**TOO ILL TO GO TO SCHOOL**

Mother Tells how Daughter was Made Well by Lydia E. Pinkham's Vegetable Compound

Cobourg, Ont.—"Lydia E. Pinkham's Vegetable Compound was recommended to me for my daughter. She had trouble every month which left her in a weak and nervous condition with weak back and pain in her right side. She has these troubles for three years and frequently was unable to attend school. She has become regular and feels much better since she began taking the Vegetable Compound and attends school regularly. She is gaining steadily and I have no hesitancy in recommending Lydia E. Pinkham's Vegetable Compound and Lydia E. Pinkham's Blood Medicine."—Mrs. JOHN TOMS, Ball St., Cobourg, Ont.  
 Standing all day, or sitting in cramped positions, young girls contract deranged conditions, and develop headaches, backache, irregularities, nervousness and bearing-down pains, all of which are symptoms of woman's ills. Every mother who has a daughter suffering from such symptoms should give Lydia E. Pinkham's Vegetable Compound a fair trial.

**Cheesemakers Favor Babcock Test.**  
 A prominent cheese maker, in discussing the action of the Frontenac cheese board in protesting against the enforcement of the Dairy Standards Act, states that there is nothing in the Babcock test that is injurious to the interests of dairy industry. He points out that the application of the act will in the first instance benefit the owners of superior herds, who will receive pay according to the butter fat contents. While the owners of inferior cattle will be at a disadvantage, they will be obliged to grade up their cattle, and the result is sure to be a higher standard of cattle all around, and consequently better milk and more butter and cheese. Sometimes I almost believe that there are more fault hunters than there are virtue seekers. When old age gets peevish, take a moment and reflect how you would act under like circumstances.

One of the principal points to your business is to see that good principles has a show at all times. Not a few people seem to think they are doing things when they are only talking about them.

**SMILES**

Unquestionable Veracity.

HAD AN ATTACHMENT FOR HIM  
 "That man seems to have an attachment for Jones—calls at his house every day."  
 "So he has—he's the sheriff, you know."

THE LATEST MODEL

 Mrs. Proudmother: Don't do it. We're going to give him a fivver perambulator.

IMPOSSIBLE

**PHONE COMPANY**  
 Why Night Calls are Popular  
 "HOW good it would sound to hear Mother's voice to-night!" he thought—for there were times when he was lonely—mightily lonely in the big city. "If it didn't cost so much I could call her up. Perhaps it doesn't cost as much as I think."  
 "Long Distance, what will it cost to speak to Number 624 Springville?" he asked.  
 "The day rate for a station-to-station call is 90 cents, but as it is now ten o'clock you can talk for 45 cents. After twelve o'clock the rate is only 25 cents."  
 "Great!" said John. "Get me No. 624 Springville." Soon the welcome voice was telling him the things he wanted to hear, and before they finished talking a midnight talk for every Wednesday was arranged. Did Mother grudge the little sleep she lost, when Wednesday night came round?  
 Evening and Night Long Distance rates on Station-to-Station calls are a precious boon to thousands seeking an inexpensive and intimate means of promptly reaching dear ones far away. Many travellers arrange to call their homes at stated hours.  
 And business executives now call their partners, their customers, their salesmen, their superintendents or foremen, at their homes—often by arrangement—profiting by the very low night rates on Long Distance, Station-to-Station calls.
