WHAT CAUSES HEADACHES?

"Fruit-a-lives" Prevents Auto-Intoxication
 Auto-intoxication means self-poisoning. Many people suffer from partial constipation or insufficient action of the bowels. Waste matter which should pass out of the body every day, remains and poisons the blood. As a result, there is Headache, Indigestion, disturbed Stomach, Pain in the Back, Rheumatism and Eczema and other skin diseases.
 "Fruit-a-lives" will always relieve Auto-intoxication as these tablets, made from fruit juices, act gently on the bowels, kidneys and skin and keep the blood pure and rich.
 50c a box, 6 for \$2.50, trial size 25c. At dealers or sent postpaid by Fruit-a-lives Limited, Ottawa.

Dear Maria,
 I'm worried!
 Really I am. It may sound funny—but it's true! I don't see why I can't do some thing useful in this world.
 Maria, you've simply got to come and visit me—even if you are an old married woman! I'll fix you up with some of my Campana's Italian Balm till you'll think you've walked sixteen again! And then we can trip around till you're sending a telegram for you!!
 Campana's really will smooth your "puzzled brow" and make your face and hands real white and smooth—oh yes, you'd better come and let me show you. As ever,
 Peggy.

May Be A Candidate.
 Dr. M. J. Maloney, Eganville, may run as an independent supporter of the Meighen government in South Renfrew.

Strawberries Ripe!
 N. Peterson, Belleville, has fine strawberries in his garden at this late season. The plants are quite laden with the fruit.

Building on the Q's.
 Alert men and women know that quantity must go hand in hand with quality. We are building our classified columns on the Q's.

Mike Rodden as Coach.
 Mike Rodden, a former Queen's student, will this year coach the Parkdale senior rugby squad. Last year he coached the Argonauts of Toronto.

Change in Agents.
 George J. Valin, C.T.R. and C.N.R. agent at Pembroke since a year ago, February, is soon to leave. He is succeeded by J. W. Ritchie, agent at Gagetown for the past twenty-five years.

Remarkable Growths.
 William Ennis, Perth Road, has a tomato grown from his own crop that measures seven inches across the top and eighteen inches in circumference, and also an ear of corn fifteen inches long.

Engagement Announced
 Mr. and Mrs. George H. Howard, Elgin, announce the engagement of their daughter, Enid Alberta, to Cecil F. Myers, son of Mr. and Mrs. John A. Myers, Portland, the marriage to take place early in October.

Our Back to School Sale.
 We offer parents a good opportunity to outfit their boys right and save money. Good Suits for \$7.00. Fancy Tweeds in Greys and Brown. Sizes 26 to 35, worth \$12. Prevost Clothing, Brock street.

Catching Maskinonge.
 Mrs. Mann left Thursday for New York after spending several weeks in Clayton, N.Y. This is the thirtieth year that Mrs. Mann has been on the river and during that time has landed eighty maskinonge.

To Curb Speeding.
 The department of Highways is evidently determined to curb speeding and other traffic violations on the Prince of Wales Highway between Brockville, Prescott and Ottawa. It is announced that T. K. Chapel, Kempville, has been appointed a traffic officer on the highway.

Gananoque High School.
 The two vacancies caused by the resignation of Miss Fleming and Miss Gillespie from the high school staff have been filled, and in the persons of Miss Elizabeth Chown, B.A., and Miss Rachel L. E. Wood, B.A., it has two teachers exceptionally well qualified to co-operate with Principal Smith and Mr. Lewis in handling the largest enrollment of students in the history of the Gananoque High School.

There was a school fair at Joyceville that afternoon, and had word been received, thirty automobiles were there to join in the chase. But the bandits passed along the Joyceville road in perfect security during the afternoon.

Get Term in Reformatory.
 Isaac Sellyeh, a young man, formerly of Belleville, was sentenced by Judge Deroche to a term of three months in the Ontario reformatory for theft of a motor, the property of Phillip Sauva, and an indeterminate period thereafter not to exceed two years less one day in all. He was convicted of other crimes.

Made Presentation.
 W. J. Wells, recently retired from the post office staff, was informally presented by the staff with a tambour model cathedral-gong and mahogany clock. The gift was suitably engraved, and was accompanied by an address expressing the best wishes of the staff. Mr. Wells was on the post office staff for thirty-three years.

Injured in Runaway.
 Wellington, Ont., Sept. 21.—A serious accident occurred to George Smith, Jr., Hillier, as he was delivering empty cans at Mordern's factory here. Some cases fell off the wagon and frightened his horses, which bolted up the railway tracks. Smith was thrown from the wagon and one wheel went over his body, breaking three ribs, bruising his back and almost tearing off his left ear.

Had a Bad Fall.
 John Chant, Harlem, was compelled to jump from the top of an iron silo "ladder" twenty-nine feet high when the part to which the carrier rope was attached gave way, letting the carrier which he was guiding in to the silage opening fall to the ground. Mr. Chant escaped with a broken elbow and a very bad shaking up, but he is walking around again.

Marshall Cole Dead.
 A telegram received in Belleville announced the death at Adrian, Mich., of Marshall Cole. Deceased was sixty-eight years of age and was born in Tyendinaga township, being a son of the late Daniel Cole. A widower, one son, Herman, and one daughter, Miss Lillian, survive. C. R. Cole, connected with the Belleville intelligence office is a brother of deceased, also George Cole, Canifton.

Delighted to Meet Them.
 Mr. and Mrs. R. F. Greenlees, Kingston, are in town for a few days. It is some time since they have been here and their many friends are delighted to meet them again. For the benefit of new residents it may be said that Mr. Greenlees was principal of the Model School here for a number of years, leaving for a wider sphere of usefulness in the city—Picton Gazette.

Criticism Resented.
 The farmers of Pittsburg, who have been charged with failure to detect the bandits in the car stolen from R. S. Waldron, place the blame for this upon the police. One prominent farmer stated to the Whig Tuesday that no word was received in his section of the shooting of Policeman Coster on the afternoon it occurred, but had a description of the car and the bandits been telephoned along the Joyceville road they might have been apprehended.

Is No Fiction.
 Classified advertisements contain no fiction—they are filled from the first word to the last with facts—grand, glorious facts.

Is Now in Russia.
 Col. H. J. Mackie, M.P., Pembroke, is in Russia with the intention of concluding a contract with the soviet government regarding delivery of Canadian grain. His trip will be full of interest and he will no doubt have many experiences worth recounting. A message received a couple of days ago stated that he expected to reach Pembroke about Oct. 16th.

Assisted the Shipman.
 Walter Benedict, Alexandria Bay, N.Y., is being held at Clayton, N.Y., for the grand jury on a charge of assisting in the escape of Duane Shipman and Thomas A. Shipman from the lock-up at the place early this week. Benedict admits having purchased back saw blades which, he claims, were given to the Shipmans by another man.

Warburton For Florida.
 W. H. Warburton, proprietor of the Thousand Island and Crossman hostels at Alexandria Bay, N.Y., is enroute to New York. Mr. Warburton stated before leaving that the season at the two hotels had been above the average. The Thousand Island House closed ten days ago and the Crossman on Monday. Mr. Warburton will leave New York for Barrow, Fla., where he conducts The Oaks, one of the leading and fashionable hotels of the south.

To Make Improvements.
 It is said extensive improvements will be made to the Westminster hotel, at Westminster Park, N.Y. It is the plan to raise the roof of the hotel, making it five stories instead of four and increasing the present capacity of 300 to 400. Extra bath rooms will be installed. Extensive improvements will also be made to the grounds which will be enlarged. These grounds adjoin the country club golf course.

Looks Like War Zone.
 The south part of Queen's now has more the appearance of the trenches in France than a university campus. The tunnels for the new heating system are beginning to take form and some new ones are being dug to take in the buildings. The main tunnel will run to the present plant and the heat will be distributed through the present tunnels to the main buildings. The concrete forms are now being filled in.

Aged Man Undergoes Operation
 John Maguire, an aged resident of Jones' Falls, was last week forced to go through an ordeal which would tax the strength and will power of many much younger persons. Mr. Maguire, who is eighty-one years of age, was brought to the Kingston General hospital for a serious operation and on account of his age and condition of his health, it was thought advisable not to administer the usual general anaesthetic. With only a local anaesthetic being used, the aged man bore up under the operation wonderfully well and is now getting along nicely, and will be discharged from the hospital this week. Mr. Maguire has for a number of years been a reader of the Whig.

Instances such as these are not infrequent at the local hospitals when patients on account of their age are compelled to go through this ordeal. Last week a resident of Sydenham, who is eighty-four years old was, like Mr. Maguire, compelled to undergo a very serious operation under similar conditions, and in less than a week's time he was discharged from the hospital feeling quite fit.

AN INDEPENDENT VIEW

A Citizen Suggests John M. Campbell as Kingston's Member.
 While various men have been proposed for federal candidates in Kingston and one has already been selected by the Labor party, the independents have been heard from. Here is the view of an independent expressed to the Whig:
 "The next five years will be the most important and vital to Kingston. In all probability a new government will be elected for five years and during this time the Welland canal will be deepened. Will Kingston have the harbor improvements to make it the deep water terminal? What are the natural terminus on account of our location, a very important part in obtaining the improvement will depend upon the ability and energies of the member who represents us.
 "In regard to this there is one, conspicuous on account of his ability, knowledge of the subject and energy. This is John M. Campbell. No one has the subject so well in hand. No one has even as much vision as to what it means for Kingston. This is the most important but there are many others, and Mr. Campbell would give them all the consideration which they need and make an ideal representative. All parties should have sufficient civic patriotism to get together and try and enlist his services at this particular and very important time. If this idea matures, it is to be hoped that Mr. Campbell will consider it a further duty to perform and accept. We know it will mean a big sacrifice of time, but he will be repaid with the thanks of the people of this district for a work which would be well done."
