Gen. A. Macdonell Suffers Fracture of Shoulder Blade

Major-General Sir Archibald Macdonell, commander of the R.M.C., is in the General Hospital suffering with a broken shoulder blade as result of a fall from his horse, which became frightened during the storm. The general was riding above Barriefield hill when the storm broke, and his horse, which was very high-spirited, became crazed in the fury of the storm and became unmanageable. It slipped on the wet road and fell heavily, pinning the general underneath. Fortunately help was nearby, and he was rushed to the General Hospital where Dr. R. J. Gardner is in attendance.

FINED FOR HAVING OPIUM

For having opium on his premises, Poy Lee, a Chinaman, was fined \$200 and costs by Magistrate Farrel in the police court on Friday morning. It will be recalled that recently the police raided Lee's place and found a quantity of opium there and he found some on the premises of another Celestial, who paid a fine a week or two ago.

Patrick Dee pleaded guilty to stealing a 25-pound box of sugar from William Peters' wholesale, and was sentenced to three months in jail. Dee was engaged by Mr. Peters unloading cars. He was placed under arrest on Thursday night. The box of sugar was recovered and produced in court.

A young girl who came in from the country on Saturday last was found wandering the street Friday morning about two o'clock by a constable. She had no place to stay for the night and she was given shelter at the police station. The police matron, Mrs. Good-hew, will see that the girl takes a train for her home during the day.

Edward Little was charged with assaulting and ill-treating Reginald Watts, keeper of the Richardson bathing house, but after the evidence had been taken in the case, the charge was dismissed.

THE CABINET IS DECIDING UPON DATE OF ELECTIONS

Ottawa, Sept. 30.—Prime Minister is back in Ottawa and he presides at the Cabinet meeting to-day at which it is stated the date of the election will be decided. It is not thought likely that the election will be held before the second week in December. A draft of a manifesto has been prepared, and the manifesto itself will probably be issued during the week-end. The Premier goes to Montreal to-night.

Royalty in Plays Wrong, So He Would Fine 'Em

Washington, Sept. 30.—Anyone impersonating a king or queen in a play, pageant or carnival would be liable to a fine of not less than \$10,000 and imprisonment from ten to twenty years under a bill introduced by Representative Herrick, Republican, Oklahoma. Similar penalties are proposed for producers who engage some one to act a king or queen. In Representative Herrick's opinion those who would disregard his bill, if it were enacted into law, would be "guilty of fostering and promoting ideas treasonable to and in contravention of the principles upon which the government of the United States is founded and maintained."
