Painful Diarrhoea. CRAMPS IN STOMACH

Mr. Fred Funston, Crak, Sask., writes:—"A year ago last harvest I was taken with a sudden attack of diarrhoea which completely laid me out, and in a few hours I had to quit work. The cramps in my stomach were dreadful, the beads of perspiration would stand out on my face at times I was in such great distress. At last I got a chance to send to town for a couple bottles of Dr. Fowler's Extract of Wild Strawberry. I used it according to the way I felt and soon obtained a great change for the better, for which I was very thankful. I don't know what the cause of my sickness was except the extremely hot weather and the active work of stooking the wheat.
 "Several of my neighbors were taken the same as myself and had the doctor attend them, but they didn't get relief until I advised them to use 'Dr. Fowler's', when they soon experienced a great change."
 Dr. Fowler's Extract of Wild Strawberry has been on the market for the past 76 years and many cheap imitations are being offered to the public.
 Be sure and get the genuine put up only by The T. Milburn Co., Limited, Toronto, Ont. Price, 50c. a bottle.

For Dandruff

The very best remover of dandruff is Kotalite. When the dandruff is gone, it does not return. The scalp and hair are completely freed from those troublesome flecks. Kotalite also stops hair from falling out and induces new growth. At all drug stores. Or send 10 cents (silver or stamps) for proof box of Kotalite to KOTAL COMPANY, LIMITED, 344-K Adelaide St. W., Toronto.

Women Continually Overdo.

This applies to all women, regardless of caste or color. The ambitious girl striving for school honors, the over-worked housewife, the shop girl, girls in offices and stores, and the society woman, all climb too high, overtax their strength, and what follows? Nervous prostration, sleeplessness, backache, headaches, and the inevitable weakness and ailments peculiar to their sex soon develop, which unless checked bring on more serious conditions, and which often lead to operations. An efficient restorative for such ailments is Lydia E. Pinkham's Vegetable Compound, which is now recognized from coast to coast as a standard remedy for woman's ills.

Auto Still Missing.
 The automobile belonging to Robert Lindsay, Sydenham, which was stolen from the parking area on Sydenham street, on the night Constable Cotter was shot, is still missing. It is a Ford car, and although the district has been notified, and a circular issued, giving the number of the car and a description of it, up to the present, no trace has been found of it.

Rain Benefits Crops.
 As illustrating what a big chance the rains of the past few weeks have made in the potato crop, it is said that an auction sale took place on a farm a few miles from Smith's Falls, potatoes being sold for the ground at \$70 per acre. Before the coming of the latter rains it would have been impossible to get a bid. The rain came too late to benefit the hay crop, and at the same sale hay sold in the mows at \$35 per ton.

May Be Postmaster.
 To fill the vacancy of postmaster at Clayton, N.Y., caused by the death of William L. Delaney, the Republican committeemen of Clayton have recommended Melvin H. Marble. He is about forty-five years of age and has always taken an active interest in the Republican party at Clayton. He has been committeeman from Clayton on the county committee. The appointment of Mr. Marble will cause much satisfaction in Clayton. At present Mr. Marble is in the insurance business.

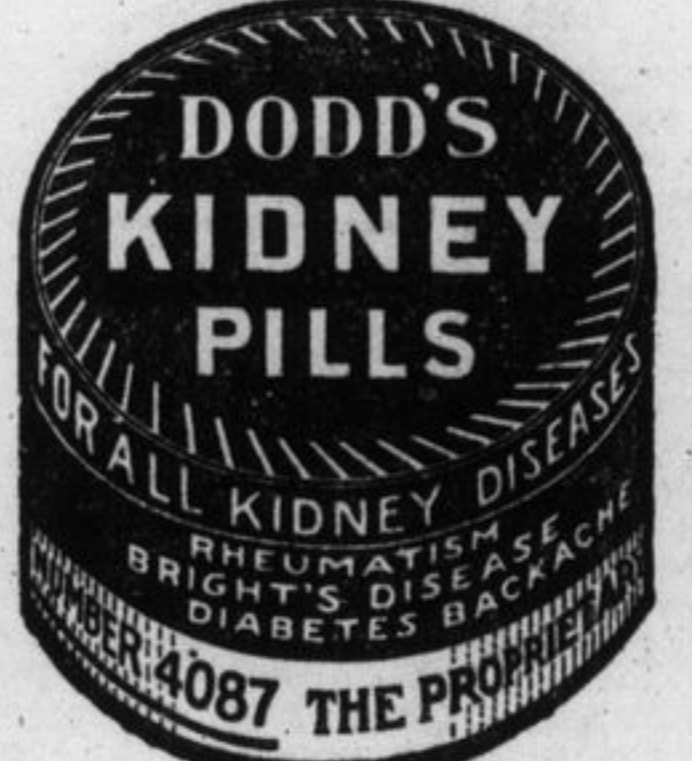

Horse Hit by Auto.
 A young Kingston man, whose name could not be ascertained, reported to the police on Wednesday that while he was driving to Kingston from Napanee, in an auto truck, he hit a horse which had wandered on to the roadway, about a mile out of Napanee. The animal's legs were broken, he said, and it had to be shot. The name of the man who owned the horse was not known. The driver of the truck stated that the

horse was wandering on the highway, and that he could not prevent the accident.

Ham at Queen's.
 There is a hum of life and activity around the halls of old Queen's again after the long quiet spell of the summer. Students of all kinds throng the walks and the halls of the buildings, tall and short, thin and fat, old and young, freshmen and veterans. The freshmen are easily picked out. Some of them go along trying to look wise, seeking to convey the impression that they have been to Queen's before. Others cheerfully size up the situation and wander from one place to another cheerfully, seeming to say, "We don't know where we're going but we're on our way."

Scottish Social Gathering.
 Sir William Wallace Camp, Sons of Scotland, held an enjoyable social gathering for their friends, in the Orange hall on Tuesday night. There were sixty-five couples present. Progressive euchre was played until 10.30, after which refreshments were served by the ladies and dancing continued until 1 a.m. Pipers Fraser and Sergt-Major Logan played for the Scotch dances, which are becoming very popular in Kingston, and Sid Salisbury's orchestra furnished the music for the Canadian dances. George B. Scott acted as convener. The committee in charge deserve special mention for the splendid manner in which the details were carried out.

Landlady's "Der Tag."
 Wednesday was "Der Tag" for all the landladies of Kingston and all those residents having one or more rooms to rent, it being the opening day at Queen's and marking the influx of hundreds of students to the city. Judging from the many smiling faces noticed among the above-mentioned parties, it is assumed that

the rooms are being taken very fast, thus forming a ready source of money for the owners. It is rumored that one landlady had paid for three houses out of the money made from room rent. However, this is a fair, no complaints having been heard from any students, and it only goes to show what the university means to the city from one aspect only.

Accident Notice.
 The attention of those who use motor vehicles on the highway should be called to an amendment of the statute law which affects their rights. At last session of the legislature, the municipal act was amended to provide that no action should lie against a county or township municipality for damages resulting from non-repair of the highway unless notice in writing of the claim and injury complained of is served or sent by registered post to the head or clerk of the municipality within ten days after the happening of the injury. Where the accident happens within a city, town or village a similar notice must be given within seven days.

Letters Should Be Signed.
 From time to time the Whig is in receipt of letters to the editor signed by non de plumes. Now that an election campaign is approaching the number of these letters is rapidly increasing. We have to point out to our friends that letters to the editor are published only over the actual name of the writer. This policy was adopted by the Whig many years ago, and it proved so satisfactory from the start that no deviation has ever been made from it. Correspondents, therefore, who send in letters without their name being signed to same will understand why publication is withheld.
 We will gladly print letters discussing any question from any angle, so long as such letters are not libelous, if the writer will but sign his correct name to same.

Purser-Student Resumes Studies.
 Among Wednesday's arrivals to register at Queen's University was Arthur Wartman, who has been assistant purser on the steamer Toronto during the summer season. After the Toronto was sent to the Collingwood Shipbuilding Company's drydock for rebuilding, the Canada Steamship Lines, Ltd., sent several of the crew on a bonus trip to Montreal and up the Saguenay river to Chicoutimi. Mr. Wartman was one of these lucky ones, and returned to the city Wednesday morning. He announced that they all enjoyed their trip to the limit, especially the wonderful scenery of the Saguenay, also stopping over at Quebec City for two days; and appreciates the action of the company very much. Mr. Wartman will enter his third year at Queen's in Arts, and later intends studying law at Osgoode hall, Toronto.

Division Court Tariff.
 The new tariff authorized for division courts is published in the Ontario Gazette. It will mean an increase in fees amounting to about thirty per cent over the tariff now in force. Very few changes are made in the tariff except that provision is made for higher fees on cases in excess of \$100. Until quite recently the division court jurisdiction included actions involving sums up to \$200. The jurisdiction has been increased, and now claims involving sums of \$400 may be sued in the division court. The new tariff provides for larger fees on actions over \$200 than on those under this sum. A number of minor changes have been made in the tariff under the old jurisdiction, but they will make only a very slight difference in the cost of litigation.

Epidemic of Bobbed Hair And Rolled-Down Stockings
 New York, Sept. 28.—Evidence that bobbed hair and rolled down stockings were reaching the epidemic stage was seen to-day with the opening of several more exclusive New York schools for girls. Statisticians estimated that in one fashionable Brooklyn school the longes were tied with the shorts and the rolled-downs with the rolled-ups.
 While not daring actually to dock their locks a la Greenwich village, several young teachers were found simulating the fashion of New York's Latin quarter by putting the hair over the ears and rolling it under all around the head.

Arbuckle Must Answer Before Higher Court
 San Francisco, Sept. 28.—Roscoe (Fatty) Arbuckle, accused of the murder of Miss Virginia Rappé, Chicago movie actress, will probably be held to the higher court.
 Judge Sylvain Lazarus, of the women's court, before whom the preliminary hearing on the murder charge has been conducted, made this admission last evening after the state had announced that it had made out a case, and the defense startled and unprepared had asked for an adjournment. The court denied a motion to dismiss the charge.
