"The Lion and The Mouse." To-night, Friday and Saturday the Rex Stock Company returns to Kingston with a play which should win new friends as well as laurels for the entire cast.

Can you imagine a crook refunding money to a cab driver for undercharging—refusing to take too much cash for the sale of his umbrella, and restoring five hundred dollars to a stolen pocketbook, that he knew nothing about?

Nothing was too high that wouldn't engage the curious attention of Tom Moore as "Fancy Charlie," in "Beating the Game," in his newest Goldwyn production he starts his career as an expert safe cracker, and aspires to be the biggest man in his line, but strange events cause him to take the straight road and in one year he becomes known as "Honest Tom Smith," and Mayor of a hick town.

Do You Look Forward To a Good Night's Rest?

Do you regularly anticipate a refreshing sleep? Or do you dread going to bed, only to stare, sleepless, at the walls? The difference between sleeping and staring is simply a matter of nerves.

When your nervous system is in a sound condition, you are certain to sleep well. But when your nerves are worn out and beyond your control, your rest is broken and your awakening leaves you languid and irritable.

Doctors know that much of the nerve disorders result from tea and coffee drinking. The drugs in these drinks over-stimulate, often causing the serious illness which result from disturbing the regular bodily functions.

Postum for Health "There's a Reason"

tea and coffee. Drink Postum, the delicious meal-time beverage instead! In flavor it is rich and satisfying.

Postum is fundamentally a nerve strengthener because it lets you get sound, restful sleep. Postum is a skillfully-made cereal beverage, and the secret of its popularity is its protection to health and its delicious flavor.

Ask your grocer for Postum. Drink this hot, refreshing beverage in place of tea or coffee for 10 days and see what a wonderful difference it will make in the way you feel.

Postum comes in two forms: Instant Postum (in tin) made instantly in the cup by the addition of boiling water. Postum Cereal (in packages of larger bulk, for those who prefer to make the drink while the meal is being prepared) made by boiling for 20 minutes.

SPORTING NEWS

Parkdale vs. Queen's. Toronto Star: Saturday at Kingston, Mike Rodden's Parkdale seniors, leaders of the senior O.R.F.U. race, will have a chance to try their mettle against Queen's, leaders of the College Union.

Must be in Top Form. The Toronto Star says: Last week there was a story from Kingston that practically the whole Queen's backfield were in the hospital.

Athletic Club Elects Officers. The annual meeting of the Tweed Athletic Club was held on Friday evening last. Officers were elected as follows: Hon. Pres.—J. D. Taylor. President—Dr. Kindred.

RUGBY AT R.M.C.

The R.M.C. cadets road with interest a statement in the Whig that "there is nothing to keep the Intermediate Rugby Championship from Queen's University."

Whist practising yesterday, the cadets' star half-back, Macpherson, received a gash in the chin, necessitating his removal to hospital. It is expected that under the careful treatment of the college medical officer, he will be back in the game within two or three days.

It is doubtful whether Evans, the first half-back used last year, will be able to play next Wednesday. He received an injury to his shoulder early in the season and has only been practising for a few days.

Some of the recruits are showing up pretty well, chiefly on the outside wings. Hughes, who last year was captain of the Lower Canada College team, is playing his usual good game at every practice.

Judging from their game with Queen's seniors, the cadets play best in a losing fight, with their backs against the wall, so to speak, and there is no doubt that their games will be contested every inch of the way.

Queen's rugby squads worked out yesterday afternoon in spite of the cold rain and the sloppy condition of the field.

Lewis, a second squad man, showed up particularly well with a great propensity for line plunging and a deadly tackle.

"Pep" Leadley appeared with a patched up pair of rugby shorts but after the first run he made they divided, and resembled a kilt more than anything.

Forrest, of last year's second team, worked on the senior squad and showed up well.

Cruse, McKay, Lewis, Abernethy, Jerow, Bleakney and Heisman will make some of the first team tacklers work hard to hold their positions.

"Hal" Bleakney was out for the first time this year last evening. His running and tackling last year attracted much attention.

Reynolds, who played defence on the junior hockey team last winter, is proving effective on the line, and Stewart is another of the stalwarts.

"Jim" Gow and "Dan" Nickle worked together on the back division of the second team last evening, both doing good work. Nickle is one of

the best catches on the squad, junior or senior.

The second team kicked their way down the field to the 15 yard line of the seniors and then Nickle dropped one over neatly, chalking up an easy three points against the astonished seniors.

"Warm-up with Parkdale and then on to McGill," is the slogan.

"The Varsity," official organ and newspaper of the University of Toronto, gives a complete and very fair account of the game here last Saturday which is a tribute to the good sportsmanship prevailing in intercollegiate circles.

No person is more highly pleased with the showing of Queen's rugby team than Professor Lindsay Malcolm, who, after all, laid the first foundations for Queen's house of athletic achievement.

Consolidated Schools Scope. Wellington, Oct. 13.—The plans for the new Consolidated School which is to be erected here have been finally approved by the Consolidated School Board, and specifications are now being drawn.

On the other floors there will be rooms for manual training, gymnasium, laboratory, domestic science room, library and other features, besides the usual class rooms, and two class rooms for high school work.

The first of the university's programmes of public lectures will be given by Sir Bertram Windle, professor of biology, at St. Michael's College, Toronto, on Monday evening in Convocation hall.

EAT LESS AND TAKE SALTS FOR KIDNEYS

Take a Glass of Salts If Your Back Hurts or Bladder Bothers.

The American men and women must guard constantly against kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine.

Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing at any time.

Predestined to Succeed

Nearly one million people live in Montreal and suburbs. More travellers and tourists pass through, and stay there, in one month, than stay in any other Canadian city in six months.

Yet there are less fireproof hotel bedrooms in Montreal than in one hotel—The Biltmore—New York. Less than one thousand, in fact, whereas Cleveland has 5,000, Buffalo 2,000, although neither Buffalo nor Cleveland are ocean ports or railroad terminals.

For these reasons "The Mount Royal" Hotel is predestined to succeed. Traffic is already enormous—more is coming. It only remains to provide for it.

Consider, too, the Directorate. Do you think fifteen outstanding successful business men would associate themselves with an hotel enterprise doubtful of success? Certainly not!

Then, remember, that the Hotel will be operated by the United Hotels Company of America. This company has made a financial success of every hotel it has managed. It turned the King Edward Hotel, Toronto, from a losing proposition into a profitable enterprise for investors.
