Resolutions of Sympathy. The diocesan board of the Woman's Auxiliary met in St. George's hall on Monday afternoon, with a good representation of officers, and the president, Mrs. Havelock Price, in the chair. Arrangements were made for a deanery meeting of the W.A. at the same time as the clergy of the deanery of Frontenac meets, St. Andrew's day, Nov. 30th. Resolutions of sympathy were passed to Mrs. Andrew MacLean, Leaflet editor, upon the sad death of her young son, Donald Mac-Lean, and to Mrs. J. W. Jones, second vice-president, who is an aunt of the little lad. A full representation of officers and delegates will attend the triennial meetings of the dominion board of the W.A. in Montreal, on Oct. 25th, 26th and 27th.

HAS A HEARTENING TALE

Of the Great Work of the Methodist Women's Missionary Society of Canada.

Mrs. H. A. Lavell, who has been re-elected Dominion President of the Woman's Missionary Board of the Canadian Methodist ehurch, has returned from Toronto with a heartening tale to tell of the year's work in that great organization. A few of the outstanding facts are, that the higher education of women in the countries of Japan and China is the question today in the foreign field. The Women's Christian College in Japan, which five missionary boards unite in supporting is doing splendid work. The W.M.S. is the only Canadian board united in this work and gave this year \$15,000, with an additional \$2,100 for current expenses. China is crying out for a similar institution, and the board voted \$1,500 for the initial expense of land to

build a college. The inter-denominational work was another encouraging feature of the big meeting, as the result of a conference held in Toronto in January, addressed by Canon Gould, General Secretary of the Missionary society of the Church of England, Dr. Oldham, and other leading speakers, at which representatives, including Mrs. Lavell, of the Presbyterian, Anglican, Methodist, Baptist and Congregational churches, were present. it was decided to have a school for missions in Toronto for the training of missionaries, where those home on furlough can receive special instruction from special lectures from the various theological colleges in To-

HOROSCOPE By Genevieve Kemble

WEDNESDAY, OCT. 5. This day is as generally fortunate, according to the astral science. There are auguries for success and advancement, particularly in matters long at a standstill or stubbornly resisting attempts at progress. There should be gain, growth and prosperity along all lines, with increase of business and credit. It may not be advisable to make important changes, however, or to move or to travel Publishings and writings should Those whose birthday it is may

look forward to a year of prosperity and growth, but may well not attempt to make important changes or to travel, save under the most impressive circumstances. A child born on this day will be clever, or iginal and talented, but may be restless and fond of change.

What the Editor Hears

That much attention will be paid to the head dress that will enhance the effect of the charming evening gowns to be worn this winter. Jewels, feathers, bandeaux of flowers, all that is barbaric or oriental will be the vogue in New York,

Sashes will be tied behind, and for evening frocks lined with color or silver cloth, and falling below the hem, in some cases wide at the ends to form a train.

Sight That Could Not Fail to be Comforting.

Mrs. Thomas Brown, Dunedin, New Zealand, just now in Toronto. has recently come from the battle fields of France. Speaking of the cemeteries of the men who had given their lives for the Empire, she said, they were very beautiful, a sight that could not fail to be a comfort to the mothers of the men whose last resting place it was, with the stone of rememberance and the cross of sacrifice guarding the rows of graves. "Some of the cemeteries are not yet completed, but those which are in order are very beautiful, lovely flow-St. Quentin."

Children Cry for Fletcher's

CASTORI

Fletcher's Castoria is strictly a remedy for Infants and Childrens Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aide the assimilation of Food; giving healthy and natural sleep.
