"FRENCH TRAIN" THURSDAY

Representatives Who Will Be on the Train in Kingston.

"The French Train" will be in Kingston on Thursday. The representatives on board the train will include Count DeArnaud, representing the French government, J. R. Charlton, G. T. R., F. J. Hebert, C.P.R., H. Lambkin, C.N.R., A. B. Muddiman, junior trade commissioner for Canada, Senator Beaubien, president and originator of this successful venture, and to whom a lot of credit is due for the wonderful results achieved in the interchange of trade and commerce, and many others.

The train has covered approximately 7,993 miles and visited over 50 cities. It will be parked at the G.T.R. inner station and consists of eight exhibition cars, one diner, two sleeping cars, and a tourist, representing the various features of France as follows:

Coach 1, intellectual development of France; 2, industries, commerce and transportation; 3, French styles; 4, leather industries; 5, chemical goods and perfumery; 6, electrical appliances; 7, agricultural; 8, jewelry and objects of art.

The production "France" which accompanies the train, will be shown at Griffins theatre, which has been donated by James Lynch.

A special performance for the school children will take place at 4 p.m., and is a wonderful lesson in history and geography for the little ones showing them the beauties of this country, the French Soudan with its baby camels, the fishing fleet at La Rochelle and many wonderful and curious sights.

The admission to the train will be free. An admission fee will be charged at the production and the proceeds will be turned over to the French representative in charge of the presentation, who will take to the blind soldiers of the republic, as a gift from Canada.

A. B. CARSCALLEN IS LIKELY CANDIDATE

The Conservatives of Lennox and Addington Meet at Napanee.

The Conservative Association of Lennox and Addington is holding its convention in the armouries at Napanee this afternoon.

Report from Napanee at noon stated that it was expected that several names would be put in nomination but that the general impression was that A. B. Carscadden, prominent merchant at Tamworth, would be selected as the standard-bearer. Other names mentioned were J. W. Robinson, merchant, Napanee, and A. C. Tomlinson, Selby, the present member.

It is stated that W. D. Black member for the Ontario Legislature for this constituency could have the nomination, if he so desired, but that he does not want his name to go to a ballot.

Called Each Other Names.

Inverary, Oct. 26.—Hon. Dr. J. W. Edwards and Lieut-Col. Frederick Ferguson "locked horns" at a political meeting in the village Saturday evening last. The meeting, which was held in the interests of Dr. Edwards, was very largely attended. Before Dr. Edwards commenced his address, he announced that he would be quite willing to allow any person in the audience to speak. Dr. Edwards took occasion to hammer the Farmers' party and also took "swing" at the leader of the Liberal party. The statements were too strong for Col. Ferguson, so he took Dr. Edwards to task. Before the meeting was adjourned Dr. Edwards and Col. Ferguson had called each other some very uncomplimentary names.

German Marks for Coupons.

New York, Oct. 26.—A cigar store at Forty-third street and Broadway is giving fifty marks instead of the usual coupons with each box of cigars sold.

The marks are worth less than an equal number of coupons. Fifty marks were the equivalent of \$12 in 1914; now their value is about thirty cents.

Potato Prices Drop.

Toronto, Oct. 26.—Prices of potatoes in large lots are 10 cents a bag lower this week than last. Deliveries have been heavy recently, not only from Ontario points, but from Quebec and New Brunswick. Values on track Toronto, yesterday, were quoted at \$1.25 to \$1.35 for Ontario and \$1.35 to \$1.40 for New Brunswicks.

Premier's Quebec Itinerary.

Ottawa, Ont., Oct. 26.—Premier Meighen's Quebec itinerary is as follows: Nov. 4th, Montreal, afternoon and evening; Nov. 5th, Lachute, afternoon; Nov. 7th, Shawinigan Falls, afternoon, and Three Rivers, evening; Nov. 8th, Quebec City, evening; Nov. 9th, Farnham, afternoon, and Sherbrooke, evening.

For stealing a motor at Point Anne Mike McGrath was sentenced at Belleville to three years in the penitentiary. The motor was recovered in the north part of Frontenac county and the whole upper works had been changed.

James Munro, Ventnor, has undergone a very serious but successful operation at the General Hospital in Kingston. The good wishes of all go to him for a speedy recovery.

The bakers of Niagara have made a reduction of a cent a loaf in the price of bread making the price 10 cents.

LECTURE ON MUSHROOMS

By Prof. W. T. MacClement Before Naturalists' Club.

The Frontenac Naturalists' Club and a number of its city friends were addressed on Tuesday evening at a meeting of the club in the new medical building by Professor W. T. MacClement, on the subject "Edible and Poisonous Mushrooms." The lecture, which was illustrated with specimens and charts, was interesting alike to the many students who are studying the subject of botany at the university and to those who were visitors attracted by the opportunity of obtaining information on this important subject. The lecturer first of all classified the mushrooms into their classes and mentioned the fact that it is a mistake to speak of toad-stools as distinct from mushrooms. He then proceeded to illustrate the two principal poisonous types, which are known to the botanist by the name of Amanita phalloides and Amanita muscaria and go by various common names. Although these are occasionally found in this vicinity they are not of frequent occurrence.

After having familiarized his audience with the more important poisonous species, the lecturer proceeded to illustrate the edible forms with which many present were familiar.

Before the address Professor A. B. High, president of the club explained the nature of the organization, welcoming the city people who were present.

INSTITUTE OF CHEMISTRY

Meeting of Queen's Branch Held on Tuesday Afternoon.

The first meeting of the session of the Queen's branch of the Canadian Institute of Chemistry was held in Gordon Hall Tuesday afternoon. The local branch of the Institute was formed last spring. Although many of the members of the staff of the department of the chemistry at Queen's were already members of the Institute, it is understood that Queen's has the distinction of being the first university to form a student branch. The executive committee elected last spring is conducting the branch this session. The officers are as follows:—Honorary President, Prof. J. L. McKee; president, A. S. Jacques; vice-president, R. H. Manske; secretary-treasurer, W. E. Patterson; graduate representative, D. O. Notman; and undergraduate representative, Mr. McAlpine.

Several of the members of the faculty, who are also members of the Institute, addressed the students, emphasizing its distinct advantages.

The first meeting was principally for organization purposes and the next meeting in the near future will be addressed by Harold Roast, secretary-treasurer of the Canadian Institute of Chemistry.

Died At Waterloo, Ont.

Kitchener Record
The sad death took place on Saturday at the home, Allan street, Waterloo, Ont., of Mae Greenwood, beloved wife of Frank Reitzel, the deceased being in her thirtieth year. Mrs. Reitzel has been ill for some time and while her death was not unexpected it will come as a great shock to her many friends. To mourn her loss there are left the sorrowing husband and one son, Danzer, and to them deepest sympathy is extended in this their hour of sore bereavement. The deceased's father, Frank Greenwood, one brother, Thomas, and one sister, Mrs. R. White, all of Wolfe Island, also survive.

The funeral was held from her late residence on Tuesday morning to St. Louis' church for service and thence to the R.C. cemetery for interment.

Grown Under Glass.

Lettuce, young and tender, every day at Carnovsky's fruit store.

The labor party in Kingston held a meeting on Tuesday night, in connection with the campaign of Dr. Fergus J. O'Connor, when the matter of registration and matters pertaining to the election were taken up. The meeting was well-attended.

Milford Bassett, a boy of thirteen years, died at Frankford on Monday of injuries sustained on Saturday when he was struck by a motor.
