Hannay retired about ten years ago. She was a Presbyterian in religion and a member of St. Andrew's church. Surviving are three brothers, George and William, Kingston, Thomas, Watertown, N.Y., and one nephew, Prof. Alexander Harris, Hobart College, Geneva, N.Y.

The funeral took place from 15 Division street to Cataragui cemetery on Monday afternoon, Rev. J. W. Stephen officiating. The casket was banked with beautiful floral tributes, testifying to the affectionate regard in which the deceased was held by numerous relatives and friends. The pall bearers were her three brothers and nephew.

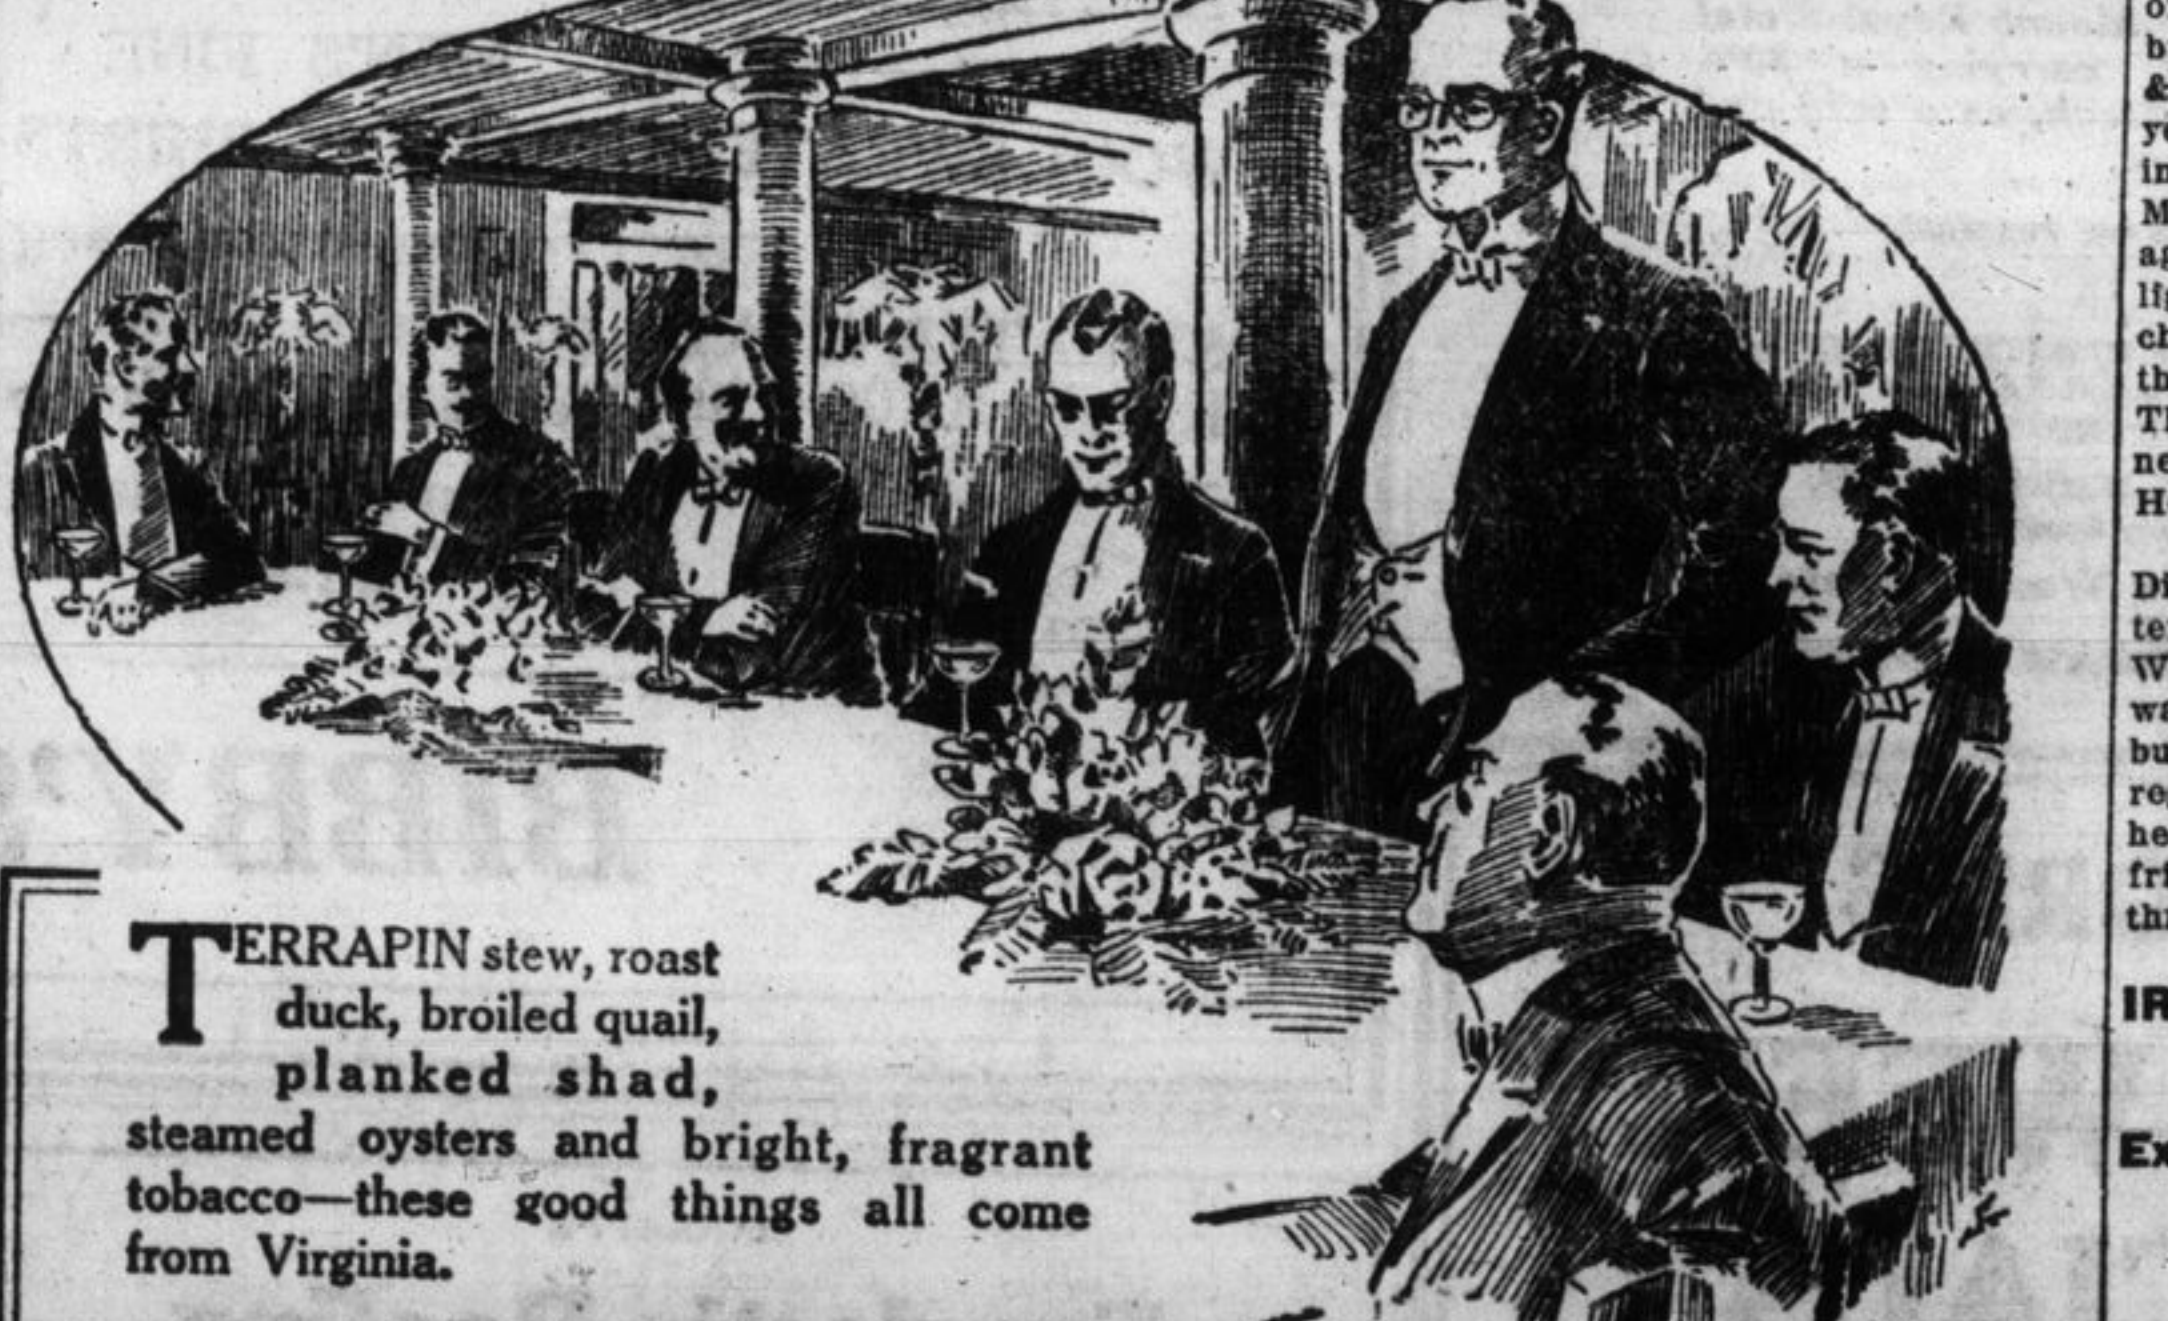

**Cleans and Whitens.**

**IRISH BOMB PLANT IN HEART OF LONDON**

**Explosion Led to Discovery of Fifteen Hundred Death Machines.**

London, Sept. 20.—Through a coroner's inquest into the death of a young Irishman, Michael McInerney, as a result of an explosion in a garage here on July 28th, it developed that the police found a well stocked incendiary bomb factory in the garage where the explosion occurred. The coroner's jury found that death resulted from burns received while McInerney was engaged in the manufacture of incendiary bombs.

Police officers testified that fifteen hundred bombs, two revolvers, part of a machine gun and bomb-making materials and tools were found on the premises. They asserted a note also was found, containing advice on the manufacture of "clock apparatus." The police withheld the nature of their discoveries at the time of the explosion.

Hon. T. D. Pattullo, minister of lands in the British Columbia cabinet, says that British interests are developing power on Campbell river, Vancouver Island.

Clayton advertising is profitable and the paper offers better-than-the-average opportunities.

London mayors leave for Gairloch to see Lloyd George.
